"Why Young People Do Not Smoke" Subject Of Winning Essays

Pupils of Newton Public Schools Receive Medals Awarded By Local W. C. T. U.

Robert Austin Bittenbender won the award for excellence in poster work, and Alan Roberts received honorable mention for a fine design, well executed.

The following essay, written by Gertrude M. MacLennan, 41 Richardson street, Newton, in the Bigelow Junior High School received the award of a medal from the local Union, and the Middlesex County W. C. T. U. prize of \$3.75.

WHY SENSIBLE YOUNG PEOPLE DO NOT SMOKE

Tobacco is a filthy weed. 'Twas the devil sowed the seed. It drains the pocket, scents the clothes And makes a chimney of the nose.

In my opinion this verse expresses two good reasons why young people who think, will refrain from smoking. First, tobacco is expensive. It "drains the pockets." Second, smoking is a filthy habit which is hard to stop when once started. And last and perhaps most important, smoking is injurious to the health, affecting the lungs and eventually undermining the nervous system.

For any young boy or girl tobacco soon becomes a rather expensive habit which easily absorbs his small salary. A package of cigarettes as a rule costs 15 cents. The habit of smoking grows on a person so that he can easily smoke two packages a day. That is 30 cents a day. With seven days in the week, we find it amounting to \$2.10. For a boy or girl getting a salary of 10 or 15 dollars in a week 2 dollars is a good bit to throw away on a habit which does him no good.

The last and most important reason is that tobacco is very injurious to the air passages and makes breathing difficult. Smokers are very often troubled by irritating sore throats, poor digestion, and weak and irregular action of the heart. If smoking is started early in life it is very apt to stunt growth. A habitual smoker eventually becomes very nervous and is never satisfied if he has not a package of cigarettes at his command.

The use of tobacco is not a pleasant habit. You can always discern a person who smokes, for there are certain tell-tale signs about him. A smoker rarely ever has clean, white teeth; instead his teeth are usually yellowed from smoking. His fingers usually are stained from the habitual contact with nicotine. Then, too, there is a scent of smoke which always clings to his clothes, and which his neighbors do not always enjoy. Another very unpleasant and insanitary habit which comes from smoking is spitting.

If any young person really stops to think and consider the results which smoking—perhaps a merely enjoyable time at first, but eventually an unpleasant, persistent habit will have on him in particular, he will find that it is wisest and best to avoid the habit altogether.

Rosamond Lewis, also of the Bigelow Junior High School, won honorable mention.

WIN TEMPERANCE MEDALS

The following students in the Newton Public Schools were winners in the annual essay-writing contest sponsored by the West Newton Women's Christian Temperance Union and received the medals in their respective schools for the best essays on "Temperance" submitted in the contest:

Betty Ferguson, Burr School.
Noel Allen, William School.
David Woodward, Levi F. Warren Junior High School. David's essay was especially commended by Principal Paul Scarborough of the Warren Junior High School and we are glad to print it herewith:

This essay which won the W. C. T. U. medal at Levi F. Warren Junior High School was written by David Woodward of 144 Hancock street, Auburndale. In reading it remember that the boy is talking about YOUNG people.

His statements have authoritative backing.

WHY SENSIBLE YOUNG PEOPLE DO NOT SMOKE

The question whether smoking is right or wrong is sometimes difficult to answer, but a young person in his right mind should be able to reason that smoking of an insidious drug is harmful.

A certain proof that tobacco is a poison is that the parts of the leaf not used for cigars, cigarettes, etc., are used to kill insects in greenhouses and to disinfect sheep. Also animals will not touch tobacco. Man is the only creature that smokes tobacco.

Young women did not use rouge, lipstick, or other makeup as much as they do now until cigarette smoking made them need the aid of artificials when their natural color faded. Cigarette smoking tends to make the looks sharper, the heart becomes weak, and the smoker becomes nervous.

Athletes do not smoke as they know they cannot hope to succeed by smoking. Smokers are not wanted on college teams as trainers know that the smoker is not dependable and is liable to fail at a vital moment.

Mr. Smoker cannot place his mind on things and thus is a failure at school or working on things that require close attention. He is nervous and is not up to the average mentally or physically. Although smokers do not always become criminals; most criminals are smokers. During the past six years at Harvard College no smoker has been at the head of his class. Advertising of cigarettes is misleading. Saying, "Smoke—and watch your lumbering frame reduce" is not true. Smoking does not reduce a person's weight or keep it down. In making slogans the tobacco companies have said laughable and untrue things. "Not a cough in a carload" and "Doesn't irritate the throat" are two silly slogans. "Ads" signed by people then in the "time-light" are many times untrue. The people, you must remember, receive money for signing these testimonials. One tenor signed on two testimonials and on seeing the way he describes the two brands one would wonder how he could endure both. And when it gets to where companies mail packages of cigarettes to girls on their sixteenth birthdays!!!

Why don't certain sensible young people smoke? Why? They know that smoking is habit-forming, harms a person inside and out, physically and mentally, and hurts the features. They realize and thus are ready to go forward into life, healthy and alert, without the drag of tobacco.

COMMUNITY SERVICE

Sunday, July 5th, at 8:00 o'clock, the West Newton Community Evening Service in the Lincoln Park Baptist Church will celebrate Medford-Melrose-Malden Night.

The Rev. John Shade Franklin, pastor of the Lincoln Park Baptist Church, will preach on the subject "The Sin of Being Ordinary." Among the special music will be violin numbers by Mrs. William K. Bowers. Miss Betty Brooks will play Reineck's "Response" and Whiting's "Andante" on the organ and Mrs. Florence Owen Lidas will be the soloist.

The occasion for Medford-Melrose-Malden Night is the coming of Mr. Franklin's mother, Mrs. Myrtle Beal Franklin, to visit here for the summer and his desire to introduce her to his many friends in those cities. There will be an informal reception at 7:30 with light refreshments. In the receiving line besides Mrs. Myrtle Franklin and the Rev. Mr. and Mrs. J. S. Franklin will be the presidents of the women's societies in the church, the deacons and their wives, and deaconesses. Mrs. A. G. Dimsmore is to be the chairman of the reception committee.

July 12th will be Wellesley-Walsham-Watertown night at the West Newton Community Evening Service. Watch for a great program.

Life In Newton Girl Scout Camp

Camp Mary Day Opened Last Tuesday

Camp Mary Day—From the "Log." June 30, 1931. The first encampment of the 1931 season started today. I saw all the campers arrive and heard greetings exchanged. There was a great scurrying getting cabins assigned and beds made, a la camp fashion, and after all the parents had said goodbye we all had our first swim. After a delicious supper, I partook of a few crumbs, we had our first Retreat—then Mother Carey talked to the girls about camp and how fifty of us could all live together very happily if each one would try to give the others a good time, we learned some new songs and went to bed. Reveille blew bright and early this morning but something was wrong. I couldn't think what it was for a minute and then I remembered morning "jerks," omitted this year because it isn't good for the girls to hop out of bed so suddenly and caper around. It never bothers me but they seem to lie in bed a few minutes longer and stretch and yawn. I missed seeing all the sleepy girls tumble out of bed and sleepily try to do some jerks but I find they are delighted. After raising the flag the girls trooped into breakfast and then work. Such a busy place. Then they had inspection and chose Patrol Leaders and had Court of Honor and made lots of nice plans. At Assembly the birds started on their flight and I wonder which one will fly the furthest. Scout clubs were formed after our morning lunch of crackers and milk and we are going to do a lot of nice things. All the outdoor second class work, like outdoor fire building, trailing, compass and etc., is being offered to the girls who are still Tenderfoots and for First Class they are doing Map making—learning how to measure long distances and heights of trees and the flag girls. For Merit Badges they can choose from Wild Flower Finder, Star Gazer, Tree Finder, Water Life Finder, Pioneer, Swimmer, Sailor, First Aide and Minstrel. Everyone will have a chance to pass the Craftsman Merit Badge with the help of the Craft Councilor, Elizabeth Gallagher and Mrs. Wry who comes up from Newton Highlands to help. After dinner came the first rest hour during which I enjoyed a little snooze, and then another wonderful swim which everyone enjoyed very much because of the heat. Craft, supper and "Retreat" during which I enjoyed a nice juicy bone, and then the campers divided into two teams. They call themselves the Rinkerdinks and the Short Socks. Charades, the Good-night Song, crackers and milk and Taps and I'm ready for bed. Signed, "Midnight" and written by the Woodpeckers.

The Newton Girl Scout Camp on Noneseuch Pond, Natick, opened on June 29th, with a full enrollment. The campers are: Margaret Wilson and Jean Patterson from Newton; Marjorie Ashendon, Constance Brickett from Newtonville; Elizabeth Benson, Margaret Carter, Juliette Harvey, Bertha Ogden, Lucile Clark, Muriel Scarborough, Emily Abbott, Eleanor Chase, Dorothy Hosley, Carolyn Hayden, Sally Pride and Carol Smith from West Newton; Hazel Quinlan, Marjorie and Reta Ernst, Barbara Howard, Dorothy Ekst, Muriel Brown, Virginia Brown, Edith Pratt, Lois Pope, Phyllis Sweetser, Mary Tudbury and Constance Wheeler of Newton Highlands; Helen Marie Benson of Waban and Helen and Lucie Bennett, Eva Parsons, Sally Pratt, Louisa Shepardson and Dorothy Robbins from Newton Centre.

FALLS OFF AUTOMOBILE

Julius Bianchi of Quirk court, Nonantum, fell off the running board of an automobile on Nevada street, Newtonville and badly cut his right arm. He was taken to the Newton Hospital. The car from which Biachi fell was driven by Arthur Proia of Hawthorn street, Newton.

PRESENTS DIPLOMAS

Mr. Joseph F. Lockett, Chairman of the Newton School Committee, presented the diplomas to the senior class of the Brighton High School at the annual graduation exercises last week Friday morning. Mr. Lockett is a graduate of the Brighton High with the class of 1900.

Annual Outing Of Newton Business Men

To Be Held at Lake Pearl On July 15th

The Newton Business Associates, composed of business men of Newton Corner, is planning its eighteenth annual outing. The date is Wednesday afternoon, July 15th and the place Lake Pearl, Wrentham. Having in mind the great success of last year's affair the committee has duplicated much of last year's program with added features to make this an even greater event.

Present plans call for the start of an automobile parade to leave the vicinity of Newton Corner about twelve-thirty. On arrival at Lake Pearl box luncheons will be provided. Athletic and aquatic events for which prizes will be offered by the various merchants will take up some time. Another feature of the afternoon will be a ball game with a team of married men endeavoring to show a team of single men that they have not yet begun to slip.

At the banquet which will close the day's activities, Ex-Mayor Edwin O. Childs has consented to again act as toastmaster. Mayor Sinclair Weeks and Senator Arthur Hollis are expected to be the chief speakers.

STRANGE ODOR PERVADES CITY

Last night about 11 o'clock a disagreeable, pungent odor permeated parts of this city. The writer was working in the GRAPHIC office when the odor first became evident, and he remarked to a young man who was present that "It smells as though a garbage wagon had just passed by."

Our companion also noticed the odor which became so strong as to cause a mild headache. Finally, at 11:30 the smell became so obnoxious that we departed from the office, thinking that something in the immediate vicinity was responsible for the gas. Several minutes later we arrived at our home, over a half-mile distant, to still smell the strange odor. This morning we told our experience to another member of the GRAPHIC staff who resides in another section of Newton Corner and this person also had smelled the odor.

Now, we are wondering whether some combination of wind and atmospheric conditions waited obnoxious fumes hither from the chemical plants at Everett, or was a gas attack launched on us from one of the other plants by unseen invaders?

ORGANIZE EMPLOYEES BRANCHES

A. Leslie Moriarty of West Newton, William J. Byrnes and Michael Bateman of Medford have returned from a tour of the part of the State where they spent the week-end in the interest of the Federation of State, City and Town Employees, of which Mr. Moriarty is National President, and Mr. Byrnes Secretary-Treasurer. They organized a new branch in Springfield, and attended meetings in Chicopee and Holyoke. They also visited West Springfield and Northampton.

OLD AGE ASSISTANCE STARTS

The old age assistance act became effective this week. About 50 men and women in this city have applied for the assistance. Many of these are ineligible. Some have children who can support them, others own property and others have not resided in Massachusetts for 20 years. Persons to be eligible must be over 70 years of age and have no means of support.

CITY HALL NOTES

Miss Violet Brouillette and Miss Margaret Curley of the Water Department office will spend the week-end as the guests of Miss Joan Welch at Hull.

Miss Mary Sheehan of the Water Department office will spend the holidays at Rye Beach, New Hampshire.

June Weddings In Newton Continue

Many Colorful Ceremonies of Local Interest

Miss Hope Potter, daughter of Mr. and Mrs. E. C. Potter of 962 Centre street, Newton Centre, was married to Charles J. Paine of Weston, on Wednesday evening, July 1, at "Riverlea," the summer home of her parents at Duxbury, Mass. The ceremony, which took place in the rose garden at 7 o'clock, was performed by Rev. Everett C. Herrick, D.D., of Newton Centre.

The bride was attended by her sister, Mrs. Franklin K. Hoyt of West Newton, as matron of honor, and another sister, Miss Alice G. Potter of Newton Centre, as maid of honor. The bridesmaids were Mrs. Frederick Taylor Potter of Waban, sister-in-law of the bride, Miss Katherine Nichols of Newton, Miss Leona Hartstone of Newton Centre, Miss Eleanor Alexander of Cleveland, Ohio, Miss Eleanor Cones of Brookline and Miss Mary L. Sabine of Chestnut Hill. Miss Eleanor Greene of Newton Centre was the flower girl.

The bride wore her mother's wedding gown of ivory satin with a bed of Brussels lace. A cap of rose-point and Brussels lace caught with sprays of orange blossoms held her tulle veil in place. Her bouquet was of white sweet peas and lilies of the valley. The matron of honor wore pink organdie in old-fashioned style, the maid of honor wore blue and the bridesmaids blue organdie over white tulle. All carried pink sweet peas and roses made into Colonial bouquets.

Gilbert Graves of Weston was the best man. The ushers were Frederick Taylor Potter, brother of the bride, of Waban, Frank R. Stubbs, Jr., of Rowayton, Conn., Arthur Bent of Weston and Kenneth Martin of Cambridge.

After September 1 Mr. and Mrs. Paine will be at home on Old road, Weston.

The bride attended Marot College in Thompson, Conn., after graduating from the Lee School. The groom attended Middlesex School in Concord and entered Harvard from the New Prep school in Cambridge. He gave up college because of his interest in aviation and is now connected with a concern dealing in airplanes. He is the son of Mrs. Guy W. Cox and the late Charles J. Paine.

DOWNES—QUILTY

Miss Eva M. Quilty, daughter of Mr. and Mrs. J. W. Quilty of 74 West Pine street, Auburndale, was married to Francis W. Downes of South Boston, on Monday morning, June twenty-ninth, at the Corpus Christi Church, Auburndale, at 9 o'clock. Rev. John Condon performed the ceremony. Rev. John Hart, a cousin of the bride, was present during the nuptial mass.

The bride was attended by her sister, Miss Catherine D. Quilty of Auburndale, as matron of honor, and two other sisters, Mrs. John Green of Beachmont and Miss Gertrude J. Quilty of Auburndale, as bridesmaids. Miss Barbara Greene of Beachmont and Miss Audrey Quilty of Auburndale, nieces of the bride, were the flower girls. Clinton Vose, brother-in-law of the groom, of Wrentham, Mass., was the best man. The ushers were John J. Quilty of Auburndale and Arthur E. Quilty of New Bedford, brothers of the groom, and John J. Greene, brother-in-law of the bride, of Beachmont.

The bride's gown was of ivory satin trimmed with duchess lace and her veil was of tulle with lace cap trimmed with pearls and orange blossoms. She carried a shower bouquet of bridal roses and lilies of the valley. The maid of honor wore pink tulle with blue horsehair hat and blue shoes, and the bridesmaids wore blue lace and tulle with pink horsehair hats and pink shoes. One of the flower girls wore pink tulle and tulle and the other yellow tulle and tulle.

A reception was held at the Woodland Golf Club, Auburndale, from ten until two o'clock. The couple were assisted in receiving by Mrs. J. W. Quilty and Mrs. Mary Downes, mother of the groom.

The wedding music was played by Miss Esther Costello, cousin of the bride, and Mrs. A. E. Quilty was the soloist.

After a wedding trip to New York, Washington and Baltimore, Mr. and Mrs. Downes will reside in Belmont, Mass.

PRATT—SUNLIN

Miss Ellen Grace Sunlin, daughter of Mr. and Mrs. William Sunlin of Manchester, New Hampshire, was married to Albert Russell Pratt, son of Mrs. Emma Pratt of Wilmington, Mass., on Sunday afternoon, June 28, at the home of her sister, Mrs. Harlan Meserve, 22 Milo street, West Newton, who served as matron of honor. The bridesmaid was Miss Frances Belle Thurston, and Miss Marilyn Meserve, niece of the bride, was the flower girl. Mr. Lawrence MacIver was the best man. Rev. Stanton Thurston of Wilmington performed the ceremony.

On their return from their wedding trip Mr. and Mrs. Pratt will reside in Wilmington.

Mr. Pratt is a graduate of the Wentworth Institute in Boston and is manager of the experimental department in the watch factory.

Zoning Of Crystal Lake Section Argued Before Rules Committee

Strong Protests Made To Aldermen On Change of Zoning In Newton Centre

The Claims and Rules Committee of the Newton Board of Aldermen held a hearing on Monday night on the petition of W. Frank Brown who asks that land bounded by Norwood avenue, Trowbridge street and Crystal Lake be changed from private residence zone to general residence zone. Mr. Brown was represented by James P. Gallagher who explained the location of the land in question. He told the members of the committee that his client owns a parcel of land containing about 17,000 square feet and is negotiating for the purchase of an adjoining lot containing about 9000 square feet. On this property, should the zone be changed, Mr. Brown proposes to erect an apartment building. Mr. Gallagher called upon Ralph C. Henry of Newton, who would be the architect of the proposed building.

Mr. Henry showed a sketch of the contemplated apartment structure. He said it would be quite different from the ordinary type. It would be two stories in height, of the English cottage style peculiar to the Shakespeare country, of semi-detached units and very pleasing in appearance. It would be built so that it would offer the least obstruction to the view of the lake to surrounding properties. The living rooms and chambers in the apartments would be on the lake side. The trees on the property would not be disturbed and the surrounding grounds would be attractively landscaped. The apartments would have the aspect of private residences and ample parking space would be provided for the cars of persons residing in them. There would be 14 apartments.

Mr. Henry commented that he would not be associated with any project which would jeopardize the values of surrounding properties or which would detract from the attractiveness of the Crystal Lake section. He stated that an alternative development of the property of Mr. Brown under the private zone restrictions would be the erection of 4 two-family houses which would be far less attractive than the proposed apartment building.

George E. Mitchell of 15 Norwood avenue announced his opposition to the proposed zoning change and the projected apartment building. Harold Jacques, also of 15 Norwood avenue, an attorney, argued that it is the policy of cities and towns to make restrictions more exacting rather than less. He asserted that since 1929 most of the private residence zones in this city have been further restricted into single residence zones and nearly all of the general residence zones have been changed to private residence zones. He said that the change of zone would not only allow Mr. Brown's property to be built on to 50 per cent of its area with much higher buildings than can be erected under the existing zone there, but the change would also apply to parcels of land owned by persons who do not want to be in the general zone.

According to Mr. Jacques most of the property on the lake front is valued at between \$20,000 and \$100,000 per parcel. He read a letter of protest from Laura E. Cragin of 32 Norwood avenue who said she had purchased her home because of the quiet neighborhood. He argued that the petitioner is not a home owner in the vicinity; that if the zone is changed houses can be built along Norwood avenue as close to the street as 15 feet and that nearly all the owners of nearby properties are opposed to the petition. He said that Miss Flanders, owner of the lot next to the petitioner's is opposed to the petition and does not favor an apartment house. He submitted protest signed by a number of nearby residents.

Mrs. Harold Jacques commented that while the living rooms of the proposed apartments would face Crystal Lake, the kitchens and back yards would face Norwood avenue to the detriment of surrounding property.

She said the plans showed no garages and later a row of garages might be built on Norwood avenue to provide for the cars of the apartment tenants.

Arthur M. Claffee of 14 Trowbridge street said the issue is not whether two-family houses or an apartment building will be erected, but whether or not the zone will be changed. He is unwilling to see the Crystal Lake section picked out as an apartment house site. Mrs. Claffee said it is not fair to spoil a whole neighborhood for the sake of allowing one person to obtain financial success. She said apartment buildings are noisy. John McConville of 56 Norwood avenue said the change of zone would establish 14 families in a half-acre site, and the erection of the apartment building would obstruct the view of the lake.

Alderman Murray asked the objectors whether they would prefer the apartment structure or a group of two-family houses. Mr. Jacques said neither plan can be considered as Miss Flanders will not sell her land to Brown. Attorney Gallagher interposed to state that four houses can be built on the 17,000 square feet of land now owned by Mr. Brown. This statement was doubted by the objectors and Mr. Gallagher called on Mr. Henry and Buildings Commissioner Chadwick for expert information. Mr. Henry said the ordinary two-family house occupies about 1100 square feet of land. Mr. Chadwick placed the figure at between 1000 and 1200 square feet. Mrs. Claffee said she would prefer to see two-family houses built on the property.

John Killian of 14 Norwood avenue said the apartment building would be occupied by a cheap class of people, and would obstruct his view of the lake. Mr. Brown said the rents of the apartments would be from \$125 to \$150. Mr. Gallagher in rebuttal said that landlords are not obliged to build garages for their tenants and that the objections of the protestants are based on the apprehension that the property would be developed other than in the way shown on the plans. He said the view of the lake will be obstructed no matter what type of building is erected on the property. He asked the committee of aldermen to hold the matter of the zone change in abeyance until the plans of the proposed buildings are finished and contracts signed which will assure the objectors that a desirable development of the property will be assured. He stated that his client, Mr. Brown has had a definite understanding with Miss Flanders regarding the purchase of her land, and that if Brown cannot build the apartments he will probably build two-family houses there. He said that the increase of 14 families to the population of Newton Centre will not be a detriment to the community, that desirable people will come to live in a desirable locality.

Mrs. Claffee retorted that only persons who want crowds would live in an apartment building. Mr. Jacques said that if the zone is changed, property owners around Crystal Lake will be justified in asking for lower assessments on their estates.

JUNE BUILDING REPORT

During the month of June 82 permits for work on buildings were issued in this city. The total estimated valuation of the work authorized by these permits is \$361,885. Of the permits 28 were for single residences, valued at \$272,700. 52 permits were for two-family dwellings valued at \$18,000; 25 were for private garages valued at \$11,885. For the first six months of this year 467 permits were issued by the Buildings Department, with an estimated valuation of \$2,736,130. Last year for the corresponding period 535 permits were granted with a valuation of \$3,240,643. In 1929 during the first 6 months permits totalled 746 and the valuation was \$4,397,477.

Get in the STUDEBAKER Band Wagon!

ONE year ago Studebaker introduced Free Wheeling.

Nine (9) makes have now adopted it.

Others are about to adopt it.

All must come to it.

During the past twelve months Studebaker Free Wheeling has been approved enthusiastically in every state, in every season, and under all conditions.

In a Studebaker you get Free Wheeling in its finest form—with positive gear control—and engineered as an integral part of the chassis.

And ONLY in a Studebaker can you secure these other fruits of Studebaker engineering genius:

World Champion Performance. More official records than all other makes combined.

Safety insured by steel bodies, two-finger steering, etc.

Silence of engine, body and chassis.

Comfort, typical of Studebaker's traditional coachcraft plus such ultra-modern features as ball-bearing spring shackles.

Thrill, officially proven under supervision of the American Automobile Association.

UPPER FALLS WINS FIVE IN HUB LEAGUE

The Upper Falls A. A., winning its five games the past week, gained on the Hopedale Club, pace-setters in the Hub twi-league, so that a victory for the local club against the Tigers tonight and a loss by Allston in its contest with Revere will put the Newton nine in first place by a margin of five points.

Last Friday the locals shut out the Boston Colored Tigers at the Upper Falls playground, 5 to 0, with Ryan holding the visitors to three solitary bingles, two of which were triples. But despite this fact the Tigers could not tally.

Sunday the Upper Falls outfit defeated Revere in both games of a double header, 5 to 3, and 6 to 2, to gain slightly on the Hopedales who were winning from South Boston.

Monday night the Newton team gained a full game on the pace-setters by sending them down under a 11 to 7 defeat on their own diamond in Allston. Ryan was on the mound again and although touched for eleven hits got away with the game. Ten Allston errors aided the Upper Falls players materially in edging their rivals. Powers, Upper Falls catcher, hit a three base hit, the only extra base blow in the eleven Newton safeties.

A game forfeited to Upper Falls by the Tigers on Wednesday moved the former a step nearer the league lead and a victory tonight will keep them right on the heels of Allston should the latter also win and, as has been mentioned put Upper Falls in the lead if Allston loses. The standing to date:

	W.	L.	P.C.
Allston	13	4	.765
Upper Falls	15	3	.714
Somerville	9	9	.500
So. Boston	9	10	.474

Bob Hunter Wins

Bob Hunter, captain of the Newton high golf team the past season, won the Albemarle Golf Club open tourney last Saturday with a 71, topping a field of 218 contestants. The 18-year-old schoolboy came home in 33 to down the big field which included such players as Emery Stratton, Fred Wright, Bill Donnelly of local clubs and leading golfers from others.

Rice Loses to Perkins

Lawrence B. Rice of Newton Centre lost his title as State singles tennis champion last Saturday by losing his final round match at the Longwood Cricket Club to G. Holmes Perkins. Rice had won the title three times before and Perkins, a former Harvard player, has never beaten a high ranking player, sprung a great surprise victory. Perkins' margin of victory was 6-3, 6-4, 9-7.

Warren in Third Place

Captain-elect Edgar Warren of the Yale baseball team who once wore the colors of Newton high is third in the list of ranking averages of the Eastern Intercollegiate league issued this week with a mark of .433. The Yale short-stop is only headed by McLoughlin and Martens, both of Pennsylvania with batting averages of .500 and .485, respectively. Warren played in eight games, was at bat 30 times, scored one run, and made 13 hits. He leads the next Yale player, Maine, by 100 points as the Eli catcher ended with a mark of .333. Allie Fletcher, the second local youth in the Yale line-up, is the third Yale man with a mark of .324 made with 11 hits in 34 times at bat in 8 games, scoring eight runs. Hal Andres, Dartmouth catcher and the only other local youth in the list, played in ten games, was at bat 29 times, scored four runs and made 11 hits for a mark of .379 for sixth in the list.

Hunnefeld Goes to Giants

Bill Hunnefeld, former Saxony Club and local baseball product, has gone to the Giants on waivers. Hunnefeld caught on with the Braves recently after being given his unconditional release from the American league by Cleveland. In his first game with the Giants on Wednesday Hunnefeld played at second base. In the seventh inning it was Hunnefeld's single that drove in the Giants fourth run and brought them a 4 to 3 victory over the Cardinals who staged a late game two-run rally to stay in the fight.

Miss Hunter Wins

Miss Dorothy Hunter of Newtonville won her second, last State Junior girls' golf championship at the Commonwealth C. C. Wednesday by defeating Winifred Peterson of Oakley, 2 up. The local girl who will pass her eighteenth birthday and be ineligible another year, overcame many obstacles in repeating her triumph of a year ago. Early in the week poison ivy affected her feet. Tuesday night nervous indigestion bothered her and she played Wednesday without breakfast. At the eight hole she was four down and it was only by a great uphill fight that she came through to victory.

Sets New World Marks

The annual championship of the Eastern Archery Association at Deerfield closed last Saturday following the election of officers, awards of prizes and business meeting. Miss Ruth Brewer of Newton Centre was re-elected secretary-treasurer. Mrs. Dorothy Cummings of Newton Centre, who was presented the gold medal, designed by Cyrus E. Dallin for the National Round Championship, established a new American mark with a score of 140-832. Again in the Columbia Round Mrs. Cummings was awarded the Dallin's gold medal for winning the championship. In 1929 Mrs. Cummings set E. A. A. records with scores of 70-498 for the single Columbia and 142-992 for the double Columbia. This year she improved these marks for two new world's records with 72-520 for the single and 144-1032 in the double. Mrs. Cummings' victory this year was her ninth E. A. A. title. She first won in 1920 and has won each time she has entered since. No other woman in the country has such a brilliant archery tournament record as Mrs. Cummings, who as Dorothy Dudley Smith has won the national title six times since 1919.

Do you knock on wood every time you set out for an airing in the car?

Is your heart in your mouth when you swing into a curve at a little more speed than the law allows?

There's nothing like a set of junky old tires to take the joy out of driving.

Why worry about blowouts when you can buy sturdy Goodyear Pathfinders at present levels?

Never in the history of the automobile has tire mileage been priced so low.

Supertwist cord, Goodyear craftsmanship, long life, safe riding.

For your information and your peace of mind, run your eye over these prices:

Size	Price Each	Price Pair	Size	Price Each	Price Pair
29x4.40 (4.40-21).....	\$ 4.98	\$ 9.60	29x5.25 (5.25-19).....	\$8.15	\$15.80

POLICE NEWS

Sunday the home of Pitt Danforth at 435 Crafts street, West Newton was entered by thieves while the family was absent. Entrance was made by breaking a pane of glass in a rear window. The house was ransacked, but the amount of loot has not been determined.

William D. DeCourcy of 49 Langley road, Newton Centre was sentenced to the State Farm at Bridgewater by Judge Bacon in the Newton court last Friday. On June 15 DeCourcy became drunk, entered the tailor shop of J. H. Taylor at 61 Union street, Newton Centre and hit Taylor on the head with a telephone instrument, severely injuring the man.

Richard Noseworthy of Jamaica Plain was arrested early Wednesday morning by Patrolman J. P. Murphy charged with driving without proper lights and without a license in his possession. In court yesterday he was fined \$5 on the second charge. The other charge was placed on file.

Wednesday night a LaSalle car owned by Arthur Hall of 215 Waverley avenue, Newton was stolen from in front of 38 Hobart road, Newton Centre.

Tuesday night a Packard sedan was stolen from the garage of Bennett Rockman at 41 Nobscot road, Newton Centre. It was later recovered in Somerville.

Mrs. Anna Shordone of 15 Cook street, Norantum was given a suspended sentence of three months in jail by Judge Weston in the Newton court yesterday. She was found guilty of having assaulted Mrs. Ida Pass who runs a store at 16 Cook street. The Shordone woman hit Mrs. Pass with the flat side of a cleaver.

The Modern Public Market at 1399 Washington street, West Newton was entered by burglars Wednesday night. The thieves only obtained about \$2 in cash but they also stole some ginger ale and cookies. The theft was discovered by the proprietor when he arrived at the store yesterday morning.

A car owned by Jessie Sullivan of 115 Waban Hill road, Chestnut Hill, was reported as having been stolen on Tuesday night while parked in front of that address.

In the Newton court yesterday Gordon James of Cambridge and Christine Ogden of Framingham each was \$5 for not STOPPING before entering a through way. Albert Connell of Cambridge, charged with a similar offence, had his case placed on file. Joseph Cellicci of 20 Jassett street, Norantum was fined \$5 for parking his car on a street corner.

Patrick Ray of Roslindale, driver of a gravel truck reported to the police yesterday morning that while his truck was parked at the pit of the Highland Sand & Gravel Company at Oak Hill another truck crashed into it damaging the truck driven by Ray and injuring the latter's shoulder. According to Ray the driver responsible for the accident refused to reveal his identity.

ABOUT TOWN

By Edw. H. Powers

Complaints are coming to police headquarters about barking dogs. Many dogs in this city naturally become peevish when tied up, or restrained in a cellar, house or garage. They give vent to indignation or impatience by barking or yelping. Personally, we prefer to hear a dog bark rather than yelp, but we don't enthuse over either if the canine makes it a habit. If dogs can't be tied in yards without yelping or barking, owners of said dogs should make their pets house-guests.

A person residing in our neighborhood owns a large police dog. This dog is well fed and during the day remains on his owner's premises and is as quiet as a church mouse. But, about midnight each day this canine makes a tour of the neighborhood, tips over garbage cans and barks at prowling cats, milkmen and other objects, real or imaginary. And how he can bark. On the average, this "pet" awakens us twice during the early morning hours and the remarks we direct at him would not pass the National Board of Censorship. Some day possibly we will follow the example of other persons who kick about dogs which vocalize too assiduously. Then, we shall ask that this dog be restrained not only during the 90 days period, but every night. If dog owners would only equip their pets with some of those gilded derbies used by orchestra players to mute brass musical instruments, the barking and yelping would not be so annoying.

A former postoffice clerk in this city was one of several postal employees tried in the Federal Court at Boston on Tuesday for stealing money from letters in the mail. These thieving postmen were given the sugar-coated punishment of suspended two year jail sentences. The case of the former Newton Centre postoffice clerk was particularly reprehensible. He had been stealing—not from some wealthy financial institution, not from individuals or business men who might not be seriously affected by his thefts. He specialized in rifling letters addressed to the Working Boys' Home at Newton Highlands; an institution which shelters poor orphans and young boys dependent on charity. This home is largely supported by small contributions donated by kind-hearted working men and women. For nearly a year a large number of letters addressed to the home, and containing contributions, were not received. Suspicion was directed to a clerk in the Newton Centre postoffice. He was watched and apprehended. When arrested 27 letters addressed to the Working Boys' Home were found in his possession, and the amount of \$54.

The quality of mercy is one of the most admirable attributes of the Christian religion, but, there seems to be a tendency to strain this quality in some cases.

A score and more years ago the Street Department of the City of Newton had "section men" who worked on the streets keeping them clean. These men also kept the grass borders along the streets mowed. The streets of this city were neat and pleasing. They harmonized with the well kept lawns, the attractive estates which have made Newton famous. Then came a Mayor who believed he could save money for Newton's taxpayers by diverting the men employed in keeping streets clean and grass borders cut to other work. He urged residents to perform the task of cutting the grass on street borders in front of their homes. Some of the residents became assistant, non-paid Street Department workers. More did not. The result has been—that for many years a large percentage of the borders along the streets in this city have not been grass-borders. They have been hay and weed borders; unsightly, in sorry contrast to well kept lawns which they adjoin. The city's attractiveness is largely impaired by the unkempt condition of street borders. There is no good reason why residents of this city should work on streets or sidewalks. It is the plain duty of the city to keep streets and sidewalks in order and clean. The cost of doing this would not be a big burden on taxpayers. It would afford employment to Street Department workers who otherwise might be laid off. The City of Newton should renew the commendable activity of having men regularly assigned to keep our streets clean and grass borders regularly trimmed.

An old resident of this city died at the hospital several days ago after suffering torturing injuries as a result of an automobile accident. Such accidents and deaths might be avoided if persons learning to operate automobiles would drive on untraveled roads where there are few vehicles and fewer pedestrians.

Between the resurfacing work on Washington street and the laying of the huge Metropolitan water main, autoists in Newton will have plenty of detouring and other inconveniences this summer. It is better to have all this traffic delay during the same period.

Even though it might cost the city \$5000 to eliminate the corrugated surface along Washington street between Brackett's Coal Yard and Centre avenue, this work should be done without further delay. Assuming that this section of Washington street will be resurfaced next year, it is absolutely unfair to thousands of Newton residents, not to mention autoists from other places, to compel them to suffer physical discomforts and jar their automobiles out of repair when they must travel over the "rippling waves" on Washington street. The condition of this stretch of street has become increasingly bad in late years. Since last winter it has been terrible. Why should people have to endure it for nearly another year?

Newton Highlands

—The Misses Ruby of Hyde street sail this week for Europe.

—Mrs. Silas R. Mills is staying at Wildacre Inn, Lexington, Mass.

—Mr. and Mrs. Harry Davidson have left on a two months' European trip.

—Mr. Ernest Siebert of Floral St., has gone to Vermont for several weeks.

—Mr. Arthur H. Fewkes, Centre street, has been spending the week in Canada.

—Miss Katherine Canick of Chester street has returned from Middlebury College, Vt.

—Mrs. Arthur Godsoe of Fisher avenue has returned from a short visit at Guilford, Vt.

—Mrs. R. R. Wisner of Duncklee street has returned from a long visit in California.

—Mr. and Mrs. Houghton of Saxon road entertained friends at their home on Sunday last.

—The Nightingale family of Dickerman road have left town for their summer vacation.

—Mrs. Celia Wellman entertained a foursome at dinner and bridge on Friday evening last.

—Mr. Herbert Colby and family of Hyde street are at their summer home in New Hampshire.

—Miss Edith Pratt of Lincoln St., left this week for a two weeks' stay at Camp Mary A. Day.

—Mr. and Mrs. Charles Logan and a party are spending the holiday week end in Wolfeboro, N. H.

—Richard Ruby of Hyde street left this week for a boy's camp in Maine, where he will be a counselor.

—Miss Virginia Brown of Dickerman road is enjoying a two weeks' stay at Camp Mary A. Day.

—Miss Mary Tudbury of Harrison street is enjoying part of her summer vacation at Camp Mary A. Day.

—Mr. and Mrs. James V. Gridley are taking a vacation in Maine. Their son James is at a camp for boys.

—Miss Virginia Hapgood left this week for Maine, where she is to be Physical Director at a girls' camp.

—Miss Dorothy Hickox of Walnut street, is spending several weeks with her grandparents at Hollis, N. H.

—Miss Elizabeth Ball of Walnut street, is spending the summer at her grandparents' home at Machias, Maine, where they will enjoy their summer vacation.

—Miss Dorothy Drown, who returned from Virginia last week, is spending the week in town before leaving for Lake Winnepesaukee, New Hampshire.

—Mrs. John Lodge, president of the Newton Circle, Inc., left on Monday last for Sky Top, Pocono Mts., Penna., where she will spend a month.

—Mrs. Florence K. Ross of Newtonville, widow of the late Louis Ross, and Mr. Russell G. Hemenway of Newton Highlands, are to be married Monday at the Birchmont Camps, East Wolfeboro, N. H. The wedding will be a very quiet one on account of the illness of Mr. Hemenway's mother.

—Miss Newell of Boylston street has been visiting at Marion, Mass.

—Mr. Frank Dorr of Lake avenue is at Chatham, Mass., for a few weeks.

—Mrs. Walter M. Fife of Lakewood road has as her guest, her mother, Mrs. May, of Edmonton, Alberta, Canada.

—Mr. and Mrs. Frederick Birtwell and their son, Lawrence, have been the guests of relatives on Lakewood road.

—Mr. and Mrs. Henry R. Gardner and son, Francis of Fisher avenue are spending the summer at Pocasset, Mass.

—Officer Horace Bailey of Floral street, who has been enjoying a two weeks' vacation has returned to his duties.

—Robert Chapin, formerly of Newton Highlands, left this week for a boy's camp where he will instruct in swimming.

—Word has been received from Miss Mabel Thompson from the Grand Canyon that she is enjoying her trip to California.

—Mrs. Caroline Johnson, and Mrs. Seward Johnson were the guests at a luncheon bridge given in Cambridge on Tuesday last.

—Mrs. John Hamilton of Philadelphia was the recent guest of her sister, Mrs. Henry J. Kenderdine, formerly of Forest st.

—Mr. and Mrs. Charlton Miller left this week for their cottage at Annisquam, Mass., where they will spend the summer vacation.

—Albert E. Robinson of Lakewood road left on July 1st for Camp Susquehannock, Brackney, Pa., where he will be junior counselor.

—Mrs. John Henderson and her two daughters, who have been visiting relatives here, left for their home in Buffalo, on Monday last.

—Mr. Victor Stout of Lincoln street left on Wednesday last for Camp Susquehannock, Brackney, Pa., where he is to edit the camp paper.

—Mrs. Karl Bowman, formerly of Walnut street, now of Beacon street, and her four sons left town recently for their summer vacation.

—Mr. and Mrs. E. E. Gillette and daughter, Mildred of Carver road, have gone to their cottage at Crescent Beach, near Rockland, Maine.

—Robert Patterson of Waban left on Wednesday last for Camp Susquehannock, Brackney, Pa., where he will spend the summer months.

—Mrs. John Lodge, president of the Newton Circle, Inc., left on Monday last for Sky Top, Pocono Mts., Penna., where she will spend a month.

—Mrs. Florence K. Ross of Newtonville, widow of the late Louis Ross, and Mr. Russell G. Hemenway of Newton Highlands, are to be married Monday at the Birchmont Camps, East Wolfeboro, N. H. The wedding will be a very quiet one on account of the illness of Mr. Hemenway's mother.

TYDOL Gasolines
99 28/100 % Gum-Free

Why TYDOL Gasolines are 99 28/100 % Gum-Free

1. SELECTED CRUDES... Crudes selected for their cleanliness are "multi-fractionated" by super-refining equipment costing millions. Each crude gets the exact degree of refining it requires.
2. GUM-FREE BLENDING... Tide Water's exclusive, secret blend of gum-free gasolines creates the super-power, high-test, anti-knock qualities of Hi-test TYDOL.
3. "GUM-TAPPED"... In modern bubble towers of the most advanced type, Hi-test TYDOL is "gum-tapped." The gum-carrying gasoline is drawn off in huge pipes and redistilled.

TUNE IN ROYALTY'S TIDE WATER
INN... 6:30 to 6:45 P. M. ... Eastern Day-
light Saving Time... every Monday, Wednes-
day and Friday... Columbia Network.

For years... GUM has been tampering with carburetors. Clogging feed lines. Sticking valves. Binding carbon. Causing expensive repair bills.

For years... GUM has been hiding in improperly refined gasolines that are seemingly clean and pure.

Today, motors are high-speed, high-compression, super-sensitive... GUM is a greater menace than ever before. And Tide Water has taken the lead by recognizing these conditions. By spending millions of dollars for new equipment. By giving you gasolines free from sticky, injurious gum.

Why run into avoidable repairs? Why gamble with gum-bearing gasolines? When TYDOL Gasolines cost no more... and are actually and provably 99 28/100 % gum-free. Change to TYDOL today... High-test. Anti-knock. Super-power... and gum-free.

Tide Water Oil Sales Corporation, 60 Cambridge St., Allston, Mass. Telephone Stadium 2330.

Entered at the Post-office at Boston, Mass., as second class matter

We have noted quite a number of dog owners who "restrain" their pets by carrying the leash in their hands and allowing their dogs to roam at will. Such persons belong in the class with other "superior" citizens who violate the prohibition law and automobile regulations whenever and wherever they feel like it. That the dog restraining order is made for the protection of every resident of the city is beyond their comprehension.

In a recent issue of the Boston Transcript we noted a long list of donations and bequests to Harvard University, amounting to several millions. In the same edition there was a story of the work of the Morgan Memorial in giving country vacations to hundreds of the poor and under-nourished children of the city. While we do not criticize the generosity of our millionaires we would like to see some of this public spirited money used to improve the physical and mental condition of these children and to make them better citizens of the future.

The best way to observe our natal holiday tomorrow is to be careful and still more careful.

ABOUT TOWN

By Edw. H. Powers

How would you like to wear a heavy blue serge coat these hot summer days while walking the streets with the temperature 90 degrees and over? This is what the members of the Newton Police Department must do. As a result they perspire every hot day until their vim, verve and vigor is brought down to an irreducible minimum. While it is true that many of the police could stand a reduction in waist line, it is too drastic treatment to subject patrolmen to all-day sweating processes during the summer months. The police in Newton should be permitted to wear coats made of light material during the summer. Police in most cities are given this right.

Before the work of laying the big water main along Washington street is completed many persons in the Newtons will be of the opinion that it would have been better to have laid the big pipe on a less traveled street, and on a street where the business sections of the city are not located.

Courtesy is a nice thing. To encourage tourists to come to Massachusetts for their vacations is wise. Therefore, the new ruling of the Registry of Motor Vehicles, based on recent action of the Legislature, which permits automobile owners from other States to operate their cars in Massachusetts for 30 days, and which further allows them to obtain extensions of this period is commendable. It is more than apt to be abused, however. In the past—and at present, there are many automobiles operated on the highways of this state which were registered in other States. These cars, in many instances are owned and operated by persons whose abode is in Massachusetts and who registered cars in other States to evade the compulsory insurance which cars registered in this State must carry. There is all too little team-work between the Registry of Motor Vehicles and police departments throughout the Commonwealth or it would not be so easy for these "duckers" to get by.

The great majority of autoists in Massachusetts play the game on the level. They must pay heavy liability insurance and appreciable excise tax on their cars. It is not fair to them that so many "wise guys" and "slick Alecks" should avoid paying the insurance and tax. And these classes include those honorable individuals who register cars from their summer addresses to obtain the benefit of the lower rates given to the zones removed from Boston.

The welcome news also comes that compulsory liability insurance rates will take still another jump next year. This pyramiding burden on automobile owners will continue just so long as insurance companies will keep on paying money to dishonest persons who make fake claims for imaginary injuries. If the insurance companies are wise they will bend every effort to end the fake injury racket. Otherwise, public demand in the near future may force the adoption of a State Insurance Fund.

Training Carrier Pigeons

Carrier pigeons must be trained in each new locality for a period of from three or four days to two weeks. Therefore, when an army is on the move, carrier pigeons cannot be used.

CHRISTIAN SCIENCE

"God" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, July 5.
The Golden Text is: "God is the Lord, which hath showed us light" (Psalms 118:27).
Among the citations which comprise the Lesson-Sermon is the following

from the Bible: "The blessing of the Lord, it maketh rich, and he addeth no sorrow with it" (Proverbs 10:22).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The prayer that reforms the sinner and heals the sick is an absolute faith that all things are possible to God,—a spiritual understanding of Him, an unselfed love Desire is prayer; and no loss can occur from trusting God with our desires, that they may be moulded and exalted before they take form in words and in deeds" (p. 1).

INDEPENDENCE VOTED ON JULY 2, 1776

July 2, has been neglected as an anniversary date of importance by the American people; yet it is one of the most significant dates of our history. For it was on July 2, and not on July 4, 1776, that American Independence was really voted by the Continental Congress then in session.

The United States George Washington Bicentennial Commission calls the attention of the Nation to this fact and suggests that, when the people throughout the land celebrate Independence Day in 1932 during the Celebration of the Two Hundredth Anniversary of the Birth of George Washington, July 2 as well as July 4, be recognized in the merry-making and thanksgiving which the anniversary of that great document brings forth.

WELL REPRESENTED

Newton was well represented at the recent annual meeting of the American Board of Commissioners for Foreign Missions held at Seattle, Wash. Mrs. Lucius O. Lee, Miss Helen B. Calder of Auburndale, Dr. Wynn C. Fairfield and Rev. Dr. D. Brewer Eddy of Newtonville, Mark H. Ward of Newton Highlands, and Dr. Enoch F. Bell and Rev. Dwight Bradley of Newton Centre, attended.

The New Middlesex Tuberculosis Hospital needs books of all kinds for all kinds of adult patients. Send any you can donate to the Newton Branch Library.

"The Supreme Authority" WEBSTER'S NEW INTERNATIONAL DICTIONARY

Here's the EVIDENCE

Hundreds of Supreme
Court Judges concur in
highest praise of the work
as their authority.

The Presidents and Department Heads of all leading Universities and Colleges give their endorsement.

The Government Printing Office at Washington uses the New International as the standard authority. High Officials in all branches of the Government endorse it.

The Colleges voted overwhelmingly in favor of Webster as standard of pronunciation in answer to questions submitted by the Chicago Woman's Club.

Recent Deaths

MRS. MARY A. INGHAM

Mrs. Mary Ann Ingham died on Friday, June 26, at the home of her son, Mr. Charles F. Ingham of 11 Pennsylvania avenue, Upper Falls, after a three weeks' illness. She is survived by three sons, Mr. Charles F. Ingham, Mr. John W. Ingham and Mr. Albert W. Ingham of Upper Falls and two sisters, Mrs. Frederick Probert of Needham and Mrs. Charlotte Hanscom of Upper Falls and one brother, Mr. Charles I. Duval of Shawmut Park, Upper Falls.

The deceased was born in Connecticut 76 years ago and came to Upper Falls 73 years ago where she has since made her home. She has attended the First M. E. Church since her girlhood. Funeral services were held from the home of her son, Mr. Charles F. Ingham of 11 Pennsylvania avenue on Sunday, June 28, at 1:30 p. m. followed by services at the First M. E. Church at 2 p. m. conducted by Rev. G. Vaughan Shedd pastor of the church, assisted by her nephew, Rev. William H. Duval of Cambridge.

Burial was in the Newton Cemetery.

ELLEN L. BOND

Mrs. Ellen L. Bond, widow of Daniel D. Bond died on Sunday, June 28, at the home of her son, Fred D. Bond, 4 Oxford road, Newton Centre. She was born in Cambridge 87 years ago, the daughter of James F. and Mary Randall Stone. She lived most of her life in Newton Centre and after her husband's death in 1883 she became a teacher of sewing in the Newton schools. She held this position for about 30 years, until she retired at the age of 70. She was a member of the First Congregational Church, Newton Centre Woman's Club and Stone Family Association. Besides her son she is survived by two daughters—Mrs. Frederick C. Rising and Mrs. Edward A. Andrews of Newton Centre, and a brother, William Stone of Framingham. Her funeral service was held Wednesday afternoon at the Unitarian Church, Newton Centre. Rev. Albert Dieffenbach officiated. Burial was in Newton Cemetery.

MR. MICHEL GABRIELE

Mr. Michel Gabriele, husband of Mrs. Leonard Gabriele of Central avenue, Needham Upper Falls, was instantly killed by a bolt of lightning Friday evening, June 26, across the street from his home. Mr. Gabriele had taken shelter under a tree with his son, 18 years of age, who was stunned by the bolt. He was 45 years old. He is survived by his wife and seven children. Funeral services were held from his late home at Central avenue at 9 a. m., Monday, June 29, followed by a High Mass of Requiem at the Mary Immaculate of Lourdes Church, Upper Falls, celebrated by Father John D. Lyons at 10 a. m. Burial was in St. Mary's Cemetery, Needham.

THOMAS W. PROCTOR

Thomas W. Proctor, for many years a well known resident of Chestnut Hill, died on June 30th, at his home, 9 Massachusetts avenue, Boston. He was born in Hollis, New Hampshire, on November 20, 1858. He graduated from Dartmouth in 1879, came to Boston in 1880 and studied law in the office of Judge John H. Hardy, also studying one year at the Boston University Law School. He was admitted to the bar in 1883. In 1886 he became assistant district attorney of Suffolk County and in 1892 he was made an assistant corporation counsel for Boston. During his long residence in Newton he took an active part in civic affairs and for 25 years was a trustee of the Newton Free Library. He was a former president of the Massachusetts and Boston Bar Associations and had been a member of the Chestnut Hill, Brookline Country, University and Curtis Clubs and of the Beacon Society.

He is survived by three children—Thomas W. Proctor, Jr., of Boston, Robert Proctor of Boston, and Mrs. William F. King of West Newton. His funeral service was held yesterday afternoon in the Church of the Redeemer at Chestnut Hill. Rev. John S. Moses officiated.

ANDREW P. NEWMAN

Andrew P. Newman of 130 Upland road, Waban, died on June 27, at the Newton Hospital. He was born in Roxbury 61 years ago, graduated from Massachusetts Institute of Technology and has been engaged in the marble business with the Johnson Marble Company of East Cambridge. He is survived by his widow, Mrs. Gertrude Newman, and a sister, Mrs. Edwin Dyer. His funeral service was held Monday afternoon in the chapel at Forest Hills Cemetery.

MRS. MARY DUNPHY

Mrs. Mary Dunphy of 919 Walnut street, Newton Highlands, widow of John Dunphy, died on June 7. She was born in Killarney, Ireland, 84 years ago and had resided in this city for about 50 years. She is survived by one son, John Dunphy, a foreman at the Newton Centre postoffice. Her funeral service was held Monday morning at Sacred Heart Church, Newton Centre, and burial was in St. Joseph's Cemetery, West Roxbury.

GEORGE F. REINHARDT

George F. Reinhardt of 54 Waban avenue, Waban, died suddenly of heart failure on Thursday, June 25. He was born in Montreal 54 years ago and came to Brooklyn, New York with his parents when a child. In 1902 he came to Boston and became associated with the firm of George James Company, dealers in leather. He was general manager of this firm for 25 years. In 1908 Mr. Reinhardt married Lillian Douglas who survives him. He is also survived by a son, Robert Reinhardt, a student at Dartmouth; a daughter, Phyllis Reinhardt, a student at Wheaton College, and a sister, Mrs. Joseph Buono of White Plains, New York. He was a member of the Waban Neighborhood and Brae Burn Clubs and the Union Church of Waban.

CAROLINE A. CRANCH

Caroline A. Cranch of 68 Washburn avenue, Auburndale died on June 30. She was born at Fishkill-on-Hudson, New York 79 years ago, the daughter of Christopher P. and Elizabeth Devindt Cranch. Her father was an artist and poet, and Miss Cranch, as a girl, resided in Paris where her father had a studio. She studied painting there under Carolus Durand. Returning to this country she resided in Cambridge and Boston with her parents. She had been a resident of Auburndale for 18 years. She was a student of Sanskrit and Chinese languages and her interest in Hindu philosophy led her to become a member of the Theosophical Society. Her funeral service was held at her late home yesterday morning. She is survived by a sister, Mrs. Leonora Scott of Belmont.

Y., also Bud Hamilton and Richard Rosenfeld of Waban at luncheon at the Hotel Statler on Saturday, while in the evening he was host at a most enjoyable supper at Longwood to the Misses Virginia Hamilton and Jane Matthews, also Dick Clements and Bud Hamilton.

REAL ESTATE

John T. Burns & Sons, Inc., report that they have sold for Edward Scott the new English brick and stucco house situated at 36 Amherst road, Wellesley, containing eight rooms and three baths. With the property there is a two car garage and 14,250 square feet of land. Frances A. Coughlin purchases for occupancy, the total valuation being \$18,500.

Burns and Sons also report that they have sold the property at 39 Emerson road, Wellesley Hills, consisting of a new seven room colonial house with garage, and 14,000 feet of land. Ernest S. Henley was the grantor, and Helen M. Leavitt purchases for occupancy. The total value is \$13,500.

Burns and Sons have also sold for Edna H. Brown the property at 50 Harvard street, Newtonville, consisting of a two family house of sixteen rooms, three baths, three car garage and 7,000 feet of land, all being valued at \$14,000. J. C. Brennan purchases for investment.

All the above sales were negotiated through the office of John T. Burns & Sons, Inc.

Recent Weddings

McCRACKEN—BLAIR

(Continued from Page 1)

Miss Jean Elizabeth Blair, daughter of Professor and Mrs. Herbert Blair of Newtonville, was married to Dwight Mason McCracken of Westwood, California, at the home of her parents, 20 Birch Hill Road, on Saturday afternoon, June twenty-seventh, at four in the afternoon. Rev. Laurence Emig performed the ceremony.

The bride was attended by her sister, Dr. Margaret Blair of Boston, as maid of honor, and another sister, Miss Helen Blair of Newtonville, as bridesmaid. Maxwell N. Halsey, brother-in-law of the groom, of New York City, was the best man and the ushers were Canfield Hadlock, William Lodge and Rev. Charles Taylor.

The bride's gown was of ivory satin in princess style. The maid of honor wore pink organdie in the style of 1800 and the bridesmaid organdie in the same style.

A reception was held in the garden at four-thirty. The couple were assisted in receiving by Professor and Mrs. Blair, Mrs. Maxwell Halsey, sister of the groom, and by the maid of honor and bridesmaid.

The home was decorated with roses, hydrangeas and white lilies and tall white candles. Mrs. C. M. Foss played the wedding music.

After a wedding trip to Maine, Mr. and Mrs. McCracken will be at home after August first at 20 Coolidge Hill road, Cambridge.

The bride is a graduate of Boston University, class of 1929 and the groom of the University of California and of Harvard where he received his M. A. degree in 1931.

FREEMAN-HAHN

Miss Helen Virginia Hahn, daughter of Mr. and Mrs. Albert Hahn of 50 Broadway, Newtonville, was married to Earl Robert Freeman of 22 High street, Everett, on Monday evening, June twenty-ninth, at eight o'clock at the Universalist Church in Everett. Rev. U. S. Milburn, D.D., performed the ceremony.

Miss Theodosia Clapp of Everett was the maid of honor and Lauchlin MacKenzie of Everett was the best man. The ushers were Roy Taylor of Medford and Harvey Parks of Everett.

The bride wore her mother's wedding dress and veil of white silk and lace and a tulle veil. She carried white roses and lilies of the valley. The maid of honor wore pink eyelet embroidered organdie and carried pink roses and lilies.

A reception was held in the church vestry immediately after the ceremony. The couple were assisted in receiving by the groom's mother, the parents of the bride and the bridal attendants.

Mr. and Mrs. Freeman will reside in Everett.

The bride is a graduate of Simmons College, class of 1928.

McCOURT—PRESTON

Miss Emily Teresa Preston, of 515 Commercial Street, East Braintree, Mass., was married to Joseph McCourt of 51 Greenwood street, West Newton, on Wednesday, July first, at the Sacred Heart Church, Weymouth. Rev. Fr. Holland performed the ceremony.

The bride was attended by Miss Mary Preston of East Braintree and William Preston, also of East Braintree, was the best man.

The bride wore a gown of flowered chiffon with white picture hat and her attendant wore blue silk with white picture hat.

A reception was held at the Hotel Essex from four to six in the afternoon.

After a wedding trip to Chicago, Illinois, Mr. and Mrs. McCourt will be at home at 51 Greenwood avenue, West Newton after August first.

HOWLETT—LAWRENCE

Miss Margaret Lawrence Merritt, daughter of Mr. and Mrs. James Henry Merritt of Boundbrook, New Jersey, was married to Albert Duncan Howlett, Jr., son of Alderman Howlett, at 40 Newtonville avenue, Newton, on Tuesday, June 30, at eleven in the morning. The wedding ceremony was performed at the home of the bride's aunt, Mrs. William F. Thatcher in Somerville, by the Reverend James Lester Adams of the Harvard Chapel, Harvard College.

The bride, who was given in marriage by her father, wore a gown of ivory satin, fashioned on long, slender lines with a skirt that continued to form a train. Her veil was of duchess lace with plain cap caught up with orange blossoms. She carried a shower bouquet of lilies of the valley.

The bride's mother wore a gown of wistaria chiffon, lace trimmed. The groom's mother wore a gown of rose-flowered chiffon with black lace. The bride is a graduate of Wellesley College, class of 1928, and Radcliffe College, graduate school, 1931. The groom is a graduate of Harvard College class of 1928 and Harvard Law School 1931. The couple left for Maine.

ABOUT TOWN

By Edw. H. Powers

Last Saturday we happened to visit a section of West Newton over a mile from the location of the Waltham Gun Club at Pine Island, on the boundary of Waltham and Newton. The noise of the bullets being fired by the "skeet" enthusiasts on the shore of the Charles River was all too audible. Later that afternoon we visited the Newton Hospital and were surprised to hear plainly at that distant point the incessant firing of bullets at the Gun Club site. We realized then the nervous strain, the long continued annoyance which residents of Auburndale, West Newton and part of Waltham have had to endure for many months. The activity of this club was adjudged a nuisance when officers of this organization were tried before the Newton Court many months ago. An appeal was taken and a jury in the Middlesex Superior Court reversed the decision.

Property owners within a half-mile radius of the gun club then decided to institute civil suit against the "skeet" organization, but because of bickering among themselves the civil proceedings have not been started.

The City Government of Newton and our Legislators should co-operate with the thousands of residents affected to end this weekly racket. Shooting clay pigeons or "skeets" or whatever you want to call it is an entertaining and proper form of recreation. It is better than slaughtering birds and the few remaining wild creatures.

The place for skeet shooting is not near thickly settled communities. Gun clubs should be located in thinly settled country where the incessant explosion of bullets will not impose on the rights of thousands.

The Town of Watertown will gain a reputation for being different, if nothing else, if its residents and government persist in pulling out of stroke with neighboring communities.

In accordance with the request of State officials, Waltham, Newton and other places have placed a 90 days' restraining order on dogs to curb the menace of rabies. But not Watertown. Deferring to indignant dog owners, officials of the town decided that local dogs could be inoculated with anti-rabies serum without cost to their owners; and after 21 days, these dogs, designated by a tag, could run unrestrained. Of course the Watertown police will stop (if they can) every dog they see running loose to ascertain if it wears a tag showing it to have been inoculated. And any Watertown dog running loose can "how-wow" to a rabid dog from some other place, "don't bite me."

If bitten, certainly the Watertown dogs would refrain from biting any other dog or human, because to do so would cause criticism of Watertown's refusal to co-operate with its neighboring communities.

There is plain common-sense and the result of years of experience in dealing with criminals contained in the statement of District Attorney Warren L. Bishop as he advocates severe punishment for vicious murderers and thugs. There is encouragement for those who hold human life in contempt, who have no consideration for their fellow men—in the statement of Governor Ely that he "will not" penalize any man who is "abolished." If some member of the Governor's family were shot dead by a brutal murderer of the Soaris type, the gentleman from Westfield might not be so sympathetic. Crimes of violence by gun toters keep increasing. In this country only one murderer in 20 is executed. England, in proportion to its population, has less than a 25th as many murders as this country. In England murderers receive the death penalty—not sympathy.

The sale of fireworks started Wednesday morning, July 1st. And the explosion of fireworks commenced immediately and has continued since, despite the fact that no fireworks, according to law, shall be discharged except on July 4th. In the meantime sick persons have been suffering and nervous persons have been fussing. And anyone who objects to the racket is labelled a crank.

PARAMOUNT—NEWTON

The Paramount Theatre, Newton, will offer to its patrons a very fine selection of pictures for the coming week, beginning Sunday, for four days.

Robert Montgomery and Dorothy Jordan will be seen in "Shipmates," a spectacular story, filmed through the co-operation of the U. S. Navy. On the same program will be Lowell Sherman in "Bachelor Apartments" supported by Mae Murray, and Irene Dunne. For the last half of the week "Young Sinners" will be the feature.

The cast includes Thomas Meighan, Hardie Albright, Dorothy Jordan and others in a well written story. It is the first picture in which Tom Meighan has appeared for some time. It is a story which includes the penthouse life in New York and then shifts to the Adirondacks where Meighan shows some very fine acting as an athletic woodsman who brings back youth and life to the young sinners of the big city. On the same program Ramon Novarro will be seen in "Daybreak."

Children's gift matinees still are very popular beginning Saturday at 1:30.

SAILS FOR INDIA

Miss Gertrude E. Chandler of Auburndale, who sailed on Sunday from Boston on the Laconia, is bound for Madras, India, where she will resume her work as a teacher under the American Board of Commissioners for Foreign Missions. She is returning after a year's furlough. Miss Chandler came from India last year with her father and mother, Rev. and Mrs. John S. Chandler, who have served fifty-five and fifty-one years, respectively, in India. Miss Chandler is the sister of Rev. Robert E. Chandler who was for two years acting secretary of the American Board in Boston, and who is now back in Tientsin, North China.

NORUMBEGA DISTRICT COUNCIL OF RELIGIOUS EDUCATION

Five Vacation Church Schools are to be held in the Norumbega District this summer, all to start Monday, July 6. They are at Newton Centre, Newtonville, Weston, Newton Upper Falls and Watertown. Enthusiasm is reported in all places and advance registration indicates good attendance.

Some of the young people of the District are off for leadership training camps this week. Fred Drew of Newton and Ellery Clark of Waltham go to Merrowista for two weeks. This camp is for Christian character building under the auspices of the International Council of Religious Education. Miss Briggs has been to Winnipegaukee to the sister-camp, and will graduate this year from the four-year camp conference course. The camp period each year is two weeks.

Grace Briggs and Dorothy Allen of Elliot Church started Tuesday for Colorado, where they attend a similar camp for Christian leadership training, under the auspices of the International Council of Religious Education. Miss Briggs has been to Winnipegaukee to the sister-camp, and will graduate this year from the four-year camp conference course. The camp period each year is two weeks.

N. H. S.—'91 FORTIETH ANNIVERSARY REUNION

The class of 1891, Newton High School, celebrated its fortieth anniversary at the Hartwell Farm, Lexington, on June 27th, the very day of the month on which it graduated. This reunion followed the custom established by the twenty-fifth and thirty-fifth anniversary celebrations. As the only class which has held such celebrations '91 can assure other classes that these get-together meetings are most enjoyable and well worth while. Arthur W. Threlkoff presided at the dinner, during which a tribute to the departed members was followed by reminiscence and humorous remarks by Mr. Sinclair Williams and Mr. William Ellison. Cordial messages were read from classmates in various parts of the country, while a radiogram from England indicated that the "tie that binds" is still strong.

The enthusiasm with which a slight-of-hand entertainment was received demonstrated that forty years can harden neither the heart nor the head to the amusements of youth. Most appropriately, those present, including husbands, wives and children, numbered forty.

It was the unanimous sentiment that, as clearly the members of '91, especially the ladies, are not growing old, there is every reason why forty-fifth and fiftieth celebrations should be held.

THE CHILDREN'S MUSEUM

"Berlin and 'The Spreewald," a motion picture of present-day Germany will be followed by a cartoon film of a dog, "Polar Bonzo" at the regular Saturday showing of films in the lecture hall of The Children's Museum of Boston this week end at 3:00. The picture is the last of the week-end motion pictures shown at 3:00, but the summer schedule going into effect immediately contains a program of motion pictures shown on request to visiting groups with the public always welcome.

In addition to the summer motion picture program to be announced presently there is a series of Field Trips or Nature study trips to be taken on Wednesdays in July and the first two in August.

Trips and dates are as follows: Hammonds Woods, Newton Centre, study of plant and pond life, July 8; Franklin Park, study of different classes of animals, July 15; Nantasket Beach, sea life, July 22; West Quincy Quarries, Geology, July 29; Arnold Arboretum, Trees and Shrubs, August 5; Moose Hill Bird Sanctuary, birds and nature trails, August 12; Mr. Horace Taylor, of Brookline, astronomer; Professor George H. Barton of Cambridge, geologist, and Mrs. William J. Clench of Harvard, authority on sea life, will lead some of the trips, while naturalists on the staff of The Children's Museum will lead others.

POLICEMAN INJURED IN "WRECK"

The local branch of the "40 and 8" held a "wreck" in Newton last Friday night. There was one casualty. Motorcycle Officer David Barr of the Newton police collided with an automobile while escorting the parade "40 and 8" outfit down Washington street. The accident happened near Thornton street and the car which was in collision with Barr's motorcycle was driven by Rita Neal of 14 Leonard avenue, Newtonville. Barr was severely cut and bruised and was removed to his home at 147 Tremont street, Newton.

The parade, headed by the band of Newton Post, American Legion, started from Elks Building on Centre street at 8.40 and proceeded to Nantamant. The "40 and 8" bunch carried colored lights and gave a warlike aspect to the affair by discharging numerous torpedoes. A lightning storm broke which added realism to the affair and drenched the marchers, including a score of "blood-stained" candidates for admission to the organization who were tied together on a long rope. The members and candidates were thoroughly wet when they arrived back at the Elks Building, but were well dried out before the session was over.

POLICE NEWS

William Arsenaull of Elm avenue, Waltham, and Stephen Aucoin of Hall street, Waltham were sentenced to three months in jail by Judge Bacon in the Newton court last Saturday. They appeared and were held in \$500 bail each. The two, who are carpenters, were discovered early Saturday morning in the garage of W. J. Furush on Davis avenue, West Newton. They had an automobile jack, a tire iron and a wrench and were charged with attempted larceny of tires. They were also charged with drunkenness, but this charge was placed on file.

An automobile owned by Robert Spencer of Walker street, Newtonville, was stolen Monday afternoon from the parking space on Washington street, near Centre avenue, Newton Corner. It was recovered Tuesday on Albemarle road, West Newton, in a badly damaged condition.

Paul Sherman, 17, of Brighton avenue, Allston, was sentenced to a year in the House of Correction by Judge Bacon in the Newton court last Saturday. He was convicted of having stolen from the Commonwealth Golf Club six bags of golf clubs, 15 dozen golf balls, shoes, stockings and other articles. He was detected when he attempted to sell golf balls at the links of the Albemarle Golf Club in West Newton. Persons he solicited notified the police and Special Officer Mullen went to the links and arrested Sherman. The loot was found hidden in a wood pile in Brighton. The youth was formerly employed as a caddy at the Commonwealth Club.

Carl Mullen of 269 Brookline street, Oak Hill, reported to the police on Monday that a camp owned by him off Brookline street had been broken into and its furnishings destroyed.

The home of Elisha Avery of 224 Crafts street, Newtonville, was entered during the past week while the family were away, and ransacked. The thieves did not take anything of value as the family left no jewelry in the house when they went to their summer home on June 23. Mr. Avery discovered the break when he visited the house on Monday.

UPPER FALLS MAN, AUTO VICTIM, DIES

Thomas Greathead, 48, of River avenue, Newton Upper Falls, died at the Newton Hospital on Saturday as a result of injuries received on Wednesday, June 24, when he was hit by an automobile driven by Ruth Seligman, 18, of Linden street, Upper Falls. She was learning to drive a car under the instruction of her brother, Arnold Seligman. She was operating the car on Eliot street, one of the principal streets of Upper Falls and steered the car to make a turn onto Linden street. She lost control of the car and it went over a 5 inch curb onto the sidewalk. Mr. Greathead was standing on the sidewalk talking to Henry Ward. The automobile knocked over a street sign and Greathead was crushed between the car and a low cement wall. Among other injuries he received a compound fracture of the left leg. The leg became infected and was amputated in an effort to save the man's life.

Mr. Greathead was born in Needham and had resided in the Upper Falls for 40 years. He was a painter by occupation. He is survived by his widow, Mrs. Martha Greathead; two sisters, Mrs. Charles Marden of Newton Upper Falls and Mrs. James McLaughlin of Newton Highlands; and three brothers, William of Upper Falls, Herbert of Waltham and Henry of Newton.

Mr. Greathead's funeral service was held at Mary Immaculate of Lourdes Church, Upper Falls, on Tuesday. A requiem mass was said by Rev. John Lyons. Burial was in St. Mary's Cemetery, Needham.

A MISCELLANEOUS SHOWER

A Miscellaneous shower was held Thursday evening, June 25th, at the home of Mrs. Robert G. Barlow, Waverley Mass., for Mrs. Benjamin Garfield Marshall. The shower was given by present mostly from Waltham and the Newtons, and Mrs. Marshall received many very beautiful and useful gifts.

Before surprising her friends by announcing her marriage on June 6th at Whitehall, Vermont, Mrs. Marshall was Miss Bessie E. Crosby of West Newton, a well known music teacher in Waltham.

Mr. and Mrs. Marshall are spending the summer at their camp in Sudbury, and will move down to Newton the first of October.

SUMMER SESSION

The well known Bryant and Stratton Commercial School began its usual summer session last Monday.

Principal L. O. White reports a satisfactory and prosperous year with a larger enrollment than that of the preceding year; students coming from three hundred sixty-nine high schools, academies, seminaries and private schools; sixty-seven business schools, junior colleges and normal schools; and eighty colleges and universities. The increasingly large number of college trained young men and women who enroll in this school for business administration and secretarial training is noteworthy; about twenty-five per cent of the total enrollment of the school being college trained. During the last three-year period one hundred thirty colleges and universities have been represented, with as many as one hundred seventy-seven coming from a single university.

RETURNS FROM ABROAD

Among those recently arriving in New York on the Mauretania was Miss Katherine Cowin of West Newton, who with friends, was on the spring Mediterranean cruise of the Carinthia, remaining abroad for further travel in Italy, Austria, Germany and France. Her brother, John Cowin, who has been visiting in New London and New York, since receiving his degree at Harvard, accompanied her to Boston to be with the family at Duxbury until he sails for Germany on July 10.

ROTARY CLUB

The last meeting of the Rotary year 1930-31 was held on Monday, June 29, 1931 at the Woodland Golf Club. It was an informal meeting of good-fellowship and songs. Retiring President Edward Mellus handed over the gavel to Frank L. Richardson, the new president. Walter L. McCammon was introduced as the new vice-president and the other directors for the new year—Edwin O. Childs, Thomas L. Goodwin, Irving O. Palmer, and Benjamin G. Rae.

OUR 300TH ANNIVERSARY

A copy of the book "Celebrating a 300th Anniversary," being an account of the Massachusetts Bay Tercentenary of last year, has been placed in the Newton Free Public Library, and the Library of Boston College. Copies have also been distributed to the chairmen of the 148 local committees through the state and deposited in a number of libraries of historical societies for future reference. The book has been compiled by the Conference of City and Town Committees, Inc. No. 9 Park street, Boston, which was one of the state chartered organizations. Arrangements have been made for an edition of the book in cloth board covers and such copies are being sold to individuals and organizations. Of local interest is the comprehensive listing of the 2083 events through the state that made up the celebration and in which are included the series of happenings in Newton. Also locally interesting are the references to the Newton Pageant, including the reproduction of one of the scenes with a group of the participants in costume; the photograph thus reproduced having been furnished by Mr. George W. Hermann, Director of the Playground Department. The Chairman for the Newton Committee for the Tercentenary was Mr. William H. Rice. Among the other people who are identified with the state-wide Tercentenary organizations were Mr. Edward E. Whiting who was Chairman of the Editorial Board that published the monthly bulletin of information, and Mrs. Irving O. Palmer, who was a member of the general council of Tercentenary Inc.

REAL ESTATE DEALERS MEET

Discussion of appraising of residential real estate by Charles E. Lee, Secretary Boston Real Estate Exchange, featured the weekly luncheon meeting of the Newton Real Estate Board held at the Vernon Court Hotel, Centre St., Newton, on Wednesday.

Ralph M. Patterson presided as chairman of the Newton Board and announced the appointment of the following Newton Board Committees:

Meetings and Programs—Mahlon W. Hill, Chairman; Paul R. Tucker of the Henry W. Savage office, and Thomas H. Burns of the office of John T. Burns & Son; Membership and Attendance—Daniel J. Lehand, Manager of Charles E. Howe & Co. office, Chairman; Ansel G. Campion, Manager of the Walter Channing Inc., Office, and Victor H. Vaughan, of the firm of Davis & Vaughan, West Newton; Publicity Committee—Paul Harris Drake, Newton Manager of the office of George A. Hill at Newton Centre.

The next weekly luncheon meeting of the Newton Board of the Boston Real Estate Exchange will take place at the Vernon Court on Wednesday, July 8, at one o'clock.

WANT SCHOOL GROUNDS IMPROVED

The Newton School Committee is betwixt demands that the playground at the Levi Warren junior high school be improved, and opportunities that the grounds surrounding the new Weeks junior high school at Newton Centre be converted into a finished playground. Residents of the West side of the city whose children attend the Warren School argue that this school has been waiting a few years for this improvement and is entitled to prior consideration. Residents of Newton Centre and Newton Highlands, whose children will attend the Weeks School contend that the work of grading and developing the playing area there be completed this summer. Eventually that matter will be settled by the Board of Aldermen who make the appropriations.

TO REMODEL STORE

A. Stowell & Co., Inc., of 24 Winter street, jewelers in Boston since 1822, will thoroughly modernize the interior of their store with a new lighting system, new walls and ceiling the latest cast tube system and new counter arrangements.

A. Stowell & Co., Inc., was founded in 1822 by Abel Stowell, who started his jewelry store on Main street, Charlestown. In 1863, under his son, Alexander Stowell, the business was moved to 16 and 22 Winter street, its present site.

The business was bought by the late Charles S. Cook many years ago. Today the business is managed by C. S. Cook Jr., and his two sons, J. Gould and S. Doane Cook. Mr. C. S. Cook, Jr., is a resident of West Newton.

Commonwealth of Massachusetts
LAND COURT
To the City of Newton, a municipal corporation located in the County of Middlesex and said Commonwealth: Joseph Congdon, Alice C. Congdon, Thomas S. Derr, C. W. Anderson and Robert Hillman, of said Newton; Margaret A. Hughes, Helen M. Hughes, Dorothy C. Hughes, Mary C. Hughes and Edith R. Hughes, of Everett; Fred S. Wells, of Somerville, in said County of Middlesex; Joseph Connolly, Lillian E. Wright and Marie S. Collins, of Boston, in the County of Suffolk and said Commonwealth; and to all whom it may concern:

Whereas, a petition has been presented to said Court by the W. W. Welch Company, a duly existing corporation having an usual place of business in Andover, in the County of Essex and said Commonwealth, to register and confirm its title to the following described land:

A certain parcel of land with the buildings thereon, situated in said Newton, bounded and described as follows:

Westerly by Dwindla Road, 61.18 feet; Northerly by Cobb Place, 90.40 feet; and Easterly and Southerly by land now or formerly of Joseph Congdon, 59.20 feet, and 81.45 feet, respectively.

Petitioner claims as appurtenant to the above described land the right to use Dwindla Road and Cobb Place, as shown on the plan hereinafter described,

ZONTA CLUB

The Newton Zonta Club held its
 first regular meeting of the season
 at the Pied Piper Tea Room, Newton,
 Monday evening, June 29th. A sum
 of money from the funds of the club
 was donated to welfare work in New-
 ton. The president, Miss Marion Ful-
 ler, gave an interesting report of the
 convention of Zonta International
 which she recently attended in Cleve-
 land, Ohio.

The club will have occasional social
 gatherings at the homes of members
 during the summer. In the autumn
 regular meetings will be resumed and
 a definite line of study will be fol-
 lowed according to a plan outlined by
 the International organization.

The following is the list of officers
 for 1931-1932:

President, Marion Fuller; 1st Vice-
 President, Katherine Robinson; 2nd
 Vice-President, Calista Roy; Record-
 ing Secretary, Anna Sturgis; Corre-
 sponding Secretary, Lisette Hender-
 son; Treasurer, Ethel Gammons.

Chairmen of Committees—Member-
 ship, Gladys Bigelow; Program, Cal-
 ista Roy; Publicity, Irene Burnham;
 Intercity, Mabel Bragg; Attendance,
 Annis Sturgis; Classification, Bertha
 Fisher; Finance, Ruth Huestis; Ser-
 vice, Ruth Chapin.

DOGS BITE GARBAGE COLLECTORS

Two garbage collectors in the em-
 ploy of John Janse were bitten by
 dogs on Monday while at work in
 Newton Centre. The dogs which bit
 the men are owned by E. P. Keesee of
 118 Homer street and T. W. Calla-
 han of 110 Cedar street. Dr. Boutelle
 was notified to examine the animals.

HEMENWAY—ROSS

Russell G. Hemenway, director of Birchmont Camps on Mt. Delight at Cotton Valley, East Wolfboro, N. H., and Mrs. Florence K. Ross, widow of the late Louis S. Ross of Newtonville, Mass., were married at high noon on Tuesday in one of the charming bungalows at the camp. The Rev. Augustus M. Fowler, pastor of the Free Will Baptist Church at Wolfboro performed the ceremony.

The bride was dressed in blue chiffon with inserts of lace of matching color. The ensemble was completed with hat and slippers of the same color and she carried a bouquet of pink roses and delphiniums. Her sister-in-law, Mrs. Guy V. Keith, of Newton Centre, who was her matron of honor, wore a gown of beige chiffon covered with lace. She carried a sheaf of Tallman roses with delphiniums and yellow gladioli. Raymond B. Hemenway, of Newton Highlands, brother of the groom acted as best man and the bride entered the home on the arm of her brother Mr. Keith.

A very attractive altar had been arranged with greens and summer flowers and the campers and a few close friends from Boston and Newton filled the living room where the ceremony was performed before the massive fireplace.

Mrs. Helen S. Hemenway, mother of the groom, has been very ill and it was due to her illness that the principals decided upon a simple wedding. Mrs. Hemenway was gowning in lavender chiffon and carried pink roses.

Immediately following the reception, the party moved in procession to the main dining hall where the wedding breakfast was served. The collation was served buffet style from long tables covered with banquet cloths of Venetian point and Madeira embroidery, decorated by Galvin with roses and summer flowers. It consisted of lobster salad, chicken patties, finger rolls, olives, nuts and bonbons, with ice cream and cakes and punch all prepared by the camp personnel, under the charge of Mr. Edward W. Manning, chef at the camp for the past eight years.

The bride changed in a traveling costume of grey after which the couple left by motor for a short trip. Mr. Hemenway is a graduate of the Tufts College Engineering School class of 1910 and has been assistant manager of the Vinoy Park Hotel at St. Petersburg, Florida for the past four winters.

FLOOD—SMITH

Miss Helen G. Smith, daughter of Mr. and Mrs. Frank H. Smith of 213 Adams avenue, West Newton, was married to John Allen Flood of 46 Myrtle street, Taunton, Mass., on Saturday morning, July fourth, at nine o'clock in St. Bernard's Church, West Newton. The ceremony was performed by Rev. Wm. J. Dwyer.

Miss Frances A. Bergen of West Newton was the bridesmaid and Elmer J. Cochrane of West Newton was the best man.

The bride wore a gown of white eyelet and tulle over taffeta with a large picture hat. She carried a bouquet of white roses and lilies of the valley.

Judge Rules Against McLaughlin Estate

Petitions In Superior Court Are Dismissed

In the Middlesex Superior Court on June 26 Judge Carroll ruled against the petitions of Frederick W. McLaughlin, formerly of Auburndale. Young McLaughlin was the adopted son of the late Nellie E. McLaughlin of Auburndale who died intestate in 1927. In March, 1929, McLaughlin brought four petitions in the Middlesex Probate Court alleging that there had been a conspiracy to defraud him by Sarah, Mary and Edward McLaughlin, Attorney Dennis M. Cronin and James J. Feerick, administrator of the estate, all of Auburndale. The petitions asked that Feerick be removed as administrator, that a compromise of claims previously agreed to by the petitioner be revoked, and that a decree licensing the sale of real estate be revoked. The probate court refused to grant the petitions and McLaughlin then took the matter to the Superior Court. Judge Carroll sustained the findings of the Probate Court.

He ruled that—"The appointment of the administrator in the petitioner's absence was in accordance with law. The petitioner had notice of the compromise of the claims; he assented to sell real estate and the allowance of the final account. Nothing is shown in the various petitions to warrant a revocation of the decrees. We do not think it necessary to consider the question of the petitioner's laches."

WELLESLEY NIGHT

Sunday evening, July 12th, at 8:00 o'clock the West Newton Community Evening Service in the Lincoln Park Baptist Church, West Newton, will observe Wellesley-Waltham-Watertown Night.

Mr. Raymond Sikes, organist of the Church of the Messiah, Auburndale, will be assisted in the musical program by Paul Dempsey, Field Supt. of the Waltham Field Station of the Massachusetts Agricultural College, who is to sing Gounod's "Adore and Be Still" in a combination of bass with the violin. Mr. Dempsey is president of the Warren School Parent-Teacher Association and is superintendent of the Church School at the First Baptist Church, Waltham.

July 19th, there will be no morning service at the Lincoln Park Church, its membership joining in union services at the Second Congregational Church. The West Newton Community Evening Service will continue each Sunday evening at 8 o'clock in the Lincoln Park Church, however. The Senior Christian Endeavor Society of the Faneuil Congregational Church, Brighton, will have charge of the program July 19th.

The bridesmaid wore yellow point d'esprit over taffeta with picture hat and slippers to match and carried a bouquet of yellow tea roses.

A reception was held at the home of the bride's parents from ten until two.

On their return from a wedding trip to Canada, Mr. and Mrs. Flood will reside in Taunton, where they will be at home September first.

Fatal Accidents Mar Holiday Week-End

Several Drowning And Near Drowning Accidents

Edward M. Broderick, 19, of 15 Rogers street, Newton, died at the Cape Cod Hospital, Hyannis, on Monday of a broken neck. He was the son of Mr. and Mrs. John Broderick. The youth had been employed at a golf club at Hyannis and following the fireworks display on the night of July 4th he went to the beach at West Yarmouth and started diving. Jumping from an elevation of 20 feet, he struck bottom. He was rescued by Eugene Davis of West Yarmouth and taken to his room at the home of Carl Freier, apparently not seriously injured. He fell asleep and when he awoke on Sunday morning he was paralyzed from the shoulders down. He was removed to the hospital where it was found he had broken his neck.

Besides his parents he is survived by three brothers and one sister.

NEWTON CENTRE BOY DROWNED

Foster Douglas, 16, son of Mr. and Mrs. Walter S. Douglas of 44 Chapin road, Newton Centre was drowned on the afternoon of July 5th while swimming at North Pocasset, Cape Cod. Young Douglas was visiting the summer home of Harry Lovell of Cabot street, Newton and had rowed off shore a couple of hundred yards in a boat with Ruth Lovell, 15. The Lovell girl dived from the boat and when she came to the surface the Douglas boy had disappeared. She heard no outcry from him. Coast Guardsmen and State Police dragged the surrounding area for the body without result. The boy's father engaged the services of Fred J. Wallace of Somerville, expert deep-sea diver, and Wallace started on Wednesday to search for the boy's body.

Besides his parents, the boy is survived by a brother, Newton Douglas, 14, and a sister, Mary Douglas, 7. He was born in Malden and had resided in Newton Centre for the past 3 years. He had completed his sophomore year at Newton High.

CHESTNUT HILL MAN IN RESCUE

Irving F. Marshall of 394 Hammond street, Chestnut Hill, assisted in rescuing 8 persons from drowning in the Cape Cod canal on July 4. The persons rescued had been riding in a speed-boat operated by Thomas Kearns of Raynham. This boat capsized during the 24 hours' most of the night. Mr. Marshall, who was nearby in his yacht, Nereus 2nd, hastened to the capsized boat and with members of his crew saved the struggling people in the canal. One of the rescued was Mrs. Mary Shea, 80, mother of Albert Shea of 128 Wolcott street, Auburndale. She had been kept afloat by Mr. Marshall until she was taken from the water. When the boat tipped over the old lady received severe injuries. Her left leg and three of her ribs were broken. These injuries, together with the effects of the immersion and shock caused her death the following morning. She was a resident of Brookline and had a summer home

ABOUT TOWN

By Edw. H. Powers

Huge pipes have been stored on Washington street, West Newton, for over two weeks occupying nearly all parking space and greatly injuring the business people of that section. To date no beginning has been made on the excavation of the big trench for these pipes by the C. & R. Construction Company. At Newtonville Square work on digging the big trench has been started by Thomas J. McCue, although but few pipes for this section have been "spotted." The business men of this city, not to mention autoists, are entitled to more consideration than they have received from this lack of planning.

The stench which pervaded this city last Thursday night has been quite evident during the past week on several occasions. The acrid, sickening smell probably emanates from the chemical works at Everett, augmented by foul odors from other parts of Greater Boston, held close to the ground by the excessive humidity, and wafted hither by prevailing east winds.

More and more comments are being made on the terrible condition of Washington street between Brackett's coal yard and Thornton street, Newton. Accidents may occur as a result of this condition. Autoists going East drive their cars well out on the middle of the roadway to avoid getting jarred to a fizzle, and thus drive against West bound traffic. Cars frequently slew as they get out of control on the innumerable bumps. It would be a comparatively inexpensive job to scarify this disgraceful section of street and reroll it.

The youth of this city deserve commendation for their orderly conduct on the Fourth of July. Only 3 false alarms for fire were pulled during the 24 hours. In sorry contrast was the conduct of "celebrators" at Waltham. In that city 66 fire alarms were sounded during the 24 hours; most of them false or for bonfires started on streets. Chief Randlett is right when he opposes big bonfires on the night before the "4th." Such spectacles attract among others, many young rowdies who indulge in hoodlumism.

Onset. Following the accident she was attended by Dr. Joseph O'Leary of Newton, who was spending the holiday at his summer home nearby.

NEWTONVILLE MAN NEARLY DROWNED

Robert E. Lindquist of Newtonville was nearly drowned at Pine Point near Portland, Maine, on July 4th while attempting to rescue two young boys whose boat had capsized in a strong undertow. Lindquist swam out to the struggling boys and brought one ashore. He returned for the other boy, was caught in the undertow and became exhausted. The second boy was rescued by Lawrence Durgin of Lewiston, Maine, and Lindquist was rescued by his father-in-law, A. D. Libby, who reached him after he had gone under once. Lindquist was revived after resuscitation methods had been applied to him for 15 minutes.

Upper Falls Girl Shot At Bonfire

Newton Men Accused Of Night Before 4th Affair

Late last Friday night Edna Morgan, 16, and her brother, Leonard Morgan, 14, of 16 Richardson road, Newton Upper Falls, went to Waltham to witness the big bonfire which was to be ignited at midnight on the morning of July 4th. They accompanied Mr. and Mrs. Willard McKenzie of 8 Richardson road in a truck driven by the former. From the bridge over the Charles River near Norumbega the McKenzie truck was trailed by an automobile along South street, Waltham, towards Roberts. Between the old paper mill at Roberts and the location of the bonfire some one in the automobile fired a pistol and a bullet entered the left shoulder of the McKenzie girl, just above the collarbone. Her brother had the presence of mind to jot down on a piece of paper the registration number of the automobile as it sped by the truck. The girl was rushed to the Waltham Hospital and the Waltham police were informed of the number of the car from which the bullet was fired. The car was found to be registered in the name of C. Spurgeon Blair, 26, of 826 Watertown street, West Newton.

Newton police were notified and two officers were sent to Blair's home to arrest him. He did not appear during the early morning, however, and Motorcycle Officer Goddard was then assigned to watch for him. On the afternoon of July 4th Blair, accompanied by an attorney went to the Waltham Police headquarters and surrendered. Vernon T. Stewart, 27, of 15 Austin street, Newtonville, who was riding in the Blair car on the night before the "4th" also went to Waltham Police Headquarters. The two men admitted having fired six or seven shots from a 25 calibre automatic pistol. Stewart fired 5 or 6 of the shots and Blair one. They also admitted that they knew the cartridges contained bullets and were not blanks. Neither would admit owning the weapon. They claimed it had been lying around the locker-room at a Riverside boathouse and that they had taken it when they went on the automobile ride on the night of July 3rd. They asserted that they did not know that anyone had been hit by any of the cartridges they discharged from the pistol. Each of the two was released on \$500 bail.

When the physicians at the Waltham Hospital prepared to remove the bullet from Miss Morgan's shoulder, they discovered it to be located so near a nerve that they did not wish to attempt its removal. They feared that paralysis might result. Because of this serious situation when Blair and Stewart appeared before Judge Connolly in the Waltham Court on Monday morning, the judge increased the bail to \$2000 each when the cases were continued for two weeks at the request of Police Chief Curran of Waltham. Thomas Ryan of Newtonville, attorney for the pair objected to the increased bail. The cases were continued to July 20, when Blair and Stewart will face charges of assault with a dangerous weapon and illegal possession of a pistol. A third man and a young woman who were riding in the car with Blair and Stewart were also questioned by the Waltham police.

Two other motorists turned over to the Waltham police bullets of the same calibre as that which wounded the Morgan girl and which had entered their cars while parked on South street, Waltham near the bonfire on the "night before the 4th." The bullet turned over by Thomas Kenny of River street, Weston had crashed through a window of his car and he informed the police that there was a bullet mark on the rear of his automobile. The bullet found by Harold E. Weston of Tomlin street, Waltham was found lying on the floor of his car.

When the Morgan girl was wounded it was first supposed she had been struck by fragments of a torpedo and her parents were so notified. Supposing the injury to be slight and that the girl would return home in a few hours they did not go to Waltham and were astounded to learn from the Sunday newspapers of the serious nature of her injury. They then rushed to the Waltham Hospital. The girl was transferred on Tuesday to the Newton Hospital.

AUTOMOBILE ACCIDENTS

On the afternoon of July 4th a Middlesex & Boston bus and a car driven by Lena Casella of Framingham collided on Commonwealth avenue near Morton street, Newton Centre. Two of the occupants of the Casella car claimed to have received injuries and also reported that a baby riding in the car had been injured. The bus was operated by James Cullen of 251 Lexington street, Auburndale.

On the night of July 4th at 10:55 a car driven by Finlay Urquhart of 9 Clark terrace, Newtonville, collided with a car driven by Robert Cox of 836 Walnut street, Newton Centre. The Cox car then crashed into a car owned by Leon Mayer of 30 Webster street, West Newton which was parked nearby. Cox, his father Arthur Cox, and his sister, Mrs. Florence O'Connor and Mayer, all reported having received injuries. Urquhart was arrested by Patrolman Walker charged with driving while under the influence of liquor.

Cars operated by Alfred Fuller of 46 Austin street, Newtonville and John O'Connor of 277 Homer street, Newton Centre collided Wednesday night at the corner of Ward and Centre streets, Newton Centre. Mrs. Annie Pillman and Miss Lucy Pillman of 61 Prescott street, Newtonville, who were riding with Mr. Fuller received injuries.

Catches Alleged Bottle Throwers

Chestnut Hill Man Causes Arrest Of Two Men

John S. Keohane of 12 Acacia avenue, Chestnut Hill, caused the arrest of two men in a hotel on Tremont street, Boston, on Monday. Keohane was driving his car along Tremont street when a bottle came hurtling through the air, hit the roof of the car and narrowly missed three children sitting on the rear seat. The bottle broke into fragments. Keohane stopped his car, noticed that only one window was opened in the hotel, on the Tremont street side. Gathering the fragments of the bottle he went into the hotel and located the room on the ninth floor where the window was open. Getting house detectives to detain two men who were occupying the room, Keohane searched a waste-basket and found a bottle cap which fitted the neck of the broken bottle and which bore the same name as was on the bottle. He then went to Police Station 4 on Lagrange street and had a policeman sent to the hotel who arrested the two men found in the room from which the bottle supposedly came. They were charged with drunkenness.

The two, who gave the names of Thomas Noonan and Charles Kelsey appeared before Judge Murray in the Boston Municipal Court on Tuesday. They were found guilty of drunkenness and their cases placed on file. Judge Murray ruled that there was insufficient evidence to convict the pair on the charge of breaking glass on a public street.

SMASHUP ON WESTERN TWP

Mrs. Jesse D. Traylor and daughter Charlotte and Kathryn and young son David of Homer street, Newton Centre, had their car completely demolished in collision with a truck in Michigan City, Indiana, Wednesday morning. Mrs. Traylor is being treated for a broken nose and body bruises at the Michigan City hospital, and her daughter Kathryn is also under treatment for body lacerations. The other members of the family and the driver, Clifford Foucar, of Chestnut Hill, escaped injury. They left home Monday morning to visit Mrs. Traylor's parents in Oklahoma.

JUDGE BACON HONORED

At the annual meeting of the Association of Justices of the District Courts of Massachusetts, held recently, Judge William F. Bacon of Hyde Park, Newton, presiding justice of the Newton District Court, was elected President of the Association.

Gasoline Filling Station Approved

Aldermen Grant Volpe-Allison Permit In Newton Centre

At the meeting of the Newton Aldermen on Monday night the petition of Louis Volpe and Joseph Allison for a permit to start a filling station at the corner of Centre and Willow streets, Newton Centre, was granted by a vote of 14 to 6. The Licensees Committee had reported adversely on this petition by a vote of 4 to 3. There was more discussion on this matter by the Aldermen than on any other subject which has come before the Board in the past three years. A detailed account of the debate will be given in next week's GRAPHIC. The aldermen voting to sustain the committee's report and who were opposed to the granting of the permit were Hawkins, Powers, Pratt, Smith, Temperley and Woodcock. The aldermen who voted against the committee and who later in the meeting voted to grant the permit were—Ball, Bowen, Chandler, Chase, Collins, Gallagher, Gordon, Grebenstein, Harte, Holden, Howlett, Jamieson, Murray, Prior.

The Board passed an ordinance prohibiting heavy traffic on Chestnut street between the hours of midnight and 7 a. m. A resolution, presented by Alderman Powers and protesting against the noisy cars and poor tracks of the Boston Elevated at Newton Corner, was adopted.

A large delegation of Waban residents was present advocating and objecting for and against the improving of streets in that district. Amendments added to the traffic ordinances prohibit parking on the south side of Rice street between Centre and Summer streets; east side on Highland street between Washington and the railroad bridge; north side of Charlesbank road from St. James street to Charles River parkway; Vernon street on south side from Centre street for a distance of 75 feet; Thornton street on west side from Washington street for a distance of 75 feet.

JUNE HEALTH REPORT

During the month of June 45 deaths occurred in this city; 19 males and 26 females. Cancer caused 7 deaths, cerebral hemorrhage 7, heart ailments 4, arteriosclerosis 7. Communicable disease reported during June included scarlet fever 22 cases, measles 47, mumps 27, whooping cough 32, chicken pox 42, tuberculosis 4. The Health Department abated 22 nuisances, inspected 57 markets and provision stores, 28 restaurants, 7 bakeries and 5 ice cream shops.

THE WEEK IN NEWTON SPORTS

Edited by WARREN K. BRIMBLECOM

ANNUAL CITY
TENNIS TOURNAMENT

The Newton Playground department will hold its annual city tennis championship tournament starting July 20th. The winner of the tourney will represent Newton at the New England Public Parks Championship to be held at Forest Park, Springfield.

Any player is eligible who is not a member of a private club. There is no entry fee and entries will close next week Thursday, July 16th, at the various playgrounds or with Francis Broughton, Tel. N. N. 3316.

Tennis League To Start

The Newton Playground tennis league, consisting of teams of five players each from twelve playgrounds will begin its schedule of matches next week Tuesday, July 14th. Any regular attendant of a playground under sixteen years of age is eligible for his playground team. There will be teams of boys and teams of girls from each playground.

SPORT NOTES

On Harvard List

Carl Pescosolido, former Newton high and Deerfield academy athlete, is among the 130 odd prospective varsity football players at Harvard that have been asked to report for practice on Sept. 15th. Last fall Pescosolido was one of the best back-field players on the Crimson freshman eleven.

Martin Advances

Donald Martin, former Boston University captain, advanced to the quarter-final round in the South Shore tennis championship singles at the Hatherly Country club last Sunday. Matches will be resumed tomorrow and Sunday. Martin is seeded number three.

Scott Places Second

Curtis Scott, Newton youth and Northeastern University athlete, won second place in the handicap high jump at the City of Boston track and field games on the Common the holiday. Scott, who represented the B. A. A., had a half-inch handicap and cleared 6 feet 1 inch.

Wilson Wins Walk

Ed Wilson won the mile walk at the track and field meet in Lynn on the holiday in 6 minutes and 55 seconds. Wilson started from scratch.

CLOSE RACE IN
NEWTON TWI-LEAGUE

Three of the ten games in the Newton Amateur Twilight League are staging a great race for championship honors. Although many games have been postponed because of the inclement weather considerable interest is being manifested in the games. The Auburndale Baseball Club sets the pace with an undefeated slate in the eight games it has completed. It has played three tie games which will be played off at a later date. The Newton Y. M. C. A. with eight victories in nine games and the Silver Lake A. C. with seven wins in eight games are pressing closely on the heels of the leaders.

The games scheduled for tonight and next week are:

Tonight, July 10—Silver Lake vs. Y. M. C. A. at Cabot Park. Newton Cubs vs. Lower Falls at Cubs.

Monday, July 13—Highlands vs. Newton T. T. at Highlands.

Tuesday, July 14—Nonantum A. A. vs. Silver Lake at Victory. Lower Falls vs. Upper Falls at Lower Falls.

Wednesday, July 15—Webster A. C. vs. Lower Falls at West Newton. Y. M. C. A. vs. Auburndale at Y. M. C. A. Newton T. T. vs. Newton Cubs at Victory.

Thursday, July 16—Upper Falls vs. Nonantum A. A. at Upper Falls. Auburndale vs. Highlands at Auburndale.

Friday, July 17—Silver Lake vs. Webster A. C. at Cabot. Newton Cubs vs. Y. M. C. A. at Newton Centre.

League Standing
(Including Games July 8)

	Played	Won	Lost	P.C.
Auburndale	11	8	0	1000
Y. M. C. A.	10	8	1	888
Silver Lake	11	7	1	875
Nonantum A. A.	8	5	3	625
Highlands	10	5	5	500
Upper Falls	9	4	5	444
Lower Falls	10	3	6	333
Webster A. C.	11	3	8	273
Newton Cubs	7	1	6	143
Newton T. T.	9	0	9	000

The monthly meeting of the league was held at the Newton Centre playground house on Monday evening. Newton Centre was dropped from the league through failure to play its scheduled games and the Newton Cubs were admitted to replace them. The rule regarding uniformed players was modified so that a manager may now use a player without uniform if on account of injuries after the start of the game he has no uniformed player available.

SPORT NOTES

Newton Team Beaten

A baseball team composed of Newton youths journeyed to Somersworth, New Hampshire, last Saturday to play the town team of that place. Somersworth won, 3 to 1, with Lynch, the pitcher, holding the Newton youths to six scattered hits. Deveranne and Sheehan were the Newton battery. The winners collected but four safeties but bunched them with a couple of errors to score all their runs in the sixth.

LIEUT. "SAM" MOORE NOW SHOOTING WITH MARINES

The season's college graduates number among them Luther Samuel Moore, usually known as "Sam," who graduated from the U. S. Naval Academy at Annapolis, Maryland, on June 4th. He will be remembered for having set the world's record for 3000 consecutive bulls-eyes in 1925 with a .22 rifle at a range of 50 feet. He coached two summer camp teams, Camp Frank A. Day and Camp Mashpee, in rifle shooting, winning the national championship, at each one of them. In the fall of 1926 he went to Cornell University. In June 1927 he entered the U. S. Naval Academy and continued to shoot during his course, being Captain of the Rifle team in his First Class (Senior) year.

In his Fourth Class (Freshman) year his team won the National Rifle championship. The Navy team won the National Intercollegiate gallery championship in both his second and first class years and he won seven national individual championships. The team won the international championship this year by defeating Cambridge University of England by a score of 992 to 954. His individual record was 198 out of a possible 200. This was the first international intercollegiate match.

He also shot on the service rifle teams which have continuously held the national intercollegiate championships.

He was awarded the Navy "N" for his work with the rifle in his Third, Second and First class years.

To date he has coached eleven teams, all of which have won national or international titles.

He was on the staff of the Log, the academy weekly, and also on the academy Annual, called the "Lucky Bag."

Scholastically he kept up his end, in spite of many outside interests, graduating in the first third of his class.

On graduation he was commissioned a Second Lieutenant in the Marine Corps and at present is shooting with the Marine Rifle Team at Wakefield, Mass.

His home is with his parents, Mr. and Mrs. Lewis E. Moore at 113 Beaumont avenue, Newtonville.

BOY RANGERS OF AMERICA

Walpole Camp, in the hills of New Hampshire, is now a lodge of the Boy Rangers of America and many of the boys are passing their tests to win Ranger honors in advance of the winter season. The camp is operated by Mrs. L. D. Moore of 10 Washington Park, Newtonville. Mr. Frederick Mayne, familiarly known as "Joe" by the boys, is directing the boys' program. He is Commissioner of the Greater Boston Council of Boy Rangers.

ASSASSIN
A Drinker of Hashish!
In eleventh-century Persia, a secret order was founded by Hassan ben Sabbah, indulging in the use of the Oriental drug hashish, and, when under its influence, in the practice of secret murder. The murderous drinker of hashish came to be called *hashish* in the Arabic and from that origin comes our English word *assassin*!

POLICE NEWS

In the Newton court on last Friday several men were charged with having violated the labor laws by non-payment of wages to employees. The case of Oscar Whiteman of 450 Dedham street, Newton Centre, was continued to July 17; that of Jacob Gotz of 421 Warren street, Roxbury, was continued until July 13; a charge against Angelo Mazzola of 61 Eddy street, West Newton, was dismissed. Automobiles fined in the Newton court on Friday included—Russell Chick, Holliston, speeding, \$10; Frank Smith, 100 Langdon avenue, Watertown, \$5; Harold Fernald, 154 Oliver road, Waban, failing to slow down at street intersection, \$5; Walter Leighton, 31 Montvale road, Newton Centre, not stopping before entering through way, \$5.

A check up at the home of D. L. Spencer, 85 Adena road, West Newton, which was ransacked last week showed that only a dress and a fountain-pen were stolen.

In the Newton court on Tuesday Gertrude Cohen of 870 Walnut street, Newton Highlands was charged with keeping and exposing tainted meat for sale. She was found guilty and given a suspended fine of \$20. Irving House, Inspector of the Health Department, was the complainant.

At 10.30 Tuesday night a squad of Watertown police rushed to Howard street in that town when telephone calls were received at Police Headquarters that a "gang fight was about to start. They found that about 15 Nonantum youths had travelled to Watertown to engage in a scrap with a Watertown gang and that plenty of stones had been gathered to use in the fray. The Watertown police arrested three of the Nonantum youths—Michael Delgrosso, 60 Hawthorn street; Theodore DeCicco, 400 Watertown street; Nicolo Lupo, 511 Watertown street. In the Waltham court on Wednesday the three were charged with disturbing the peace. They were found guilty by Judge Connolly and given suspended sentences of 30 days in jail.

AUTOMOBILE ACCIDENTS

Last Friday night at 9.30 automobiles operated by Stanley Daken of 54 High street, Newton Upper Falls, and Salvatore Salzoni of Hanover avenue, Boston, collided on Washington street North, Boston. Louise Daken of Upper Falls and Salzoni received slight injuries and were treated at the Haymarket Square Relief Hospital. Daken was charged with driving while under the influence of liquor.

B. Loring Young of Weston, former Speaker of the House of Representatives and his daughter, Lorraine Young, were injured last Friday afternoon at the corner of Washington St. and Commonwealth avenue, Auburndale. According to the police report a car operated by Samuel Sedoff of Ronald road, Arlington, collided with the car operated by Miss Young. Mr. Young was stunned and received injuries to his mouth and knees. Miss Young received a cut above the left eye and on the right leg. Both were taken to the Newton Hospital.

Cars driven by George Drummond of 931 Washington street, Newtonville and Thomas Sweeney of 181 Jackson road, Newton, collided Sunday morning at Centre and Hall Sts., Newton. Both cars were damaged.

Monday at 1.40 p. m. cars driven by Royal Lord of 1188 Chestnut street, Newton Upper Falls, and Harold Ferdinand of Dedham collided at Walnut and Centre streets, Newton Highlands. Both cars were damaged. It was reported to the police that slight injuries were received by two occupants of the Ferdinand car.

Friday night a car driven by Dr. Alfred Amendola of Adams street, Newton, hit Della Cooney of 213 River street, Waltham, near the woman's home. She received a slight cut and bruises.

Monday afternoon a car driven by Charles Jones of Dedham, Weston, collided at Commonwealth avenue, near Boston College with a car driven by Herbert Alpert and owned by the Checker Taxi Company. Alpert complained of an injury to his left eye.

NEWTON CENTRE HOMES SOLD

Alvord Bros. report that No. 150 Morton street, Newton Centre, a very attractive English house of brick and stucco with a two-car brick garage, has just been sold for Mr. and Mrs. Elbert J. Fuller of Newton to Mary H. Sweeney of Newton. The purchaser will occupy the property, which is valued at about \$21,500.

The same firm reports that Marjorie P. Carter of Jamaica Plain has purchased from Mildred D. Harmon of Newton the single frame dwelling, two-car garage, and 7,920 square feet of land at No. 22 Howe road, Newton Centre. Mr. and Mrs. Carter intend to occupy as their home.

Alvord Bros. also report that they have sold for Mr. and Mrs. Sweeney their home at No. 119 Woodland road, Auburndale, to Mrs. Annie E. S. Clapp of Newton. This property, valued at \$18,500, contains eight rooms, three baths, and a two-car heated garage attached to the property. Mrs. Clapp will occupy immediately.

**GIRL SCOUTS**

"How shall we celebrate the Fourth?" The Court of Honor had this question to decide at Camp Mary Day and when the day was over and all the campers settled comfortably in their cabins for the night they felt it had been a Great Fourth, a Safe Fourth and that they had enjoyed it immensely.

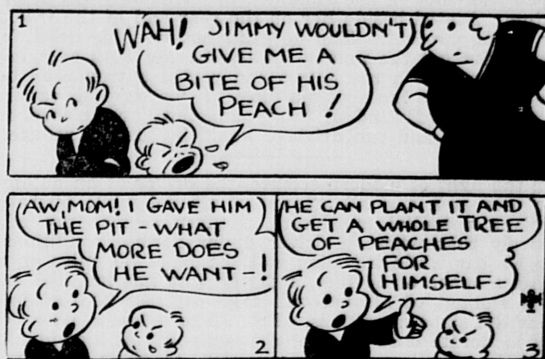

"A Girl Scout is Loyal" was the Law spoken of at Assembly and the girls brought out many ways in which they might show Loyalty to their Country and told of the courage, loyalty and deep purpose of our forefathers who gave up this day to celebrate, and then all decided that they wish to do their share towards making this great country all that those great men hoped it might be.

Scout clubs, swimming and craft took their usual places on the program and after supper the whole camp turned out in a "Horrible Parade." Ghosts, skeletons, highway robbers and all sorts of horrors issued from the cabins where harmless girl scouts were supposed to reside and, led by a really horrible band, made a circuit of the camp grounds. Mary Tudbury was voted the most horrible of all the horrors—as a skeleton, her white bones shining forth brightly from the black shadow which surrounded her. In the evening Miss Isabel Skipworth, who was a guest at the camp over the

**ROTARY CLUB**

The Rotary Club met on Monday, July 6, at the Woodland Golf Club with the new president, Frank Richardson presiding. Ex-Mayor Childs, a member of the Club, gave an excellent Fourth of July talk on True Americanism, full of common sense and fine patriotic feeling. Mr. Childs emphasized in particular that some of the best Americans are those who came on the later boats, in fact on very recent boats, and he urged upon his hearers of older American ancestry a more sympathetic understanding of the newer immigrants. What made the address particularly appealing was the sincerity of the speaker, knowing full well, as his hearers did, that Mr. Childs is a living example of the fine patriotism for which he made so eloquent a plea. More than the usual applause followed at the close of the talk.

week end, gave a delightful entertainment of movies. She showed many Girl Scout pictures, some of them of camp, which the girls enjoyed immensely and also pictures of Our Gang, Esop Fables, etc. Fireworks on the other side of the pond were watched from "singing rock" and then instead of the usual crackers and milk—ice cream and cookies were enjoyed.

THIS is the time of the year to give thought to the repairing of your home. Work started now will be finished in shorter time because of favorable weather conditions. We will gladly submit estimates on cost of any sized job, and, if you wish, recommend a reliable builder.

"GUM RUINED OUR VACATION"

..but **TYDOL Gasolines**
are **99 28/100 % Gum-Free**

HILLIG and HOIRIIS
hang up another transatlantic record for
VEEDOL Motor Oil and TYDOL Gasoline

In one of the most exhausting and dramatic flights ever made, VEEDOL Motor Oil and TYDOL Gasoline gave a flawless, 100%-efficient performance. Bad weather, killing fatigue, blind flying where a faltering motor meant disaster... Yet VEEDOL Motor Oil held up against the 32-hour grind as perfectly as it performed on the Byrd Expedition and on all the flights of the Graf Zeppelin. And TYDOL Gasoline gave the same gum-free, trouble-free ride over the Atlantic that it gives you in your own motor car every time you fill up at a TYDOL Pump.

"Stalled in the mountains"... "Gum-my gasoline cost us \$29 in repairs"... "Walked six miles for a tow"... "Three precious vacation days lost."

And so it goes... Gum in gasoline stops motors and starts complaints... Gum in gasoline sticks valves. Clogs feed lines. Binds carbon. Upsets compression... Gum in gasoline comes from hasty, improper refining. And seemingly pure gasoline may have a heavy gum content.

Don't ruin your vacation with gummy

gasolines. Beware of strange gasolines bought in strange places... Stick to TYDOL.

For TYDOL Gasolines are actually 99 28/100 % gum-free.

High-test, anti-knock and super-power, made clean, pure and perfectly balanced by new refining equipment costing millions... Tour with TYDOL for a gum-free, care-free vacation.

BOY SETS GOOD EXAMPLE

Riding home from the Waltham bonfire last Friday night, a girl was shot in the shoulder by criminally careless celebrators. Seated beside her on the rear end of the truck was her young brother. The boy did not lose his head for an instant, but got the number of the fleeing auto carrying the wild party. As a result two sad youths surrendered to the Waltham police the next morning. If we were all capable of the presence of mind of this young boy, unpunished crime, especially hit and run driving, would be greatly reduced.

In the light of modern science, the driver of an automobile who uses even a small amount of alcohol while operating a car is a potential murderer. Modern science proves conclusively that where a driver under normal conditions can stop his car while traveling at the rate of 35 miles an hour, within a space of 10 feet, a driver who has imbibed even a small amount of alcohol will take at least 20 feet to stop under the same conditions. From 2 to 4 hours after even a very moderate dose of alcohol practically all individuals are affected with a general depression of their nerve-muscle processes; they have less acute vision and the coordination between the eye and hand is lessened.

The master appointed by the Supreme Court to obtain the facts regarding bill boards having made his report, we trust that some remedial action may be taken to remove these unsightly structures from our highways.

POLICE NEWS

Anthony Bonica, 27, of 161 Bright street, Waltham, was sentenced to serve 3 months in jail by Judge Bacon in the Newton court yesterday for using an automobile without authority. Bonica was employed by J. B. Jurad of Court street, Newtonville, an automobile dealer. On Monday he took a car from Jurad on the pretext that he wanted to demonstrate it to a customer. He later returned and claimed that he had wrecked the car on a stone wall near Lake Walden and obtained a second car on the claim that he wanted to take the prospective customer home. Bonica failed to return and he was arrested early yesterday morning by Newton police. Two men who were found in the car with him were arrested for drunkenness.

Leo McCarthy of 156 River street, West Newton, and Gabriel LeBlanc of Wellington street, Waltham, were each sentenced to serve 2 months in the Fitchburg jail by Judge Connolly of the Waltham court yesterday. They were found guilty of having taken the automobile of Vernon Fosdick of Waltham. They were caught with the car in Springfield.

Tommaso Colostoti, 22, of 293 Adams street, Nonantum, was arrested on Wednesday night by Patrolman Feeley for accosting a woman. In the Newton court yesterday he was fined \$20.

CHRISTIAN ENDEAVOR NEWS

The skull-and-crossbones flag will be hoisted next Tuesday evening, July 14, when the Endeavorers of Norumbega Union, sidestepping the conventional types of Summer meeting, set out in a hunt for buried treasure.

"The Gold Rush of '31" is to start promptly at 7-bells-and-a-quarter, from the First Baptist Church in Waltham where the opening clue will be revealed. The concluding festivities will be held at a surprise meeting place to be revealed in the final clue.

For Sunday, July 26, the acme of outing programs is red-lettered on the Norumbega Union Cabinet calendar. An all-day motor trip to Antrim, New Hampshire, offers a colorful schedule of driving through attractive country, beach sports, swimming and boating, porch dinner party at a lake-side cottage, and a sunset service on "Meeting House Hill" before the return ride.

Recent Deaths

JEREMIAH J. DRISCOLL

Jeremiah J. Driscoll of 143 Pearl street, Newton, died on July 6 at St. Elizabeth's Hospital. He was born at Ballybrack, Cork, Ireland, 62 years ago and had resided in Newton for over 40 years. For more than 30 years he was a faithful employee of the late George W. Bush in the livery stable business. For the past seven years he had been employed in the automobile repair business. He was a member of Middlesex Court, M. C. O. F. He is survived by his widow, Mrs. Helen M. Driscoll, and two sons, Rev. Francis B. Driscoll of East Gloucester and Joseph E. Driscoll of Brighton.

Funeral services for Mr. Driscoll were held yesterday morning at the Church of Our Lady, Newton. A solemn requiem mass was said by his son, Rev. Francis Driscoll, assisted by Rev. John Madden of East Gloucester as deacon, and Rev. John Hart of Roslindale as sub-deacon. Rev. Ralph Gallagher of Roxbury was master of ceremonies. Present in the church were the following priests—Rev. Walter Roche, Maynard; Rev. Charles Bryson, West Roxbury; Rev. O. F. Kelly, West Medford; Rev. Edward Dunn, Wellesley; Rev. Richard Hawko, Salem; Rev. James Somers, Wellesley; Rev. Peter Bartulo, Brighton; Rev. E. T. Lyons, Peabody; Rev. D. E. Hurley, Cambridge; Rev. M. F. Collins, Gloucester; Rev. John Quinlan, Newburyport; Rev. Joseph Walsh, Rev. Charles Revin, Rev. Wm. Gorman, St. John's Seminary, Brighton; Rev. John Parsons, Framingham; Rev. John Carroll, Philadelphia; Rev. James Carroll, Winthrop; Rev. Arthur Lyons, Lynn; Rev. E. W. Desmond, Abington; Rev. George M. Dowd, Rockland; Rev. Arthur Murray, Stoneham; Rev. John Brown, East Gloucester; Rev. Harold Wien, Rev. R. V. Harris, Waltham; Rev. Thomas Foley, Rev. Anthony Flaherty, Somerville; Rev. John O'Connor, East Boston; Rev. Edward Dowd, Brockton; Rev. F. D. Scully, Newton Centre; Rev. J. H. Downey, Roslindale; Rev. Leo Flynn, East Boston; Rev. William Maguire, Cohasset; Rev. Richard McHale, Rev. F. W. McCarthy, Plain; Rev. R. T. Haly, Rev. Salvatore Serenci, Rev. Daniel Riordan, Newton.

Interment was in St. Joseph's Cemetery, West Roxbury, where committal prayers were read by Rev. John Madden, pastor of St. Peter's Church, East Gloucester.

CATHERINE HEALEY BERGIN

Catherine Bergin, widow of the late John Bergin passed away at her home 120 Quinobogun road on Wednesday, July 8th after a long illness.

Funeral services were held on Friday morning at nine o'clock at St. John's Church. High Mass of Requiem was celebrated by the Pastor Rev. John Flaherty. Burial was in the family lot in Calvary Cemetery, Waltham.

Mrs. Bergin was born in Needham, and has made her home in this community for about forty years. She is survived by one daughter Mrs. Edmund McCourt with whom she made her home and one son, also one brother Timothy E. Healey of Grove street and two grandchildren.

FRANK H. SMITH

Frank H. Smith of 213 Adams avenue, West Newton, died on July 6th in his 72nd year. He was born in St. Thomas, Lower California, and has resided in this city for 35 years. He had been in the employ of the C. F. Eddy Company for many years. He is survived by his widow, Mrs. Anna Smith, three daughters and four sons. His funeral service was held on Wednesday at St. Bernard's Church and burial was in Calvary Cemetery, Waltham.

MORE DIVORCES, FEWER MARRIAGES IN MASSACHUSETTS

The report of the United States Department of Commerce issued this week by the Census Bureau shows that during 1930, 27,431 marriages were performed in Massachusetts as compared with 30,568 in 1929; a decrease of 10.3%. During 1930 3691 divorces were granted in Massachusetts as compared with 3552 in 1929; an increase of 3.9%.

The estimated population of Massachusetts on July 1, 1930, was 4,259,000; the estimated population on July 1, 1929, was 4,220,547. On the basis of these estimates, the number of marriages per 1000 of population in 1930 was 6.4 as against 7.2 in 1929. The number of divorces per 1000 of population was 0.87 in 1930 as compared with 0.84 in 1929. In 1930 59 marriages were annulled; in 1929, 62.

PARAMOUNT THEATRE—NEWTON

Miss Bette Davis, a former Newton High School girl, will take the part of the daughter Margaret in "Seed", a distinguished production based on the novel by Charles G. Norris. Miss Davis who has been coming up the ladder invites her old friends and school associates to come and let her talk to them from the silver screen. Lois Wilson as the wife gives a beautiful and restrained performance. Genevieve Tobin as the other woman is lovely and justifies all the predictions made for her and John Boles is the surprise of the picture. On the same program will be Joan Bennett and Lew Ayres in "Many a Slip." For the last half week "Up Pops the Devil" with Carole Lombard and Norman Foster and "Always Goodbye" with Elissa Landi and Lewis Stone

Chevrolet truck chassis, \$355 to \$590. Low delivered prices, and easy G.M.A.C. terms. Special equipment extra. All prices f. o. b. Flint, Mich.

So much more smoothly does a six perform—so much more quietly and comfortably—that, once you have experienced the pleasure of driving a six-cylinder car, you will never be satisfied with less.

Nor is it necessary to be satisfied with less. Six-cylinder performance is today within the reach of every new car buyer in America—for Chevrolet is one of the world's lowest-priced automobiles.

Moreover, you can enjoy six-cylinder performance in the Chevrolet Six without one penny extra for maintenance and operation. It costs no more for gas, oil and tires! And maintenance expense is actually reduced by the freedom from destructive vibration.

Get behind the wheel of a Chevrolet Six and discover these facts for yourself!

Drive the Chevrolet Six before you buy any low-priced automobile!

Any Chevrolet dealer or salesman will give you without obligation, a FREE RIDE in a Chevrolet Six—any time.

Aldermen Grant Permit For Filling Station on Volpe-Allison Site

Lengthy Discussion By Members Before Vote Is Taken And Motion Passed

A matter which has, perhaps, caused more divided opinions among the people of Newton Centre than any other question in recent years was settled by the Newton Board of Aldermen at its meeting on July 6th when by a vote of 14 to 5 the petition for a permit to establish a gasoline filling station at the corner of Centre and Willow streets was granted. This petition was received from Louis A. Volpe of 11 Willow street and Joseph A. Allison of 1150 Centre street, Newton Centre on February 14 of this year. It was referred to the Board of Aldermen at the meeting on February 15, and a public hearing was held on this petition on March 2. Mr. Volpe was the active petitioner; Mr. Allison's participation being quiescent.

In 1916 Mr. Volpe purchased the old dwelling house at 11 Willow street for a residence. In 1922 when this city was zoned, Mr. Volpe's property and that of Mr. Allison adjoining at 1150 Centre street were placed in a business zone. These two small parcels of land were so zoned presumably because they were in proximity to the fire department quarters housing Engine 3 and the South Side stable of the Street Department. Several years ago the city erected new buildings to provide for the Street Department unit on Eliot street, Newton Highlands and the old stable and sheds on Willow street were razed. In 1928 the new building for the Fire Alarm Headquarters was erected on Centre street just south of Willow street and the surrounding land attractively graded.

On July 23, 1928, several months prior to the start of the work on this new building, Chief Randlett of the Fire Department petitioned the Board of Aldermen to have the two small parcels of land owned by Volpe and Allison changed from business zone to private residence zone. This petition was referred to the Claims and Rules Committee and a short hearing was held on it on August 15, 1928, but no action was taken by the Committee. The matter was carried over to 1929 when another public hearing was held on February 20th of that year.

At this hearing Chief Randlett said that to allow a business block or office station on the Volpe and Allison properties would endanger the new fire alarm headquarters and detract from the appearance of the surrounding territory, which is nearly all owned by the city and is generally park-like in aspect. Mr. Volpe appeared to object. He stated that he had endured the proximity of the city stable for many years and predicted that the growth of Newton Centre would necessitate more stores in the near future. He suggested that if the city would give him a small parcel of land, large enough to enable him to erect a garage on the Volpe not open to the zoning change. Acting on this suggestion of Mr. Volpe the members of the Claims and Rules Committee subsequently visited Mr. Volpe's property, but no agreement was reached regarding the ceding of the small parcel of land to him.

Another public hearing on Chief Randlett's petition was held at City Hall on the night of November 5, 1930. This hearing was attended by a considerable number of Newton Centre residents. Charles W. Bond of Gibbs street, representing the First Church, favored the petition. So did John C. DeMille, representing Trinity Church; G. Horace Williams and Fred P. Haggard, representing the Baptist Missionary Home at 1136 Centre street, and Chief Randlett also favored the petition. James P. Gallagher, appearing as attorney for Mr. Volpe, argued that the nearby fire house with its clanging gongs is anything but park like. He asserted that no move had been made to change the zone until it had been learned that Volpe had been made a good offer for his property for business purposes, and that to change the zone would be an invasion on the property rights of

Volpe and Allison. Mr. Gallagher read a petition signed by many prominent residents of Newton Centre who opposed the change of zone. Dr. E. A. Andrews opposed the zoning change. He told of having assisted Volpe in acquiring the property and advising him to make expensive improvements on it. Dr. Andrews asserted that he had been active in making Newton Centre a better place in which to live and that he was anxious not to see the corner at Willow and Centre streets converted to a business area, but if the city wanted the land, it should pay for it at its real value and not change the zone just to force the owners to accept lower payments.

Prior to the regular meeting of the Aldermen on November 17, 1930, the Claims and Rules Committee met and voted to grant leave to withdraw on the petition of Chief Randlett for the change of zone. Alderman Grebenstein, as chairman of the committee informed the Board of the committee's action on this matter. Alderman Powers (a member of the committee) suggested that because of the unusual interest which had been manifested in this matter by the people of Newton Centre, an explanation should be made concerning the recommendation of the Claims and Rules Committee. Alderman Grebenstein replied that he did not deem it necessary to make any detailed explanation.

President Collins of the Aldermen asked Powers if he desired to say anything further on the matter and the Ward 1 alderman replied in the negative, saying that inasmuch as the Chairman of the Committee did not desire to go into details, it would not be ethical for him to do so. Alderman Pratt stated that he believed an explanation of the committee's action should be made for the benefit of the members of the several churches in Newton Centre who wanted the zoning change made. Alderman Grebenstein replied that the committee believed there was no real need for making the change, to do so would be unfair to Volpe and Allison, and that the Mayor approved of the committee's adverse action. The Board voted to accept the committee's report.

On March 2nd of this year a public hearing was held on the petition of Volpe and Allison for a permit to establish a filling station on their properties. A large number of Newton Centre residents appeared at the hearing and considerable feeling was evidenced. Those who appeared to favor the petition included James P. Gallagher, attorney; Mrs. Margaret L. Speare, A. Leslie Harwood, Jr., and former Alderman George W. Pratt, who suggested that the citizens of Newton Centre raise a substantial sum to help the city purchase the properties in question for a park. Those who appeared to oppose the petition included Charles W. Bond, Fred P. Haggard, Herbert J. Kelleway, Joseph F. Lockett, Clarence Walworth and Carl Eldredge representing the Samuel F. Smith estate; Rev. Edward T. Sullivan, rector of Trinity Church was present to manifest his opposition and a letter written by him was read by Herman Holt, Jr. A letter signed by Dr. Edward A. Andrews favoring the petition was also read.

At the meeting of the Aldermen on July 6th the License Committee by a vote of 4 to 3 recommended that the petition for the granting of the filling station permit be refused. The members of the committee voting in the majority had been Hawkins, chairman; Smith, Temperley and Woodcock. The members constituting the minority were Howlett, Holden and Prior. When the report of the committee was presented to the Board for action, a larger number of members took part in the discussion than on any matter which has come up in the past three years. A detailed report of those participating in the discussion, and their remarks follows:

Discussion
ALDERMAN PRATT: "I hope the Board will support the majority report."
(Continued on Page 2)

ROTARY CLUB

The weekly meeting of the Rotary Club at the Woodland Golf Club on Monday was given over to the newly appointed chairman of the various committees for the coming year. President Frank Richardson, ex-officio chairman of the Aims and Objects committee outlined briefly the work of that body. Walter McCammon, chairman of the Club Service committee, stated that this committee was comprised of the chairmen of the other committees. Dr. Edward Mellus, chairman of the Classification committee, spoke of the intention of that committee to work on unfulfilled classifications. Ben Rae, chairman, named Fred Bond, Will Rice, Jim Gibson and Herb McGill as members of the fellowship committee. Fred Howe, chairman of the attendance committee, spoke of plans to have at least 100 per cent attendance meeting this year. Phil Scott, Geo. Haynes, Lou Haffermehl and Ray Hamill are other members of that committee. Warren K. Brimblecom and Julius Lucht comprise the public relations committee. Ned Childs, chairman, Jim Melcher, Wilbur Thompson and Dwight Colburn comprise the program committee. Irving Palmer heads the vocational service committee, Harry Bascom the Community Service and Boys' Work committee and Archie Osgood the Good Cheer committee. Fred Teele is chairman of the International relations committee which also includes Fred Lowe, John Kent and Wilbur Thompson. Tom Goodwin spoke as chairman of the golf committee. Charley Ansley, chairman; Fred Teele, Julius Lucht and Herb McGill are members of the Educational committee.

Dr. Henry Watters was given a great welcome as he came in for his first meeting in several months following a serious illness.

MISTAKE IN ZONING TO BE CORRECTED

When the most of the general residence zones in Newton were changed last year to private residence zones the area north of Pearl street and west of Jewett street was through a misunderstanding placed in the private residence zone. There are very few undeveloped lots in this area which is composed mostly of small houses built on small lots. To correct a condition which would work hardship on property owners in this section a petition will be given a hearing before the Aldermen on July 27 to have this district returned to the general residence zone. This petition is signed by James Fagin of Gardner street. Through error, the notices mailed to property owners in the area affected stated that the petitioned is James Bagini, a person who does not exist.

NEW CITY HALL BIDS OPENED

Bids for constructing the new city hall and war memorial building were opened on Wednesday. It was reported on that day that the Crane Construction Company of Boston was the lowest bidder and the C. S. Cunningham Company of Boston second lowest. Yesterday, however, the officers of the Public Buildings Department could not state which bidders were lowest because of the intricacies of deferred items, deductions, alternate bids and other complications.

AUTO BECOMES ABLAZE

Saturday night at 7:11 Engine 2 was called to the garage of W. H. Golding, 274 Chestnut street, West Newton, where a car owned by Golding had become ablaze. The fire was extinguished before it spread to the garage.

Monday night a car owned by G. E. Bailey of 204 Homer street, Newton Centre, caught fire while on Beacon street in that district. Box 74 was pulled and the blaze was put out before serious damage resulted.

Newton Man Named Publicity Director

Grandson of Former Publisher of Graphic

Pres. Henry N. Teague of the Mount Washington (N. H.) Railway and Summit House, has announced the appointment of F. Allen Burt of Brookline, Mass., as director of publicity for the Mount Washington interests. Mr. Burt, who is a partner in the Ramin-Burt Company, advertising agency of Boston, and Assistant Professor of Advertising at the College of Business Administration of Boston University, is a grandson of the late Henry M. Burt, of Springfield, Mass., formerly publisher of the Newton Graphic and founder in 1877 of "Among the Clouds," the daily newspaper published for thirty years on the summit of Mount Washington, and son of Frank H. Burt of Newton, Mass., who conducted the paper after the death of its founder in 1898.

For the past fifteen years Mr. Burt has been identified with newspaper advertising and publicity work in Boston where he is widely known as a writer and speaker on business subjects. He has for several years conducted an automobile tour feature in the Boston Transcript, and has been a special writer for various newspapers and magazines.

Mr. Burt brings to this work a broad, first-hand knowledge of Mount Washington gained through twenty summers spent on and near the mountain; through reporting and editorial work on "Among the Clouds"; and through his many friends in the White Mountains.

He graduated from Amherst College in 1908; is married and has three daughters, the eldest of whom is a sophomore at Mount Holyoke College. He is a member of the Appalachian Mountain Club, Advertising Clubs of the World, Alpha Delta Sigma national advertising fraternity, National Association of Teachers of Marketing and Advertising, Masons, and Phi Gamma Delta national college fraternity. His family is spending the summer at their camp on Webb Lake, Weld, Maine.

MOST DOGS BEING RESTRAINED

Stray dogs are a rarity in Newton since the 90-day restraining order went into effect, according to a report made to Mayor Sinclair Weeks on Monday by Chief Hughes of the Police Department. Out of more than 3000 dogs known to be in the city, the dogcatchers have found only 11 without homes. These were taken to the Angell Memorial Hospital.

Since July 2nd the police department has had a specially constructed automobile on day and night call and an officer assigned to pick up stray dogs. These have been cared for at a temporary pound in the city yards in Crafts street, Newtonville. Dogs in Crafts street, Newtonville. Dogs in Crafts street, Newtonville. Dogs in Crafts street, Newtonville.

The police report states that since July 2nd, thirty six (36) dogs have been taken to the City Pound in Crafts street. Eleven dogs have been taken to the Angell Memorial Hospital and 25 dogs have been claimed by the owners and returned to them.

COUSINS TRUSTEES ORGANIZE

The Trustees of the Horace Cousins Industrial Fund have organized with John A. Cousins as Chairman and Albert T. Stuart as Secretary.

It is expected they will make recommendations for the investment of the fund to the next meeting of the Board of Aldermen. Investments are restricted to United States Government bonds, bonds of the New England States, bonds of Massachusetts municipalities, and to first mortgages on improved real estate.

The will provides that real estate mortgages may be made up to three fourths of the assessed valuation at three quarters of the current rate. Applications for mortgage loans should be made on blanks which can be obtained from the City Treasurer and from Albert T. Stuart, 825 Beacon street, Newton Centre, and should be filed with Mr. Stuart.

FALL FATAL TO BOY

Howard Cutter, 14, son of Mr. and Mrs. Howard Cutter of 12 Marlboro street, Newton, died on July 13, as a result of a fall from a tree on June 30. When he fell the boy broke his left arm and subsequently peritonitis developed. The arm was amputated in an unsuccessful effort to save the boy's life. His funeral services were held at his late home on Wednesday morning and burial was in Calvary Cemetery, Waltham.

M. C. O. F.

The joint meeting of the Massachusetts Order of Foresters, scheduled to be held at Elk Hall, Newton, Tuesday night, July 14th, has been postponed until next week, date to be announced later.

POLICE NEWS

Serg. Bannon has been co-operating with motorcycle officers of the Newton police in apprehending autoists who ignore the rule applying to through ways and who fail to STOP before entering. For committing this offence fines of \$5 were imposed yesterday in the Newton court on the following: Orrin Sayball, Lowell; Walter Jasset, Faxon street, Newton; Joseph Porter, Holliston; Joseph Adam, Framingham; Orloff Alexander, Worcester; Oscar Cutler, Chelsea; Evelyn Sirk, Ashland; Shirley Fleming, Wellesley. Carl Liddy of Lowell was fined \$10 for driving without proper lights.

Joseph Brown of Brighton, a foreman in a garage on Beacon street, Newton Centre, was fined \$10 in the Newton court on Tuesday for parking an unregistered automobile on the street near the garage. He appealed. Autoists fined in the Newton court on that day included—Clyde Phipps, Cornell street, Lower Falls; Joseph Guzzi and Vito Guzzi of East Boston, \$5 each for not slowing down at street intersections; Dominic Plantadosi, Pleasant street, Watertown; Harold Fisher, Brighton; Carroll Sears, Watertown, \$10 each for speeding; Jacob Rubin of 61 Jasset street, Nonantum, was fined \$25 for speeding.

When Ruth Olhausen opened her beauty parlor at 36 Langley road, Newton Centre, yesterday she found that the place had been entered by a burglar over the week-end and \$22 stolen.

City Solicitor Bartlett has ruled that Patrolman Henry Marron of the Newton police will not be eligible for a pension under the old non-contributory system in effect for employees of this city before July 1, 1928. Marron was a reserve patrolman at that time and also was on leave from the Street Department. He raised the point that having been employed by the Street Department prior to that date, and being on leave, he is eligible to be included among those who will receive pensions under the old system.

The much needed new patrol wagon for the Newton Police Department was delivered to Chief Hughes on Wednesday by Eric Lagerblad of the Newton Garage & Automobile Company. The wagon is a Studebaker chassis with a body custom made by the McNear Company and is pronounced by Chief Hughes to be easily the best ever owned by the Police Department. It is really a combined patrol wagon and ambulance. It contains an inhalator, oxygen tanks, folding cot and stretcher.

Benjamin Solomon of 1878 Commonwealth avenue, Auburndale, reported to the police on Monday that his home had been entered by burglars and looted; jewelry having been stolen. Solomon told the police that his family have been away from the house on a vacation and that the burglary must have occurred between Wednesday, July 8th, and last Monday.

John Scusselli of 415 Central avenue, Needham; Michael Dalocco of Oak street, Needham, and Romeo Garafalo of 1193 Chestnut street, Newton Upper Falls, were arrested Monday morning by Inspector Shaughnessy after they had been adjudged in contempt of court for failing to appear as witnesses when summoned. The three men are alleged to have been dupes of Giacinto Gaffredo of Cambridge who is charged with having taken \$300 each from several Italians on fake promises of procuring positions in Canada for persons who were to immigrate from Italy. Gaffredo was arraigned in the Newton Court on July 8th and the three men arrested by Inspector Shaughnessy were to have appeared as witnesses. The three promised the court on Monday that they will appear today in the Newton Court when Gaffredo will be tried, and on that promise they were released.

Special Officers Feeley and Mullen went to Hartford on Monday and arrested Neil Cheney, 36, formerly of Richardson street, Newton, charged with non-support of his wife and child.

In court last Friday Alfred Sweet, Jr. of Swampscott was fined \$10 for speeding and John Zupkoffsky of Roxbury was fined \$5. Fannie Wallace of 73 Fisher avenue, Newton Highlands, charged with failing to STOP before entering a through way, had her case placed on file by Judge Bacon.

Leona Quigley of 19 Follen street, Boston, appeared in the Newton court on last Friday charged with forging and uttering four checks totalling several hundreds of dollars. Probable cause was found by Judge Cuniff and she was bound over to the Grand Jury.

Recent burglaries in Newton houses were solved when Louis A. Brown who claims to come from Texas, was arrested by Boston detectives on Tuesday as he was leaving a pawnshop. At his room on Tremont street, Boston, \$6000 in loot was recovered. Property stolen from the homes of George McDougal, Concolor avenue, Newton; A. P. Hall, Berkeley street, West Newton, and August Ely of 93 Cedar street, Newton Centre, was given.

Newton Business Men Hold Annual Mid-Summer Outing At Lake Pearl

Mayor Weeks Discusses Report of Traffic Expert on Newton Corner Conditions

The annual outing of the Newton Business Associates was held on Wednesday at Lake Pearl, Wrentham. At 1:15 a motorcade departed from Newton Corner with about 150 Newton business men and their employees in the cars. Arriving at Lake Pearl an enjoyable box-lunch was served, following which the "outing-ers" went to the ball field and a game started between the married men and the single men. The married men's team included—Hobey Baker, catcher; Cannon-Ball Connolly, pitcher; Hank Wilson, 1b; Chuck Yeomans, ss; Sluggers Sproule, 3b; Jingle Bell, 2b; Babe Walker, 3b; Buck Grant, rf; Spike Randall, cf; Sheeny Holton, lf; substitutes, Spud Donahue, Gob Foley, Gunner Taffe, Harry Landry.

The single men's team included Hugh Boyd, pitcher; Pat Finberg, catcher; Lanky Colburn, 1b; Packard, 2b; Flanagan, 3b; Swede Lagerbald and Beano Bram, ss; Quigley, cf; Delaney, rf; Murphy and Manning, lf. The single men scored 6 runs off Randall in the first two innings and then Mike Connolly held them to 2 runs in the next six innings, but the total of 8 tallies was one more than the number of runs the married men scored off Hugh Boyd, who, despite his much increased waist line, pitched a good game and lasted nine innings.

Foley's hitting was a feature of the game. Dave Watts, who started in centre field for the married men, sprained his left ankle in the first inning and had to retire.

The horse-shoe pitching contest was won by the team comprised of Joe Delaney and Watson, with George Delaney and Landry second. The fat men's race was won by Currier, Drake, 2nd; Frederick, 3rd. Flynn won the 100-yard dash, DeGrasse was second and Campbell third. The tub race was won by Gibson; Jim Melcher, 2nd; Doc Leonard, 3rd. The canoe tilting contest was won by Leonard and Champagne; Champagne won the diving contest and Allan McVean was second. The tug-of-war was won by the team comprised of Doc Paul, Sweeney, Ryan, Mahoney, Corkum, Drake, Foley, Stevens, Currier and Troiani.

The biggest thrill of the day was furnished by Henry Schwartz who gave a spectacular exhibition of horsemanship. Mounted on a pinto

found in the loot recovered from Brown. He also had articles stolen from many houses in Greater Boston.

Yesterday a daylight burglar entered several homes at Newton by forcing doors. At the home of Mortimer Prescott, 22 Cabot street, several suits of clothing and a watch were stolen; the home of Richard Gurney, 17 Richmond road, was looted and the haul here is not yet known as the family had not returned yesterday.

SURPRISE SHOWER

A surprise shower was given by Miss Edna Keith and Mrs. John Gillis at 108 Norwood avenue, Newtonville, to Doris E. Hubbard who is to be married next month to Thomas Dine Gotschall, Jr.

Miss Hubbard sat beneath a parasol made from pink crepe paper to which was attached pink roses and pink hearts. Each heart bore a number. As each heart was taken from the parasol, Miss Hubbard called the number. Each guest had been given a large heart which told where the bride-to-be could find her shower gift. After all the gifts had been found, the guests were escorted to the dining-room where a very pretty collation was served.

As the party broke up, Miss Hubbard was showered with rose petals. Guests were present from the Newtons, Waltham, Brighton, Allston, So. Weymouth and Patterson, N. J.

PARAMOUNT—NEWTON

"The Lawyer's Secret" will be the leading picture at the Paramount theatre the first of the week. Five of the screen's greatest actors, headed by Clive Brook, make up the cast. It is a drama of love and duty, a play which everyone will enjoy. Marion Davies will appear on the same program in "It's a Wise Child" based on the play by the same name which ran such a long time on the stage in London last year.

The last of the week "Doctors' Wives" will be given with Warner Baxter and Joan Bennett as the leading actors. It is the story of the conflict which arose in the heart of the wife of a young doctor. Robert Woolsey and Anita Loos will appear in the same program in "Everything's Rosie." Bargain matinees are being given every Monday and Friday as usual.

broncho, Henry galloped across the field shouting "Whoopee." The horse stopped suddenly when Schwartz reined him in, but Henry did a perfect porpoise dive over the pinto's head, landing gracefully on his hands. Schwartz is going to England to instruct the Prince of Wales.

The prizes for the athletic events were donated by the following business men—Roy Randall, Avantiaggio, Moore & Moore, Hubbard's Pharmacy, Frank Fell, Newton Hardware, Campbell Hardware, Imperial Cafeteria, Salvi's Barber Shop, Grant's Express, Newton Glass Company, Sinder's Department Store, Wilson Jewelry Co., Leonard the Optician, Frank Perry, Newton Electric Company, Paramount Theatre, Blankenship & Co., Newton Bootery, Newton Corner Men's Shop.

A dinner was enjoyed at 6:30. President Larry Frederick introduced Ex-Mayor Childs as toastmaster. Mr. Childs presented as the first speaker Mayor Weeks. The Mayor informed the gathering that bids for the new City Hall and War Memorial had been opened that day and were well under the figure he had set as the limit of cost for the buildings and grading. He also told the business men that he had received the report on traffic conditions at Newton Corner from Mr. Moore of Newtonville. The Mayor did not go into details regarding the recommendations specified in the report other than to say that it is planned to prohibit all parking in the business section between Pearl street and Bacon street; that the Boston Elevated cars and Middlesex & Boston busses would have their loading and discharging locus at Pearl and Centre streets, rather than in Nonantum Square; the signal tower at the square would be moved southerly about 20 feet; another automatic signal would be installed at Hall and Centre streets; traffic could proceed southerly along Centre street. The Mayor stated that some of the plans recommended by the committee appointed by the Newton Business Associates would be included. While he did not tell what takings of property are planned in the proposed changes, he did state that the cost of the "improvements" would be about equal to that of a grade school house. The detailed plans of the Mayor's proposed traffic changes at Newton Corner will be printed in the GRAPHIC when the report is made public by the Mayor's office.

PLAN WEST NEWTON AUDITORIUM

A corporation has been formed to be known as the Garden City Auditorium for the purpose of erecting a building on the site at West Newton where Players Hall formerly stood. The proposed building will be used as a theater and public auditorium. The new corporation is capitalized at \$125,000; 1250 shares com., \$100 each. The officers of the new corporation are—President, Ralph C. Henry, Newton architect; Treasurer, Charles E. Hatfield, West Newton, banker, treasurer of Middlesex County and ex-mayor of Newton; directors, Joseph W. Bartlett, Waltham, City Solicitor of Newton; Bennet Rockman, Newton Centre, dealer in automobile supplies and real estate owner; Rupert C. Thompson, Newtonville, Representative in Legislature from Newton; Cecil C. Chadwick, Auburndale, Public Buildings Commissioner of Newton; Lawson W. Oakes, Newton Highlands, builder.

NEWTON BOY HURT

Leonard Devlin, 6, of 101 Pearl street, Newton, was cut over the left eye when a car in which he was riding and which was driven by Thomas Donovan of Theurer park, Watertown, collided at Schenck street, Waltham, with a car driven by Charles Pizzano of Winter street, Waltham. Donovan received injuries to his back.

J. Cookson, 17, of Jackson street, Newton Centre, was slightly injured on Wednesday night when a motorcycle he was riding collided with an automobile parked on Langley road, Newton Centre. He was taken to the Newton Hospital for treatment.

AUTO HITS AUBURNDALE CHILD

Grace Keith 3 of 451 Lexington street Auburndale was hit on Monday morning at 11:15 by a car operated by Paul Hatch of Woodlawn avenue, Wellesley. She received a bad bruise on the right side of her head and was rushed to the Newton Hospital by Hatch. According to the report made to the police by Hatch, the child ran in front of his car from behind another automobile and was struck by a fender.

A Wise Investment

In point of safety, yield, marketability, and convenience, co-operative bank shares are a wise investment for a man who is saving in earnest. This is why co-operative banks have become an outstanding factor in the development of our country. They have enabled millions of people to build up substantial savings accounts and to own homes—two fundamentals of good citizenship.

THE WEEK IN NEWTON SPORTS

Edited by WARREN K. BRIMBLECOM

OFF TO FAST START
IN SECOND HALF

The Upper Falls A. A. got away to a fast start in the second half of the Hub Twilight league race this week by winning all three of its games. The first half of the race was concluded recently with the Hopedales of Allston taking first honors. Last year Upper Falls won the first half and the playoff series for championship honors. The local team must win the second half of the race now under way in order that it may defend its 1930 laurels.

Last Sunday Upper Falls defeated the Quigley Club of Chelsea, a newcomer to the circuit, 7 to 5 on the Upper Falls playground. Tuesday night the St. Augustine Club was toppled in a 6 to 1 game with Powers and Bennett leading the local attack with three hits each. Last night the local team blanked Allston, first half winners, 7 to 0 at the Allston game's field. Gilligan hit a home run for Upper Falls. The standing:

NEWTON TWI LEAGUE
RACE TIGHTENS

The race in the Newton Amateur Twilight League tightened up this week when the Silver Lake A. C. topped the Auburndale nine on Sunday, 5 to 1. It was the first defeat in ten games for the league leaders. The victory for the Silver Lake team put them right on the heels of Auburndale with the Y. M. C. A. clinging close through a victory over the Newton Highlands team.

In topping the league leaders the Silver Lake nine staged a first inning rally to score five runs and clinch the game. Trainer, Auburndale pitcher, got himself in trouble by hitting two batters during the inning which by a single and three doubles by McCleary, Tabaldi and Annesse, an error by Tabaldi on Gleason's roller and Madden's double gave Auburndale its run in the eighth inning saving a shutout.

Monday the Silver Lake team continued to press for honors by defeating the Nonantum A. A., 6 to 4. One of the largest crowds of the season was on hand to witness the game.

Newton Highlands won two of its three games during the week, defeating the Newton Town Team, 14 to 2, Lower Falls, 7 to 5, and losing to the Y. M. C. A., 3 to 5. In the game with the Town Team on Monday A. Golding hit a home run with the bases full and against the Y. M. C. A. he hit the longest home run ever made on the Y field. This club was Golding's seventh in the twi-league race this season.

GAMES THIS WEEK ARE:

Tonight, July 17—Silver Lake vs Webster A. C. at Cabot, Newton Cus. vs Y. M. C. A. at N. C.

Monday, July 20—Highlands vs Newton Cus. at Highlands.

Tuesday, July 21—Nonantum A. A. vs Auburndale at Victory. Lower Falls vs Y.M.C.A. at Lower Falls. Webster A. C. vs Newton T. C. at West Newton.

Wednesday, July 22—Y. M. C. A. vs Webster A. C. at Y. M. C. A. Newton T. T. vs Nonantum A. A. at Victory.

Thursday, July 23—Upper Falls vs Highlands at Upper Falls. Auburndale vs Lower Falls at Auburndale.

Thursday, July 23—Newton Cus. vs Silver Lake at Newton Centre.

Friday, July 24—Silver Lake vs Upper Falls at Cabot.

PASS LIVE-SAVING TESTS

The success of the Red Cross Life-saving instruction, given daily at Crystal Lake under the auspices of Newton Chapter, has already been demonstrated. James Wells, Clifford Kirtledge, William Wales, Elizabeth Barber and Pauline Congdon have passed the senior life-saving tests and George Collins, Joseph Ferlazzo, Herman Krosschell and Maurice Reidy the junior tests. At the Auburndale Playground Gordon MacMillan and Warren Sutherland have passed the senior tests.

ALDERMEN APPROVE
FILLING STATION

(Continued from Page 1)

port in this case. We have considered the matter some time, and it does not seem necessary to have any lengthy remarks. Willow Street is a narrow street, and if we should ever have to widen the street, it would seem too bad to have that gas station there. This is a valuable concession, and is surrounded by park land."

ALDERMAN SMITH: "You will recall the hearing held by the Committee on Claims and Rules, on the recommendation of the Fire Chief that this land be changed from the Business to the Residential Zone. This was given leave to withdraw. The Committee said that the only reason that they wanted to leave this land in the Business Zone was because they did not want to jeopardize the owners' interests."

"At that time, they also said that there was no gasoline station in mind, but it was felt that it was in the wind, and a member of the Planning Board, who was the understanding that there would never be a gasoline station erected there. Now I hope that the Committee will live up to its moral obligation, which was incurred when they left that land in the Business Zone with this understanding."

"You have really had two hearings on this matter, one zoning hearing, and then the hearing on the Planning Board, whose business is landscape architecture, who proclaimed his views against the proposed gas station. The whole amount of it is, a mistake was made back in 1922 to leave this land in the Business Zone, and these things crop up now, and we have to admit they're wrong, why should we ask the owners of that property to stand for any abuse which might come, therefore, I feel that the City should pay any bill. I do not think any arguments regarding financial remuneration should enter into the question. I do not think that either one of the owners bought his place for anything but a home, and he has been developing it as such."

ALDERMAN HARTE: "I have spent much time on the question of this filling station. I have spent two whole evenings in discussion, and have spent evenings interviewing property owners in that vicinity."

"There are several salient points which I think should be brought out. It seems very likely that if this filling station is not granted, that stores will be built on this location. Mr. Eisenberg is a store developer in Boston, and I am told on good authority that it is his intention to buy this property and develop it for stores. I have yet failed to hear of one person who preferred stores to a gasoline station. The City will benefit somewhat if this filling station permit is granted. Mr. Volpe will give 10 feet on the Willow Street side, and 12 feet on the Cabot Street side toward widening the street. I do not think you can say that the looks of the gasoline station will not improve the place. The houses there now are 'off centre.' The amount of the lot which would be covered by the filling station is only a small portion compared to the part of the land covered by the two houses."

"It has been said that the Standard Oil Co. is interested in this gas station. If this permit is granted, it will be sold to a real estate agency which deals with the leading oil companies."

"Mr. Smith says that the Claims and Rules Committee had an agreement that the zone would be left as 'Business' with the understanding that a gasoline station would not be granted there. I am a member of that Committee, and do not remember any such agreement. I think the one best fitted to answer that is the Chairman of the Committee."

"Mr. Smith also tells us that the property is improperly zoned. The Planning Board has reported back that in their opinion it is correctly zoned."

ALDERMAN HOWLETT: "If the saving of the City \$30,000.00 is of no consequence, O.K., but just the same, this would be saving the City \$30,000.00 and I hope the petition is granted."

ALDERMAN PRIOR: "Being a member of the Claims and Rules Committee, I wish to say that I do not recall any such agreement, such as was brought out by the Alderman from Ward 4. Alderman Harte expresses my views exactly."

ALDERMAN BAIL: "We have three propositions before us: the filling station, to have the City spend \$28,000.00 to acquire this land, or to grant a building permit for stores."

"In regard to the City spending \$28,000.00 for this land, I do not think we ought to do it, and I think we would be highly condemned if we did it. If that stretch of land was all open, that might be a different story, but the Fire Dept. Signal System Headquarters and the wooden Engine House building are both there. A good-looking gas station would hide that old Engine House, and I think it would be a good idea if this petition was granted, even if it means going against the report of the Franchises and Licenses Committee."

ALDERMAN GALLAGHER: "The corner will be rounded almost to my entire satisfaction. I made a personal inspection of that corner, and thought that 25 feet was coming off that corner. It turns out that it has dwindled down to twenty-two feet, which I think is a pretty good compromise. However, if there are going to be stores there, which will impede the view there, I certainly think a gasoline station would be preferable to stores."

ALDERMAN GREIBENSTEIN:

"The Alderman from Ward 4 spoke of an agreement which was made in the Claims and Rules Committee, that a gasoline station would not be granted there. I do not recall any such agreement, although both the gasoline station and stores were under discussion. It was thought by most members to be quite unfair to change this land to the Residential District, after having it in the Business Zone."

ALDERMAN SMITH: "The petitioners bought this land prior to 1922. I would like to ask the Alderman from Ward 6, why they did not stand up for the petition for changing the zone to residential, if they were afraid the gasoline station or stores were going to be granted?"

"I have reiterated my views, and I have heard our Chairman speak. He says it was discussed. Some of the members cannot even remember that it was discussed. Our Chairman also tells you that it was talked about for stores there. If the representative of that ward did not want stores there, why didn't he say so at the time? That was the time for him to speak up."

"I do not see why the City should become a party to the dickering in land. If the land had been bought after the Zoning Ordinance, for that particular purpose, that might be different. I do say that the City or its unpaid representatives make errors sometimes."

ALDERMAN GREIBENSTEIN: "I would like to recall to the Alderman from Ward Four that where one of the Planning Board objects, it would not be likely to be granted."

ALDERMAN WOODCOCK: "In my experience with the Franchises and Licenses Committee, where there has been even one objection to a gas station, that petition has been recommended to be turned down. Now here is a petition where the proportion of objectors is as great as those in favor."

"The question of stores should not enter into this at all. This business of stores may be a bluff. However, I do not think we can ignore the people who came down here to that hearing and objected to that petition. We have pride in our City and have done a fairly good job in giving out permits for filling stations, but there are times to call a halt, and this is one of the times."

ALDERMAN HOLDEN: "I voted in favor of the filling station. The previous speaker mentions the number of objectors to this filling station. I think the whole question should be taken into consideration. I do not think there is one of those people who signed this petition of objection who would want to see stores there."

"I have looked into this matter of stores, and find that Mr. Eisenberg built blocks in Rosindale, Chelsea, and other cities, and a 150-car garage on Cameron Street, North Cambridge. It does not seem to me that a man of his reputation and experience would spend \$150.00 to \$200.00 to get up a set of plans, if he is not going to go through, and in this instance, I think he would go through."

ALDERMAN HARTE: "I would like to tell you of my conversation with Dr. Sullivan. I asked him if he would say whether he preferred stores, or a gasoline station, there. He said that he could not give me a definite answer then and there, but would like to think it over. The next morning he called me up and said that he preferred a filling station on the Volpe-Alison land to any other type of business."

ALDERMAN TEMPERLEY: "The late Alderman Worth had this matter at heart, and I think if he were with us tonight, we would not be having this discussion. I have always felt that the owners of this land should be compensated. I should be interested in knowing, in regard to the development of this particular property, how much more taxes can be derived from a gasoline station than from stores."

"To hear you people talk, you would think that a block of stores was in the same category with a doghouse or a hen-coop. That does not speak very well for our building laws. A fine business block can be built. We have business blocks in our City which are an ornament, as well as being useful."

"We had an agreement, what you might call a gentlemen's agreement, to the matter of \$40,000.00 a year or so ago, and I am willing to stand by my vote. I think we will agree that the greater act of the City justified our agreement, and I think that the City will benefit by the action of the Board, although we spend a great deal of money to bring about this condition by this action."

"I think we have too many filling stations in Newton. I will not vote for this one, for one reason, because it is going to have three drive-ways. I think you will get more taxes from a block of stores than from a filling station."

"I think that whatever the action of the Board may be, as was stated at the hearing, that by the taking by the City of that property and adding it to the present Fire Station land, you will be just doing the one thing that is needed to make that place attractive as a park. It is true that if stores are built in that locality, that the street will have to be widened, and the City will have to buy some land. On the Centre Street side there is considerable grade coming down from the square. If this man comes into Newton Centre and builds the right kind of stores, things would be all right."

"I am not sure whether all this store talk is a bluff or a fact, but I do think that a man coming into Newton Centre now and building stores is taking a chance, during this period of depression, as some of the stores which are now there are empty."

"At a large majority vote of the Newton Centre Improvement Association, it went on record as being in favor of the City buying that land, and even appropriated \$450.00 from its own treasury toward the purchase of the land, and appointed a committee to solicit subscriptions."

"Referring to the vote of the Board of Aldermen spending all that money, if they spent money for one public improvement, why not for another?"

ALDERMAN PRATT: "The Mayor told me that he would hate to see either a gasoline station or stores go up there. He said that if conditions

improved, he would recommend a bond issue, so that the land might be taken, but that at the present time, he did not see a way clear to do this; neither does the Board feel like appropriating the money to spend toward purchasing this land."

ALDERMAN GALLAGHER: "On the evening of the hearing, I sat here and watched the Rev. Dr. Sullivan, and although he did not speak, he virtually conducted the opposition. When I heard that Dr. Sullivan had said that he would rather see a gasoline station than stores, I came here to represent Dr. Sullivan. I will tell the Alderman from Ward Five, that the Improvement Association, the President, and the other officials of the Improvement Association, said, right here in this room, that they were in favor of the filling station. They wanted the town to take the land, first, but the Board of Aldermen cannot see its way clear to spend the money, and I think you ought to give them the least offensive thing."

ALDERMAN TEMPERLEY: "It is on record that the Newton Centre Improvement Association, through its Secretary or President, have appeared here in favor of gasoline stations, but in this particular case, they voted to adopt a policy of 'Hands Off.'"

ALDERMAN PRATT: "I want to verify what the Alderman from Ward Five has said. I am Vice-President of the Association. Dr. Andrews wrote his letter as a private citizen, and not as President of the Association."

ALDERMAN SMITH: "I think that the argument of the Newton Centre citizens is well taken, that they should not spend their money to beautify this land, much as they would like to spend their money. A man I know was approached and asked to contribute some money toward this, and he said he did not wish to, as he did not want to give the property owners a false valuation on their property."

PRESIDENT COLLINS announced that the question came upon accepting the majority report of the Committee on Franchises and Licenses. Aldermen Hawkins, Pratt, Powers, Smith, Temperley, and Woodcock voted in favor of accepting the report, the other fourteen Aldermen voting nay.

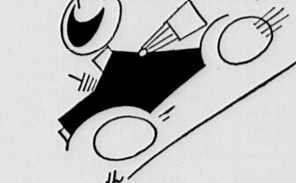

"Alderman Harte moved that the permit be granted. Alderman Holden said that the original plans had been revised, whereupon Alderman Harte amended his motion, that the permit might be granted in accordance with the revised plans."

Alderman Temperley said he thought the plans ought to go back to the Committee, so that the Committee might check up, because there might be some technicalities."

After a short recess, during which time the Committee on Franchises and Licenses considered the plans, with the approval of the President of

the Board, the Board reconvened and Alderman Harte spoke as follows:

"I move that the filling station be granted, with the following conditions: In accordance with the plans filed February 14th, revised as of July 6th, that a ten-foot taking be effected on Willow Street, that two drive-ways instead of three be constructed; that the pumps be relocated in accordance with the change in drive-ways; that the lights be shaded and the yard constructed with granolithic pavement."

Alderman Holden seconded the motion.

Alderman Gallagher called attention to the fact that there was also to be a widening on Centre Street, which Alderman Harte had omitted from his motion.

ALDERMAN PRATT: "I would like to inquire, if this is let out to The Shell Company, if they will grant a red and yellow station permit."

Alderman Holden said that he believed that the plans now on file were for a Standard Oil Company, of Colonial design, gasoline station.

The Permit was granted in accordance with the motion of Alderman Harte: twelve feet of land on Centre Street and ten feet on Willow Street, to be released to the City for street widening, in form of deed satisfactory to the City Solicitor.

Alderman Holden said, that believing this affair had "dragged along" for some time, he moved that this be reconsidered, in the hope that it would not be carried.

His motion not carried.

Why Drive in Danger when the WORLD'S SAFEST TIRES COST SO LITTLE?

FIRESTONE Tires are the safest tires in the world, because of in-built patented construction features — Gum-Dipped Cords, Patented Double Cord Breaker, and Tough, Thick Non-Skid Tread, which give

- 53%** longer flexing life in every cord
- 56%** stronger bond between tread and cord body
- 26%** greater protection against punctures and blowouts
- 25%** longer non-skid wear

25% to 40% longer tire life

Firestone saves millions of dollars annually through economies in buying, manufacturing and distributing to give these extra values at lowest prices in the history of tire building. We have a complete line of Firestone Gum-Dipped Tires for you to choose from. Every Firestone Tire bears the name "Firestone", and is doubly guaranteed by Firestone and by us.

Come in TODAY — we will make full allowance for the unused mileage in your old tires. Let us show you how little it will cost you to equip with Firestone High Speed Tires — and eliminate the danger of worn tires.

Recent Weddings

EAYRS—DOBYNS

Miss Lucy Boutelle Dobyns, daughter of Mrs. Robert Arthur Richard Dobyns of Newtonville, was married to Thomas Coggeshall Eayrs, Jr., son of Mr. and Mrs. Thomas Coggeshall Eayrs of Cleveland, Ohio, on Saturday, July eleventh, at a quiet home wedding. The ceremony was performed by Rev. Richard T. Loring of the Church of the Good Shepherd, Waban. The bride wore a simple afternoon dress of beige lace with large horse-hair hat to match and carried tall-man roses and lilies of the valley. She was attended by her sister, Miss Barbara Hendley Dobyns, as maid of honor, who wore a blue gown and hat and carried butterfly roses. Wm. J. Glen of St. Paul, Minn., a classmate of the bridegroom, was the best man. Mr. and Mrs. Eayrs are on a motor trip through Canada and the Western States. After September fifteenth they will be at home at 17 Forest St., Cambridge.

BARKER—TODD

On Sunday, July 12, at the summer home of the bride's brother in Marlboro, N. H., Harry C. Barker and Mrs. Rachel Gerst Todd, 39 Wesley street, were married by Rev. J. West Thompson of Winchester, Mass. Mr. Barker, a former resident of West Newton, is head of the Department of Mathematics in the Phillips Exeter Academy in Exeter, N. H. Mrs. Barker will for the present retain her position in Boston where she is in charge of the Warren District of the Family Welfare Society.

Recent Engagements

Mr. and Mrs. John Fraser of 67 Bourne street, Auburndale, announce the engagement of their daughter Jean Elizabeth Fraser to Mr. Murt Carleton Redman, son of Mr. and Mrs. Frank M. Redman of Chestnut street, Waban.

Miss Fraser is a graduate of the Newton High School and is employed as a secretary at the Newton Hospital. Mr. Redman is a graduate of the Newton High School and of the Massachusetts Nautical Training Ship, Nantucket, and is now employed as a Second Officer on the steamer Ulla, of the United Fruit Company, which runs from New York to Christobel and the Panama Zone.

Mr. and Mrs. Arthur W. Beal, 20 Foster street, Newtonville, announce the engagement of their daughter, Norma Gertrude, to Mr. Ralph B. Smith of Newton.

The engagement of Miss Helen Barbara Bryant, daughter of Joseph Allen Bryant, of Highland avenue, Newtonville, to Clyde C. Barrows of Providence, Rhode Island, was announced recently at a tea given at her home. Miss Bryant is a graduate of Rogers Hall School, Lowell, Class of 1929. Mr. Barrows is a graduate of Brown University, class of 1929. He is a member of the Crimston Club and the Delta Upsilon fraternity. The wedding will take place in August.

Mrs. Hiram Leroy Simpson of 85 Quindic road, Waban, has announced the engagement of her daughter, Miss Ethel Adelaide Simpson, to Loren Wright Taylor, son of Mrs. Harry Wheeler Taylor of Locke road, Waban. Miss Simpson is a graduate of the Cambridge-Haskell School and attended the Vesper George School of Art. Mr. Taylor is a Dartmouth graduate, class of 1928. He was a member of the Theta Chi Fraternity. He is now associated with the Shawmut Corporation of Boston.

15th YEAR OF ELECTRIC REFRIGERATION

A fifteenth anniversary jubilee, marking the brief span of years in which the electric refrigeration industry has grown from a swaddled infant to one of the most active and robust members of America's big business family, will be celebrated by Frigidair Corporation during July and August. It was announced today by George P. Brophy of 1255 Washington street, West Newton, local representative of this General Motors subsidiary.

"Fifteen years ago," said Mr. Brophy, "there were few electric refrigerators in use. These were in the homes of the wealthy and the new form of refrigeration was then a luxury. Today there are nearly 3,000,000 in service and the mass production factories of this industry are working overtime to supply a rapidly increasing demand. This household appliance is no longer in the luxury class. It is economical to own and to operate and provides a range of household service undreamed of fifteen years ago."

"Frigidair has been the outstanding pioneer in bringing the electric refrigerator from the expensive 'electric ice box' class to the money saving, health guarding and essential home servant it is today. Through a policy of progressive engineering, this company has perfected refinements and improvements that have made the home electric refrigerator more serviceable, economical and efficient."

POSTMEN HAVE SATURDAY AFTERNOONS OFF

Letter carriers working in the post-offices in this city in common with those in the other branches throughout the Boston Postal District are having Saturday half-holidays during July and August. This schedule commenced last Saturday.

NEWTON CENTRE DOG BITES MAN

James Donnelly of 33 Crescent St., Auburndale, reported to the police on Tuesday that he had been attacked and bitten by a dog owned by Chandler Walker of 33 Mason road, Newton Centre. The attack occurred near that address. Dr. Boutelle was notified to examine the animal.

AMERICAN LEGION AUXILIARY

The annual birthday party given by the American Legion Auxiliary at the Bradford Hospital will be held on the evening of July 23rd. All members are urged to attend and bring as many girls as possible to dance with the boys. Donations of cake, candy and cigarettes gratefully received by Mrs. Nona Kearney, Webster street, West Newton. Please call West Newton 1269-R to make arrangements for collection of above articles.

Middlesex County Council will hold its annual meeting and caucus on the afternoon of July 25, in the Auditorium of the Bedford Hospital. A box lunch will be served at 6 p. m. All those who are delegates to the State Convention are expected to attend this caucus.

I. O. O. F. CLAM BAKE

Plans are being formulated for the annual clambake, which for the last thirteen years has been run by Garden City and Waltham Encampments.

The Waltham Encampment has seen fit to withdraw this year so Manet Encampment of Quincy is to take their place. The bake will be held at the "Maples," South Sudbury, Mrs. Holcher's Place, about three miles beyond Wayland square on Route No. 20, Boston to Worcester.

Ball games and sports in the afternoon starting at 2 o'clock. Bake opened about six p. m. Aug. 29, Saturday, for Odd Fellows only.

AUTOMOBILE ACCIDENTS

A truck operated by Albert Molloy of 31 Emerald street, Newton, and a car operated by George Sorensen of Staten Island, New York, collided last Friday evening at Bridge and California streets, Nonantum. Alice Vedecio of Riverdale avenue, Nonantum, who was riding with Sorensen, received slight injuries.

Paul Leach, 13, of 69 Los Angeles street, Nonantum, received cuts on his hands last Friday afternoon when he was hit by a car driven by John Baldasaro of 290 Watertown street, Nonantum.

DOGS BITE CHILDREN

Reports were received by the Newton police on Monday of two children having been bitten by dogs. Joyce Hunnefeld, 5, daughter of "Bill" Hunnefeld of Philadelphia, well known ball player, was bitten by a dog owned by her uncle, Henry Dath, 62 Pond street, Newton. Francis Batchelder, 15, of 4 Bridge street, Nonantum, was bitten by a dog owned by Nicolò Biancardi of 311 Kenrick street, Newton. Dr. Boutelle was notified to examine the animals.

CHRISTIAN ENDEAVOR NEWS

Registrations for the Christian Endeavor conferences at Northfield are multiplying. The conference dates are August 17-24. Much valuable material is contained in the Summer sessions at Northfield, and recreational facilities combined with helpful leadership training make it an ideal place to spend a part of your vacation. See your Society president for information.

The student pastor, Edward A. Bullock, who has during his studies at Newton Theological Seminary and coordinate work at Lakeview, Waltham, been a valued friend of the Union, leaves the Waltham church Sunday and will in September assume new duties at the Marlborough Baptist Church.

MANY DIVERSIONS AT NORUMBEGA

Norumbega Park, is ever growing more popular with those seeking recreation. Mr. Arch Clair, Manager, has added many new attractions and has created many diversions to interest the "pleasure bound" patrons who visit the park daily.

Outdoor sport enthusiasts find great delight in engaging in the season's most popular activity "Archery" while the miniature golf course and canoeing are still holding their own as a favorite pastime.

The "Tiny Town Express" Norumbega's Miniature Railway carries many little travelers bound for a trip to "amusement land" the zoo, the penny arcade and to the many other attractions which delight the kiddies such as the Seaplanes, Merry-Go-Round, Goat rides, Ponies and many others. Picnickers in Norumbega's wooded groves enjoy the continuous orthophonic concerts.

In the evening the marvelous Totem Pole Ballroom is the rendezvous of the elite dance lovers, where the music is furnished by Emory Daugherty and his Tom Tom Boys.

ATTENDING SEMINAR

Miss Helen L. Warren, 659 Grove street, Newton Lower Falls, Secretary of the South End District of the Boston Family Welfare Society, left July 13 for Northampton, where she will attend a Seminar for Family Case Workers in connection with the Smith College School for Social Work. The leaders of the Seminar will be Dr. Lawson G. Lowrey of the Institute for Child Guidance, New York City, and Miss Grace Marcus of the New York Charity Organization Society.

GUM

CLOGS MOTORS

but TYDOL Gasolines are 99.1% Gum-Free

Gum lurks in improperly refined gasolines... Waiting to injure your motor... With sticky valves. With clogged feed lines. With hard carbon. With repair bills.

But gum has been outlawed by both Hi-test TYDOL and TYDOL-ETHYL. New equipment costing millions takes out the gum at the refinery. Gum never gets into a TYDOL pump, nor into the gas-tank or motor of a TYDOL user.

Both Hi-test TYDOL and TYDOL-ETHYL are actually 99.1% gum-free. All other gasolines are not necessarily gummy gasolines. But how can you tell? You are always sure of a clean, gum-free motor with TYDOL. Why take a chance?

Change today to gum-free, trouble-free TYDOL Gasolines... the last change you'll ever make.

Tide Water Oil Sales Corporation,
60 Cambridge St., Allston, Mass.
Tel. Stadium 2330.

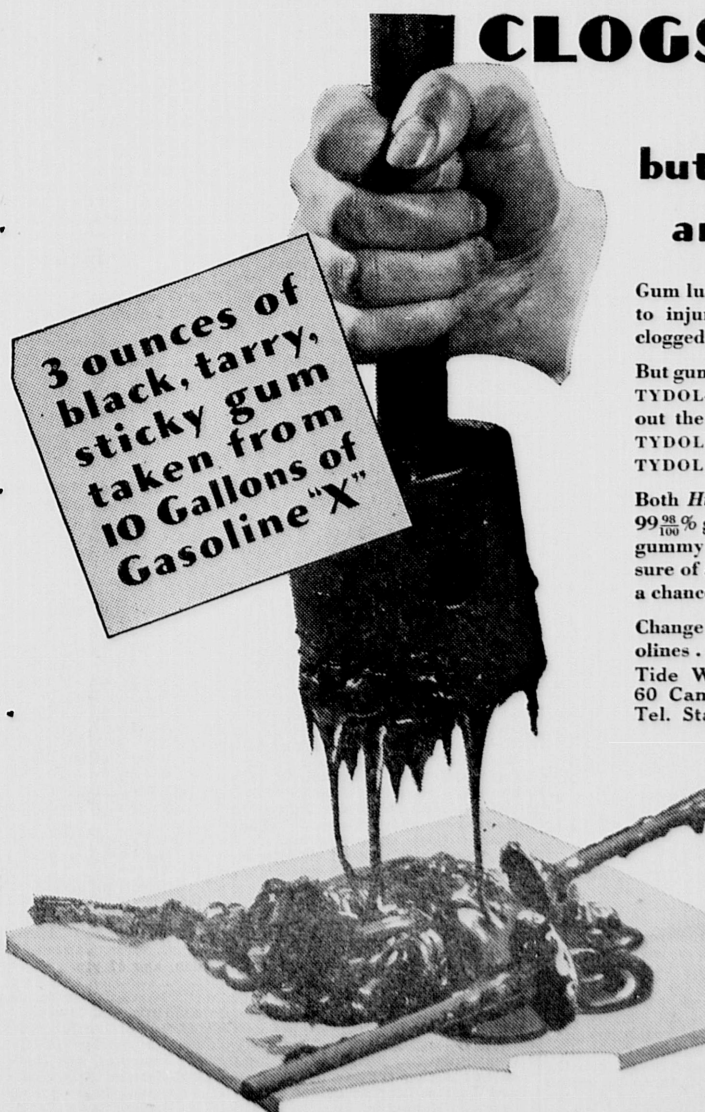

Use ANTI-CARBON VEEDOL with Anti-Gum TYDOL

VEEDOL fights carbon like TYDOL fights gum.

VEEDOL is 99.1% carbon-free. Carbon-forming compounds are removed in the same modern refinery that makes TYDOL Gasolines 99.1% gum-free.

A single carbon-removing job may cost you as much as your entire oil bill for a year. Use anti-carbon VEEDOL and save this money.

Drain and refill today. Anti-carbon VEEDOL plus anti-gum TYDOL will keep your motor clean as you drive your car.

TYDOL GASOLINES

VEEDOL MOTOR OIL...100% PENNSYLVANIA...100% BETTER...99.1% CARBON-FREE

Entered at the Post-office at Boston, Mass., as second class matter

With the filing of the report of the master in the matter of bill board regulation and the fact that the whole subject will be considered by a recess committee of the Legislature, of which Senator Hollis of this city is the chairman, we trust that something will be done to curb this form of advertising. The fight against bill boards has been a long one. The first victory was in 1918 before the Constitutional Convention. Next came in 1920 legislation giving the Public Works department supervision over billboards. In 1924 there was legislation giving local authority to restrict billboards. In 1925 the billboard interests went into court with the hope of making the legislation unconstitutional and the whole matter has been in court since that time.

The restraint of dogs in this city is far from what it should be. From our observation of the matter it would seem as if only fifty percent of the owners of dogs comply with the order of the aldermen.

The new regulations regarding automobile traffic and control are now in effect. Be sure you comply with them.

SEEKS REMOVAL OF "FOR SALE" SIGNS

A plea to remove all "For Sale" signs from Newton real estate was made Wednesday by James W. Gibson of 555 Commonwealth avenue at the weekly noon-day meeting of the Newton Board of the Boston Real Estate Exchange at the Vernon Court Hotel.

Discussion of Mr. Gibson's proposal by the assembled brokers resulted in the appointment of a special committee consisting of Mahlon W. Hill, Thomas H. Burns and James W. Gibson to make a study of the real estate sign situation in Newton and to report at the next meeting of the Newton Board on July 22nd.

Most of the brokers present advocated the removal of signs, as proposed by Mr. Gibson, with a view to stimulating greater interest in Newton real estate and the heightening of real estate values. The presence of too many For Sale signs in Newton, it was argued, created a wrong impression in the minds of home-buyers and led to depression of property values.

By removing all For Sale signs for six months, it was argued, the sale of homes would be stimulated, owners would be enabled to obtain better prices for their holdings, and brokers would receive more direct calls for houses from interested customers.

ABOUT TOWN

By Edw. H. Powers

Scarcity of women cannot be given as the reason for so many bachelors in this city. According to figures issued this week by the Assessors of Newton, the number of men in the Newtons as listed on the April 1st assessed polls' lists was 18,802. The number of women listed by the assessors on April 1st was 23,846. This would indicate that there are over 5000 more women than men in the Newtons.

Boyd Park playground was opened to the children this week and hundreds of youngsters have been taking advantage of this greatly improved playing area. It is expected that the tennis courts will be open at the playground in the near future. One complaint made since the park was opened was that large boys from Watertown monopolized the baseball field during the evening hours and Supt. Hermann took steps to stop this abuse. It is probable that smaller children residing in Watertown in the area immediately abutting the park will be accorded the privilege of using the playground.

Over 36,000 persons were killed in automobile accidents in this country last year and it is probable that this appalling total will be exceeded this year. President Hoover cannot be commended for setting a good example to lessen this slaughter when his car travels between Washington and his summer camp at the rate of 55 miles an hour, and one of the automobiles in his entourage becomes involved in a serious accident.

It seems selfish to limit the use of the parking area on city owned land at West Newton to city cars. If a man were kept on this area each day to regulate parking while Washington street at West Newton cannot be used for parking purposes automobiles privately owned could also have room to park on the area between Elm and Cherry streets.

Newton Lower Falls

—Mr. Thomas Duncan is confined to his home by illness.

—Hemstitching done while you wait. Call Emma M. Menge, N. N. 4610.

—Mr. James Manning of Walnut street is recovering from his recent accident.

—Mr. Herbert Gleason of Prospect street has recently returned from a trip to Canada.

—Window shades and screens. Westin Bros., 16 Centre Avenue, Tel. Newton North 4167.—Advertisement.

—Mr. and Mrs. Horace Gleason of Concord street are the guests of their son, Arthur, at his summer home at Brant Rock.

—Mr. Robert Enholm of Newark, N. J., spent the week-end as the guest of his parents, Mr. and Mrs. Carl Enholm of Beacon street.

—Mrs. Alma Hovland and daughter Helen of Long Island, N. Y., are the guests of Mrs. Hovland's parents, Mr. and Mrs. M. W. Hemeon of Concord street.

—The Misses Shannon of St. Petersburg, Florida, who have been the guests of Mr. and Mrs. H. E. Cahill of Whittier road, Wellesley Hills, have recently left for an extended tour of Europe.

Newton Highlands

—Mr. John Dowd is the guest of his aunt, Mrs. Murt Wallace at her home on Fisher avenue.

—Mrs. Hunton and Miss Bessie Hunton of Walnut street have returned from a visit to Dr. and Mrs. Charles Parker at their summer cottage at Horseneck Beach, Mass.

—Mrs. Chas. C. Henking and daughter, Margaret of Huntington, West Virginia, are the guests for the summer of Mrs. Henking's brother, Mr. Donald D. McKay, of Woodcliff road.

—Mrs. Edward Ruby of Hyde St. was in town on Monday last, having motored here from Framingham where she is spending the summer at the home of her aunt during her stay in Switzerland.

—Miss Florence E. Peires of Washington, D. C., who was a frequent visitor at the home of her sister, the late Mrs. Laura P. Elliott is summing at Jaffrey, New Hampshire, where her sister, Mrs. Adeline Brown of Brattleboro, Vermont, joined her on Thursday last.

Marriages

KIMBALL—SOULER; on July 3 at West Newton by Rev. John S. Franklin; Charles E. Kimball of 11 Washburn ave., Auburndale, and Edith Souler of 139 Rowe st., Auburndale.

Ought to Sell Anyone

We have talked to an electric refrigerator salesman who was so enthusiastic he not only said it would pay for itself but intimated that within a ridiculously short time it would be practically supporting the entire family.—Ohio State Journal.

KIWANIS CLUB

The regular weekly meeting of the Newton Kiwanis Club was held on Tuesday, July 14, 1931, at 12:15 at the Old Venice Restaurant in Norumbega Park. The speaker of the day was Mr. J. H. Hanson of the Automatic Stoker corporation. Mr. Hanson gave a very interesting and enlightening discourse on Modern Heating.

On next Tuesday the Club after lunch will adjourn to Sandy Burr Country Club at Wayland where a tournament will be held for members of the Newton Club, suitable prizes will be awarded to the best and worst golfers. John Jane, Albert T. Stuart and Robert A. Vachon are in charge of the arrangements.

FANEUIL ENDEAVORERS AT LINCOLN PARK

Sunday evening, July 19th, the West Newton Community Evening Service at the Lincoln Park Baptist Church will be conducted by the members of the Faneuil Congregational Christian Endeavor Society of Brighton.

The president, Frank H. Clark, will be assisted in presenting the subject, "Why Should We Bother?" by Theodore Burk. Miss Myrtle Severance will serve as pianist and will sing the offertory solo "I Came To Thee," by Caro Roma. Miss Rebecca Severance will sing Jewett's "Teach Me To Pray."

The responsive reading will be led by Miss Lillian Schroeder. The Scripture Lesson will be read by Miss Audrey Hussey. The prayer will be given by Robert Heigham.

Although this is the first year that the evening services at Lincoln Park Church have been continued through the summer the attendance so far this month has averaged over a hundred and fifteen at each service.

THE CHILDREN'S MUSEUM

Boys and girls with ambitions in the direction of radio broadcasting will have a treat offered them at The Children's Museum of Boston this Friday, when Sarah Harding Hunter of the lecture division of WEEL gives an illustrated lecture on radio broadcasting at 3:00. The talk is open to the public. "On the Air" is the title of the talk which is accompanied by a motion picture giving scenes inside the well known WEEL broadcasting station.

The Saturday motion picture is "Westerling Through England." The beautiful southern sections of England are shown in the film. This three o'clock film gives a splendid idea of the sea coast resorts, lily-strewn garden pools, old manor houses, coves and castles that are characteristic of the south and west of England.

The film for next week is "Mexico, Our Nearest Neighbor." On Sunday following at 3:30 there is a film "Sombrosos and Sunshine"—a Mexican picture.

AMERICAN LEGION BAND WILL SERENADE

The band of Newton Post, American Legion, will serenade the Highland Barber and Beauty Shop at 25-27 Lincoln street, Newton Highlands, on Monday night at 7:30. John Geraci, proprietor of the barber shop, is a popular member of Newton Post and the serenade is in appreciation of the work he has done.—Advertisement.

CHRISTIAN SCIENCE

"Life" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, July 19.

The Golden Text is: "As the Father hath life in himself; so hath he given to the Son to have life in himself" (John 5:26).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "In the way of righteousness is life; and in the pathway thereof there is no death" (Proverbs 12:28).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "When we realize that Life is Spirit, never in nor of matter, this understanding will expand into self-completeness, finding all in God, good, and needing no other consciousness" (p. 264).

Recent Deaths

GRACE H. BARR

Miss Grace H. Barr, who passed away last Friday, had been a resident of Newton Highlands for about ten years.

She was a daughter of the late James Barr of Glasgow, Scotland, and Charlotte Taylor Barr.

Miss Barr was connected for a number of years with the Walker Stetson Company of Boston, later with the Gilchrist Company as glove-buyer, and then with the Shepard Company of Boston as buyer of gloves and neckwear. In April she accepted a position as buyer of gloves for the Higbee Company of Cleveland, Ohio.

Miss Barr will be greatly missed by her business associates and her many friends as she was a person of unusual ability and great charm.

Funeral services were held at her late residence, 28 Erie avenue, on Monday afternoon and interment was at Walnut Hill Cemetery.

She is survived by her mother, Mrs. Charlotte Barr George and a sister, Miss Ruth I. Barr.

WILLIAM E. THAYER

William E. Thayer of 16 Newland street, Auburndale, died on July 10th in his 80th year. He was born in Bellingham, Massachusetts, and for 46 years had been in the employ of the Boston & Albany Railroad, retiring 9 years ago. He had been a resident of Auburndale for 45 years. He was a member of the Brotherhood of Railroad Conductors and of Newton Lodge, I. O. O. F. His funeral was held on Sunday. Rev. Maurice Bullock conducted a prayer service at the late home of the deceased and the funeral service was held at Centenary Methodist Episcopal Church where Rev. Mr. Bullock officiated, assisted by Rev. John S. Franklin of West Newton. The officers of Newton Lodge conducted the Old Fellowship ritual. Mr. Thayer had been a member of the lodge for 45 years. Interment was at Woonsocket, Rhode Island. He is survived by his widow, Mrs. Minnie Thayer, and one son, Harley T. Thayer of Worcester.

MRS. EVA W. HERRICK

Mrs. Eva W. Herrick passed away at her home, 1599 Washington St., West Newton, Wednesday evening, after a short illness. She was a member of the Dane St. Congregational Church of Beverly. Funeral services are to be held at the Lew-Funeral Home in Beverly, Friday, July 17, at 3 o'clock.

She is survived by two sisters, Mrs. Martha J. Roberts and Mrs. Carrie Frank of Hallowell, Maine, a brother, Dr. Wm. T. Merrill of Bedford, Mass., a daughter, Miss Gertrude M. Herrick of West Newton, a son, Carl E. Herrick, of Reading and a grandson, Paul E. Herrick of Reading.

JAMES D. KINSLEY

James D. Kinsley of 127 Waverley avenue died on July 12th in his 82nd year. He was a native of Canton and had been a resident of Newton for 45 years. He was formerly engaged in the wool business. His funeral service, which was private, was held on Wednesday, Rev. Chester Drummond officiated. Interment was at Mount Auburn.

MRS. SARAH M. GARLAND

Mrs. Sarah McLennan Garland of 36 Billings park, Newton, widow of Dr. Joseph E. Garland of Gloucester died suddenly on July 16. She was born in Brookline and had resided in Newton for about 5 years. She is survived by two sons, Kimball R. Garland of Newton and Dr. Joseph Garland of Brookline; and two daughters, Mrs. Harry Walden of Newton and Mrs. Philip Lewis of Cambridge. Her funeral service will be held Saturday at 2 p. m. in the First Unitarian Church, Gloucester.

MRS. MARY DeCOURCY

Mrs. Mary DeCourcy of 1345 Centre street, Newton Centre, died on July 10. She was the widow of William DeCourcy and was a native of Sussex, New Brunswick, where she was born 82 years ago. She had resided in Newton Centre for 6 years. A service was held at her late home Sunday night, prayers being read by Rev. Jeremiah Driscoll of Sacred Heart Church. The body was taken to Sussex, New Brunswick, where the funeral and burial took place.

JOHN W. ALDEN

John W. Alden of 133 Bigelow road, West Newton, died on July 11. He was born in Newport, New Hampshire, 67 years ago and had resided in this city for 3 years. He had formerly been engaged in the cake manufacturing business. He is survived by his widow, Mrs. Rachel Alden, two daughters and a son. His funeral service was held on Monday, Rev. Henry Scroft of Melrose officiated. Burial was in Newton Cemetery.

MARY B. LACKEY

Mary B. Lackey of 94 Crescent st., West Newton, died on July 11. She was born in Boston 53 years ago and had been a resident of West Newton for 43 years. She had been long in the employ of Ginn & Company, book publishers. She is survived by a brother, Thomas F. Lackey, and a sister, Margaret Lackey, both of West Newton. Her funeral service was held Tuesday morning at St. Bernard's Church and burial was in St. Joseph's Cemetery, West Roxbury.

IN MEMORIAM

In loving memory of my mother, Maria Lomax, died July 19th, 1923. I cannot say, I will not say, That she is dead. She is just away.

—Let's Save Money! Factory prices on Babies' and Children's Underwear, Hosiery or Baby Shoes at the Factory Store on Morse street, Watertown—Advertisement.

—Memorial services in honor of the late Anna A. Gordon, a former well known resident of this place will be held in the vestry of the Park Street Church, Boston, on Friday afternoon, July 24, at two o'clock. Miss Gordon was a former president of the National W. C. T. U. and a former president of the World Women's C. T. U. Mrs. Ella A. Poole, president of the National W. C. T. U., will preside at the memorial services.

West Newton

—Mrs. John J. Goddard and Miss Theresa Goddard of Cross street will visit relatives at Hartford next week.

—Philip Sheehan of Davis avenue has returned from Chicago where he has been engaged in business.

—Rev. Dr. Arthur M. Ellis will preach next Sunday morning at the Second Church.

—Misbehavior in women is as shocking as the sight of a rose floating in a sewer. If it were a turnip or a potato it would not be so bad.

Women are the roses, men the turnips, and women ought to remember it. But they don't when they drink cocktails, dress indecently, cultivate the use of profanity, drag jewels that foolish husbands give them through speakeasies, where gangsters are quietly taking notes.

Trotsky, exiled from Russia, says only 5 per cent of Russians live as "Socialists," and wants Russia to put Stalin out of power. That suggests a fable in which the mice decided that somebody should put a bell on the cat that all might know when the cat was coming. No mouse wanted the job of "belling the cat."

Stalin retains his power, and accumulates knowledge of human beings as he goes along.

Everything is easy, in theory. He that would not undertake to build a bridge across a ten-foot stream will cheerfully undertake to change a system of human government.

Stalin, head man of Russia, learns as he goes, and is willing to be taught. He has abandoned the noble theory that all men being equal should receive the same wages. He needs skillful men, and finds that skillful men resent too much equality.

This Week

by ARTHUR BRISBANE

The Moratorium Is Here.
Another Planet.
Roses and Turnips.
Stalin Works, and Learns.

The moratorium, such as it is, becomes part of history, and payment of war debts, to us, perhaps a part of past history.

President Hoover sent abroad a business man, Andrew Mellon, and, at least, there was some action.

The arrangement is not exactly what this country suggested. Germany must pay the money that France doesn't get, during the moratorium year, into the Bank for International Settlements, to be paid to France later. The Bank may, meanwhile, lend the money on German railroad bonds. But France must get it, with interest.

It is as though Jones owed you a hundred dollars, asked a year's respite, and you said: "All right, you need not pay me the hundred dollars until a year from now. But meanwhile you must pay it to John D. Rockefeller, let him lend it to you, and guarantee me that I'll get it back at the end of a year."

When the moratorium news came, Wall Street, so anxious to be happy, decided that it was a little millennium, and put up prices. Then, as sometimes happens, Wall Street began to think, and prices went down, "Big Steel" selling 72,000 shares, and going from 104 1/2 to 98 at the close.

The Paris Stock Exchange was buoyant, and remained buoyant. The French had what they wanted. They are an efficient people.

The United States, by what President Hindenburg calls "a magnificent gesture" gives up some hundreds of millions of revenue, getting in exchange the satisfaction of helping the world in its difficulties.

The moratorium will mean probably increased Federal taxes. But increased taxation can, doubtless, be postponed until 1933 and by that time the galled-jade taxpayer may be feeling better.

When the agreement had been reached in Paris, following rejection by France of three other plans, according to Paris newspapers, there was a drinking of toasts in the Paris Council Chamber. Excellent champagne was provided, and, out of respect for United States ideas, a large pitcher of orangeade.

Prohibitionists will regret to learn from reports that, after all the toasts had been drunk, all of the orangeade was still in the pitcher.

Japanese scientists at the Kyoto Astronomical Observatory have added another to our family of planets, circling round the sun, and going with it through space. Heaven knows where.

The new planet is no dwarf, for its diameter is 3,000 miles greater than that of the earth. It was discovered to the south of the "Snake Charmer" constellation, about one hundred million miles from the earth.

This planet is another monument to the great Newton. It flies around the sun in its orbit, held in space by mysterious gravitation, in accordance with Newton's formula.

And there is something, call it "imponderable ether," or what you like, between the sun and the planets. No force could act through a vacuum.

Miss Camilla Kelly, of Memphis, Tenn., officially known as "Judge Camilla," in a sound speech says that in women misbehavior is "just a little worse than in men."

Judge Camilla says God holds women to a higher degree of responsibility, because they are mothers of the race. Men, she thinks, "have been a little deceived by their superiority complex."

Misbehavior in women is as shocking as the sight of a rose floating in a sewer. If it were a turnip or a potato it would not be so bad.

Women are the roses, men the turnips, and women ought to remember it. But they don't when they drink cocktails, dress indecently, cultivate the use of profanity, drag jewels that foolish husbands give them through speakeasies, where gangsters are quietly taking notes.

Trotsky, exiled from Russia, says only 5 per cent of Russians live as "Socialists," and wants Russia to put Stalin out of power. That suggests a fable in which the mice decided that somebody should put a bell on the cat that all might know when the cat was coming. No mouse wanted the job of "belling the cat."

Stalin retains his power, and accumulates knowledge of human beings as he goes along.

Everything is easy, in theory. He that would not undertake to build a bridge across a ten-foot stream will cheerfully undertake to change a system of human government.

Stalin, head man of Russia, learns as he goes, and is willing to be taught. He has abandoned the noble theory that all men being equal should receive the same wages. He needs skillful men, and finds that skillful men resent too much equality.

The Vienna Convention Of Rotary International Reported By Delegate

Interesting Report Is Made To The Newton Rotary Club By Dr. Fred M. Lowe

At the weekly luncheon of the Newton Rotary Club, held as usual on Monday at the Woodland Golf Club, Dr. Fred M. Lowe, who was the official delegate to the recent annual convention of Rotary International at Vienna, made the following report:

After a journey of over ten thousand miles I am going to try to give you a report of my stewardship. I don't fear a failure of giving you the facts but I do fear my inability to transmute into you men the tremendous importance of this convention—its thrills, its cheerfulness and happiness and the general settled agreement in the minds of the delegates that Rotary has come into its own—that its 6th object is veritably the stepping stone to world wide peace.

On our ocean trip over of eight days we were instructed as to what was to be expected of us in the Congress. Am sorry that the games, songs, strange and funny things which happened, also the reception of my straw hat—the only one in London—must have no part in this report.

Paul King, lawyer of Detroit, skillfully discussed the 26 resolutions calling for changing the usual handling of Rotary International. He did not instruct—simply explained and suggested. The speech of Charlie Smith, President of Roanoke College, Virginia, on the "Spirit of Rotary" was to my judgment a masterful effort. He said in brief "These are the days when Rotary is put to the test. The war did not and could not kill it. Europe has been hit harder than we have. We can liquidate but Europe cannot. Let us go forward with Rotary—free from fault finding and holding forth friendliness and love thereby cementing in lasting peace all nations of the earth."

Monday, June 22nd, after three hard days of train travel, stopping only at night at Paris, Zurich, and Munich, we got down to business in the large convention hall of the Concert House. The entire forenoon was spent in registration, presenting credentials and getting voting delegates badges without which you could take no part in the convention's deliberations.

The afternoon was spent in discussing proposed legislation.

Tuesday, June 23rd, meeting called to order by Sidney Bassett, Chairman of the Convention Committee, after a grand musical opening by the organ and four trumpeters.

Addresses of welcome—First came the President of the Vienna Rotary Club—A Pleasant Offering given in four languages. Next the Mayor of Vienna welcomed all Rotarians—then the Chancellor of Austria and lastly the President of the Austrian Republic, William (Wilhelm) Miklas, whose speech was received with much applause with every Rotarian on his feet. Among other things he said that personal contact is the way to bring forth the real issues of humanity—thereby bringing out friendliness, truth and love of man for man.

President Almon then made a very happy response to these words of welcome. Then came the introduction to the delegates of all past presidents, governors and heads of committees. Now came President Roth's address. Here are a few high spots—"At the first convention of 1912 the membership of Rotary numbered but 5000 with 50 clubs in Canada and the United States. Only 598 attended this meeting. Today 157,000 is the membership. In 1901 outside and 35 clubs with a membership of 686 inside. To the speaker's mind these figures are of the greatest significance. Attendance in some districts—94%. In all clubs on the North American Continent \$5,544. Total registration at this convention 4,285. There has never been a time of more friendly and co-operating relations between Rotary International and R. I. B. I. Twelve new countries have taken on Rotary the past year, so that today there is a great need of internationalizing the personnel of the board of directors."

Someone has said that Rotary's success lies in the promotion of international understanding through a World Fellowship of business and professional men. Speakers from Hungary, England, Italy and Canada—men of large affairs—some of them members of the League of Nations then read papers on Community, Vocational, Club and International Service. The speech of Lord Cecil of London on Disarmament held the closest attention of our tremendous audience. As you no doubt have read it in America's papers I will quote a few opening lines of his great paper. "Rotary movement is one of the remarkable things of the present day. The striking thing about it is Rotary does not aim at direct material benefit to its members. It may be characterized as a cultivation of friendliness. Rotary is becoming a great power in the World and has accordingly a great responsibility."

"I ask you to use your great influence to promote the success of International Disarmament at the Conference in 1932."

Voting on resolutions—26 in number. Two added later. Only a few interest us.

No. 1—Requiring attendance at home club of 20%—after much discussion was withdrawn.

No. 4—Raising the number of 12 directors to 14. Adopted.

No. 5—To provide a Governor and Interim. Adopted.

No. 8—To allow only Rotarians to wear the emblem. Withdrawn.

No. 14—To change the method of electing the president and 5 directors of Rotary from the United States. Withdrawn.

(Continued on Page 4)

Bids For New City Hall Indicate \$800,000 Cost

Interesting Figures Received By Public Buildings Dept.

The bids for the new city hall and war memorial building, as well as the bids for grading and landscaping the surrounding grounds were opened by Public Buildings Commissioner Chadwick at City Hall last Wednesday. Keen competition marked the bids; several of the contractors submitting figures quite close, considering the size of the job. The bids show that the cost of the buildings, plus the extensive grading, and the furnishings for the new structures, will be within the estimate allowed by Mayor Weeks—\$850,000.

The first bids opened were for the grading and the landscape work. The bids and bidders were as follows: James Chesaron, Newton Upper Falls, \$108,411; J. B. Delaney & Son, Waltham, \$108,950; Richard White, West Newton, \$115,329; James Driscoll & Son, Brookline, \$119,750; Tomassello & Son, Boston, \$123,900; T. Sturatt & Son, Watertown, \$123,900; John McDonald Construction Co., Boston, \$124,037; M. E. Hennessy, Brookline, \$160,105. The three lower bidders have done considerable work for this city. Among the contracts performed by Chesaron were the construction of Wauwinet, Ellis and Colbert roads; Delaney resurfaced Washington street near the Newton Hospital and built the group of streets in the Falmouth road section; White recently constructed the conduit at the new police station site.

On the bids for the construction of the City Hall and War Memorial the Crane Construction Company of Boston and C. S. Cunningham & Sons Company submitted figures almost identical. The Crane Company bid \$327,000 on the City Hall and \$167,000 on the War Memorial; a total of \$494,000. C. S. Cunningham & Sons bid \$335,700 on the City Hall and \$158,400 on the War Memorial; a total of \$494,100. C. H. Cunningham & Sons bid \$341,000 on the City Hall and \$163,000 on the War Memorial; a total of \$504,000.

Other bids were—A. Piotti Co., \$606,537; J. M. Hartwell, \$546,015; Munroe & Westcott, \$548,523; M. Slotnick, \$513,370; Thomas O'Connor Co., \$521,000; John M. McDonald Co., \$552,215; Turner Cons. Co., \$550,227; M. S. Kotliher Co., \$508,500; George A. Fuller Co., \$526,348; Fitzgerald Const. Co., \$527,777; Treddonick & Billings, \$524,229; Knut Svenson, \$580,000; Imhof Company, \$529,500.

The bidders on the sub-contracts were: Plumbing—Wm. N. McKenna Co., \$15,740; William H. Mitchell Co., \$16,280; Boyden Co., \$17,368; P. W. Donoghue, \$17,383; R. H. James Co., \$17,445; J. S. Cassidy Co., \$16,860; Pierce & Cox, \$17,950; James A. Cotter Co., \$18,984; George Torngren, \$19,541; T. J. Murphy Co., \$19,865.

The bids on the heating were divided into two sets—one using oil burning equipment; the other using stokers and coal burning equipment. On both bids the George E. Soar Co. was away below the other bidders. Their bids were \$35,495 on the oil burning equipment and \$36,792 on the coal burning equipment. Other bids, (with those for the oil burning equipment specified first) were—R. H. Baker Co., \$50,630 and \$51,357; Henry W. Lane, \$51,505 and \$52,055; Acme Heating Co., \$52,902 and \$53,597; George Torngren, \$53,600 and \$55,000; J. S. Cassidy Co., \$53,870 and \$54,530; R. B. Crocker, \$54,800 and \$55,500; Frank E. Cassidy, \$56,666 and \$57,348; McMurder Co., \$57,775 and \$58,575; P. A. Dolan Co., \$57,580 and \$58,030; Lynch & Woodward, \$58,755 and \$59,450; T. J. Murphy, \$63,124 and \$64,711; Pierce & Cox, \$53,248 and \$63,931.

The bids on the electric contract were—Edwin C. Lewis, \$36,978; Henry Electric Co., \$37,513; H. M. Haley Co., \$37,960; M. B. Foster Co., \$39,940; McFarlane & Abbott, \$40,000; Carlisle Electric Co., \$40,882; M. Wilkinson Co., \$40,337; Balcain Bros., \$41,654; C. L. Devore, \$41,826; Hawes Elec. Co., \$45,300; Quinn Bros., \$46,528.

Bids for the sheet metal work were—George H. Priggen, \$7603; J. S. Cassidy, \$7739; Parke L. Davis, \$8900; Delbrook Ventilating Co., \$9665. Bids on the pipe covering were—Nightingale-Childs Co., \$4108; Norristown As-

Newton Girl Scouts Live In The Open

And Have Ample Opportunity To Work For Merit Badges

Living in the "open" gives a wonderful opportunity to work on outdoor Merit Badges and the program at Camp Mary Day offers many of these to the girls who are spending part of their summer at the camp.

During the first two weeks of camp the following girls did the work required for the Flower Finder Badge—Marjorie Ashendon, Troop 22; Eleanor Chase and Juliette Harvey, Troop 25; and Mary Tudbury, Troop 26.

Carolyn Hayden, Troop 5, and Helen Bennett, Troop 23, passed the Observer Badge.

Carol Smith, Troop 5—Lois Pope and Marjorie Ernst, Troop 11, completed the work for the Star Finder Badge.

Carolyn Hayden, Troop 5, and Elizabeth Benson, Margaret Carter and Bertha Ogden of Troop 25, all passed the Pioneer test. These girls spent a night on the "ridge" where they cooked their supper and breakfast asleep in spite of many friendly mosquitoes.

The Swimming Merit Badge was passed by Jean Patterson, Troop 2—Carol Smith and Lucile Clark, Troop 5—Lois Pope, Hazel Quinlan and Dorothy Banks, Troop 11—Marjorie Ashendon and Constance Brickett, Troop 22—Lucile Bennett, Troop 23 and Virginia Brown Troop 26.

Learning to paddle and how to handle a canoe, make good landings, throw a life line and many other interesting things come into the Sailor Merit Badge and the girls who are allowed to work for this are always greatly pleased. During the first encampment Louisa Shepardson, Sally Pratt and Helen Pratt completed this test.

Louisa Shepardson of Troop 23 passed the Junior Red Cross Life Saver Merit Badge as well as the Red Cross Emblem.

Three girls passed the First Aid Merit Badge with Miss Cressy the camp nurse. They are Jean Patterson, Troop 2; Phyllis Sweetser, Troop 11; and Edith Pratt, Troop 26.

The first two week period at camp ended on Monday, July 13, when 21 of the 35 campers left for home. Their places were filled by 21 other girls who arrived in the afternoon and took the places the girls had left vacant in the morning.

Those to arrive were—Margaret Sloane, Barbara and Theodora Klein of Troop 1; Jane Elwell, Joan Marble, Barbara and Doris Wood and Beverly Smith of Troop 3; Peggy Tebbetts of Troop 4; Ruth Carter and Lloyd Edson of Troop 5; Barbara Adams, of Troop 11; Joan Marble of Troop 23; Edith Dasey, Doris Haywood, Eldora Kirton and Eleanor Townsend of Troop 26; Margaret Konetzky, Troop 28 and Nancy Blake and Helena Olson of Troop 34.

"PLYMOUTH" AUTOMOBILE A SENSATION

The new PLYMOUTH automobile, made by Chrysler and selling at prices as low as \$535 for the roadster and \$575 for the 2 door sedan, is causing a real sensation. A four cylinder car with the power and smoothness of an "8", it has a speed of 65 to 75 miles, a pickup that is remarkable and power to climb the steepest grades easily on high. It has selective "free-wheeling" and "floating power." This latter feature is obtained by suspending and accurately balancing the motor of the car on two live rubber mountings which absorb all vibration and give a smoothness of operation which is amazing. People who have ridden in the new PLYMOUTH are enthusiastic about it. The PLYMOUTH in this city is sold by J. B. Jurad of 11 Court street, Newtonville, at the rear of 667 Washington street. He will be glad to demonstrate this wonderful, low priced car.

bestos Co., \$4281; Hinman Asbestos Co., \$4477; Keasby-Mattison Co., \$4562. Bids on the painting contract were—A. D. Howlett Co., \$12,174; Johnson-Foster, \$13,345; A. W. Anderson, \$13,428; M. D. McDonald Co., \$14,965; H. M. Nordstrom, \$15,275; Newton Marshall, \$15,530.

A meeting of the City Hall Committee and the Public Buildings Committee in conference with Buildings Commissioner Chadwick and the architects was held last night at City Hall. It is probable that the contracts will be awarded on the buildings and grading next week and work started at once on the project.

Boston University Summer Session

Many Newton Residents Register for This Popular Course

Newton is well represented in the registration of the Boston University Summer session. 1335 students have already registered, the largest registration for recent years.

Among those entered from Newton are the following:—
Newton—Edith M. Boothby, 239 Washington; John E. Cannon, Jr., 52 Washington; Francis C. Compton, 16 Bacon; Howard P. Fitts, 79 Pembroke; Ellen Fitzpatrick, 12 Belmont; Paul A. Ladabouche, 64 Waban Park; Mildred R. Lawson, 129 Waban Park; Ruby Morrison, 270 Franklin; Mary A. Quinn, 26 Washburn; Helen S. Shepherd, 50 Elliot Memorial road; Merietta S. Wharton, 7 Payette; Louise E. Whitten, 169 Washington.

Newton Centre—Marie E. Klenk, 63 Royce road; Harold E. Burnham, 354 Ward; Reginald L. Capon, 58 Chandler road; Albert L. Carpenter, 72 Homer; Ernest F. Ditz, 27 Bishops Gate road; Dorothy Giles, 148 Warren; Alice M. Griffin, 13 Tarleton road; Margaret S. McLain, 7 Nottingham; Warren T. Powell, 64 Garland road; Margaret B. Tims, 11 Paul, Ralph H. White, 61 Elgin.

Newton Highlands—Lucy Babcock, 148 Dickerman road; Frances E. Brooks, 166 Plymouth road; Esma W. Brown, 5 Chester; James B. Colton II, 1150 Walnut; F. Eleanor Elliott, 1110 Walnut; Bessie M. Hunton, 1048 Walnut; Mildred March, 128 Lakewood road; Mary E. Seaver, 112 Hyde; Dorothy E. Sweet, 121 Carver road.

West Newton—Miah J. Falvey, 22 Annopolis road; Mary G. Gianferante, 391 Cherry; Doris A. Sargent, 15 Perkins; George W. Tomlinson, 819 Watertown.

KIWANIS CLUB

The regular weekly meeting of the Newton Kiwanis Club was held at the Old Venice Restaurant in Norwobega Park on Tuesday, July 21, 1931, at 12:15 P. M., President Paul presiding.

At the request of John Janse the meeting adjourned to Sandy Burr Country Club where the members of the Newton Club participated in a golf tournament, the prizes were awarded to Austin M. Shea, best net, 2nd prize to Edward Hickey, 3rd prize to Dr. Paul.

Austin M. Shea who scored the best net is a new member and was introduced to the club at this meeting.

On Tuesday next Senator Conde Brodridge of Revere, chairman of the committee on railroads in the state senate and leader of the opposition to the oil farms in Revere will be the speaker.

Letters To The Editor

With all the agitation against unnecessary noise in the city, it seems that much of it is easily remedied. For instance, most of the culvert covers in our streets set by the Edison Co. are convex on the top, so that every truck that rides over one must jump up from 3-4 to 1-1-2 inches.

On Centre street at the foot of the hill are 8 covers of the various city services within a range of a 30-foot circle. Several are of the convex type mentioned above. Why not substitute flat covers and relieve the neighborhood of the bump-whang-bang when our procession of trucks continually rattle over one or more of them with chains rattling, tailboards bumping and contents settling after a "forced landing."

There are many other streets where the same conditions exist.

One of the neighbors.

AUTOMOBILE ACCIDENT

Mr. and Mrs. Joseph Simpson and little child from New York who are visiting Mr. and Mrs. Cooper of Grove street suffered injuries when the car in which they were driving collided with another at the corner of Woodland road and Central street on Monday morning.

The Simpson car, owned by Miss Eleanor Cooper was turned over and its occupants pinned beneath it, miraculously escaped more severe injuries as the top was completely crushed.

Newton Churches Conduct Children's Summer Classes

Over Four Hundred Children Enrolled, Under Twenty-nine Teachers, in Three Centres

Although for the most part Newton pastors are on vacation and their churches are uniting for union services during the summer, educational training of the young is still in progress. Over four hundred children between the ages of four and fourteen are enrolled in three summer church schools at Newton Centre, Newton Upper Falls and Newtonville. These children are under the care of three superintendents and twenty-nine teachers, quite a share of whom are graduates of schools of religious education or have had college or normal training.

Those in charge of these schools say that their purpose is not direct religious instruction, but body and character building, discipline, reverence and contact with christian teaching influence. In all three schools the day opens with a worship period and is followed by a program of the same kind of occupational work and play periods practiced in public school work. The main difference in occupational work from that of the public schools being that the children are differently motivated. In the case of Newtonville and Newton Upper Falls, the articles made go to children's hospitals and are being used for exchange with children in other places doing similar work.

The unselfish project of the Newton Centre school deserves special mention. Here the children make an offering of their own money every day which goes for the support of a similar school at the Peabody Home for Crippled Children. With the volunteer aid of some of the teachers, the Newton Centre school conducts this special school for twenty-five crippled boys and girls three afternoons a week.

These schools are in session for the month of July. They open on week days, except Saturday, at nine and close for the day before twelve. In all three schools milk is served during the morning to the primary children. Those who can pay a nominal sum do so and the rest have the lunch free.

The Newton Centre school is held at the Newton Theological Institution and is sponsored by the Protestant churches of the village. The school is under the supervision of Mr. Richard B. Smith assisted by supervisors Dorothy England and Lola White. One hundred fifty children are enrolled.

The school at Newton Upper Falls is sponsored by the Methodist Episcopal Church. The school is under the personal supervision of Rev. G. Vaughan Shedd who is foregoing a month of his vacation in order to contribute his services. He is assisted in supervision by Olive Duvall and Dorothy England. One hundred twenty children are enrolled.

The Newtonville school is held in the Methodist Church and is sponsored by the Protestant churches of the village. It is under the supervision of Mr. Richard B. Smith assisted by supervisors Dorothy England and Lola White. One hundred fifty children are enrolled.

sored by the Protestant churches of the village. It is under the supervision of Everett R. Johnson who is assisted in supervision by Mrs. Anne Austill of Newton Highlands. The school registers a hundred and seventy-four children from twelve churches in Newton, West Newton and Newtonville.

CITY HALL NEWS

The newest cause for presenting damage claims against this city is "injuries received by children who fall off bicycles on public streets." The latest such claim is that made in behalf of Jean Howard, a young girl residing on Chapel street, Nonantum, by Welsh & O'Neil, attorneys. She fell off her bicycle when she collided with an automobile at the corner of Jackson road and Pearl street, Newton and the allegation was made that a hole in the street caused her to lose control of the bicycle. This claim, in common with other like claims was given leave to withdraw by the Aldermen.

The reappointments of William U. Fogwill and John Janse as official Fence Viewers of this city will be acted upon by the Board of Aldermen next Monday night. For the past few weeks Mr. Fogwill has been studiously viewing the laying of the huge water-main at West Newton. He is now qualified to give expert advice on this type of work.

One needs a special dictionary to keep up with the new terms used in reference to public projects. The new surfaces on Washington, Beacon, Chestnut and other streets are "penolithic." The new tennis court at the Levi Warren school playground is "tarvalithic." The Mayor recommended the appropriation of \$2000 for this court and a 10 foot wire fence around it. Other appropriations recommended by the Mayor for action by the Aldermen were \$5144 for the construction of a sewer across the city hall triangle, and \$3132 for a drain across the triangle. The sewer will run from Homer street to Walnut street and the drain from Lakeview avenue to Cold Spring drain.

Bids for installing new shower-bath fixtures at the Stearns School, Nonantum were—B. M. Thomas, \$300; F. Dennis McMullen, \$323; J. H. McGourty, \$331.35; R. H. James Co., \$351; Orr Plumbing Co., \$457. The job was awarded to the lowest bidder. John McDonald Company submitted the lowest bid for repair work on the parapet wall and roof of the High School and the roof of the Hyde School, the figure was \$7000. Morris Slotnick was awarded the contract for repairing the drafting room at the High School, his bid was \$1196. Gordon McMullen was awarded the contract for repairing floors at the Claflin, Mann and Day schools. His bid was \$1456.15.

THE WEEK IN NEWTON SPORTS

Edited by WARREN K. BRIMBLECOM

NEWTON TWILIGHT LEAGUE

The new baseball diamond at Cabot Park was dedicated Friday evening. Alderman Collins representing Mayor Sinclair Weeks threw the first ball with Alderman Gallagher on the receiving end and Alderman Powers at bat. The addition of this playing field gives the city six first class diamonds. Silver Lake, which is to use Cabot Park as its home field, continued its winning ways by defeating Webster A. C. 6-4. Home runs by Gallagher for Webster A. C. and Norton of Silver Lake and a running catch in deep center field by Norton, were features. There have been several upsets in the league games during the past week. Auburndale, the leader a short time ago, losing two games to drop to third place. Y. M. C. A., although Tuesday, July 28—Nonantum A. A. vs. Highlands at Victory. Wednesday, July 29—Lower Falls vs. Nonantum A. A. at Lower Falls; Webster A. C. vs. Auburndale at West Newton; Y. M. C. A. vs. Newton T. T. at Y. M. C. A. Thursday, July 30—Upper Falls vs. Newton Cubs at Upper Falls; Newton T. T. vs. Silver Lake at Victory. Friday, July 31—Auburndale vs. Upper Falls at Auburndale; Silver Lake vs. Lower Falls at Cabot; Newton Cubs vs. Webster A. C. at Newton Center.

Games this week are:—

Tonight, July 24—Silver Lake vs. Upper Falls at Cabot.
Monday, July 27—Highlands vs. Y. M. C. A. at Highlands.
Tuesday, July 28—Nonantum A. A. vs. Highlands at Victory.
Wednesday, July 29—Lower Falls vs. Nonantum A. A. at Lower Falls; Webster A. C. vs. Auburndale at West Newton; Y. M. C. A. vs. Newton T. T. at Y. M. C. A.
Thursday, July 30—Upper Falls vs. Newton Cubs at Upper Falls; Newton T. T. vs. Silver Lake at Victory.
Friday, July 31—Auburndale vs. Upper Falls at Auburndale; Silver Lake vs. Lower Falls at Cabot; Newton Cubs vs. Webster A. C. at Newton Center.

SPORT NOTES

Harwich in Running

"Jeff" Jones, Newton high baseball coach who manages Harwich of the Cape Cod league in the summer, has his team in the race for honors. Harwich is running neck and neck with Orleans, managed by Eddie McGrath of Brookline, 1931 Harvard captain.

Hunnefield Playing Well

Bill Hunnefield, local product in the big leagues, is playing good ball for the N. Y. Giants, while Critz, regular second sacker, is out with injuries. Hunnefield has played in 21 games, seen at bat 66 times and made 11 runs and 21 hits for a batting average of .318. He has made 2 sacrifice hits. Bill Cronin, only Newton high product to make the big leagues, has caught for the Boston Braves in 33 games. He has made 6 runs and 16 hits in 71 times at bat for a mark of .226. Six of his hits have been two-baggers and one a triple.

TELLS ABOUT ASSESSING

"How Property is Assessed in Newton" was the title of an interesting address before the members of the Newton Brokers' Board of the Boston Real Estate Exchange at their regular weekly luncheon held at the Vernon Court Hotel. Chief Assessor John W. Murphy, chairman of the Newton Board of Assessors, was the speaker and Mr. Murphy cited examples of the methods pursued by the Newton Board of Assessors in their appraisal of Newton property values. Many questions were answered by Mr. Murphy at the close of his address. All present voted the meeting one of the most helpful and enlightening thus far in the present series.

A gain of approximately \$5,000,000 in Newton's assessed valuation during the past year was reported by Mr. Murphy, notwithstanding the existing business depression. Of this amount practically \$3,500,000 is due to the gain in new dwelling houses, according to Chairman Murphy.

The next meeting of the Newton Brokers' Board will be held at Vernon Court on Wednesday, July 29th, when the real estate sign situation in Newton will come up for further discussion.

REAL ESTATE

Edmonds & Byfield report the sale of a lot of land for the Ward Estate to F. L. Gray for \$29,000. This land adjoins the Cotton Estates at present being developed by Mr. Gray, and will increase the size of this very desirable new single house section.

NIAGARA FALLS

Saturday, August 1
ROUND TRIP FARE, INCLUDING
SPACE IN SLEEPER CAR
\$12.25 to \$15

\$10 IN COACHES

Special train of PULLMAN SLEEPING CARS and Coaches leaves Boston 6:00 p. m., Newtonville 6:15 p. m. (Standard Time), returning from the Falls Sunday evening, Aug. 2. Number of tickets limited—For full particulars consult any ticket agent or write to W. A. BARROWS, Gen. Pass. Agt., Boston.

(N. Y. & C. R. Co., Lessee)

UPPER FALLS OUT
OF TIE FOR FIRST

Upper Falls dropped out of a tie for first in the Hub Twi-league second half race last Friday night by losing a 10 to 9 decision to the Boston Colored Tigers. Sunday the locals dropped another tilt to Waltham, a new-comer to the circuit. The Watch City outfit collected 15 hits for a 6 to 1 victory to score its second straight win to even two earlier defeats.

Tuesday night Upper Falls got back on the winning road with a 9 to 3 victory over Somerville. The locals must keep on their toes in order to win the second-half honors and enable them to defend their 1930 title. The present standing is:

Bos. Tigers	6	0	1,000
Allston	4	1	750
Newton U. F.	2	2	750
Cambridge	3	2	600
Somerville	2	4	333
Waltham	2	4	333
Chelsea	1	5	167
So. Boston	1	7	125

Recent Weddings

FORSYTH—MacNAIR

On Saturday, July 18th, at the Union Church a very pretty wedding took place, the contracting parties being Miss Anne Troby MacNair, daughter of the John MacNairs of Beacon street, and Mr. Clarence Winston Forsyth of Park street, Newton. The bride was gowned in a charming Paton model of ivory satin and carried a bouquet of gardenias and sweetheart roses, while her maid of honor, Miss Edith Lamont, wore a soft shade of blue chiffon with hat to match, carrying a sheaf of yellow roses. Also attending the bride were the following bridesmaids: Mrs. Kenneth Littlefield (Miss Peggy Miller); Mrs. Harlow Bishop (Faith Haddock); Mrs. Freeman Nagell, sister of the groom, and Miss Betty Thurgood, who were becomingly attired in shell pink chiffon with hats to match and carried old-fashioned bouquets of pink roses and blue larkspur. The groom was accompanied by Mr. Ralph Driscoll of Swampscott. The ushers were Messrs. Kenneth MacNair, brother of the bride; Freeman Nagell, Ralph Stewart and Peter Stames. The ceremony was performed by the Rev. Joseph C. MacDonald.

Miss Ethel Richards officiated at the organ, playing the wedding march and accompanied Mr. Ralph Rand of Boston, who sang two solos. A reception was held at the Brae Burn Country Club, after which the young couple left for New Hampshire on their honeymoon, at the conclusion of which they will live in the Back Bay.

GAFFNEY—MacDONALD

Miss Mildred Elizabeth MacDonald, daughter of Mr. and Mrs. Angus T. MacDonald of 191 Allerton road, Newton Highlands, was married to Henry Harold Gaffney of Estey street, Lynn, Mass., on Wednesday morning, July twenty-second at ten o'clock in the Sacred Heart Church, Newton Centre. The ceremony was performed by Father Driscoll. It was also the 29th wedding anniversary of the bride's parents.

Miss Theo N. MacDonald, sister of the bride, of Newton Highlands, was maid of honor. The best man was Thomas Gaffney of Lynn, brother of the groom, and the ushers were Dr. John King of Hamilton, James Gaffney, brother of the groom, and Edward Deale, both of Lynn. The bride wore a gown of cream white satin and real lace and a veil of tulle. The maid of honor wore powder blue crepe.

A reception and wedding breakfast was held immediately following the ceremony at the Charles River Country Club.

On their return from a two weeks' motor trip, Mr. and Mrs. Gaffney will reside in Needham Heights.

The bride is a graduate of Miss Wheelock's Kindergarten School and has taught several years in the Waltham schools. The groom is a graduate of Boston University.

Marriages

KORIS—POMEROY: on July 21 at Boston by Christopher Hourin, J. P.; James Koris of 84 Webster st., West Newton, and Audrey Pomeroy of Roxbury.

D'NAGHY—NAGLE: on July 20 at Newton by Rev. Daniel RJordan; Richard Donaghy of Cambridge and Margaret T. Nagle of 54 Charlesbank rd., Newton.

ANTHONY—McNEIL: on July 18 at West Newton by Rev. Wm. O'Brien; Alfred P. Anthony of Topsfield and Mary McNeil of 11 Sylvan at West Newton.

PROIA—SAMPSON: on July 18 at Newton by Rev. S. Sorensen; Lawrence Proia of 19 Quirk court, Newton, and Lillian Sampson of 62 Hawthorn st., Newton.

FORSYTH—McNAIR: on July 18 at Waban by Rev. Joseph McDonald; Clarence Forsyth of 28 Park st., Beacon st., Waban, and Anne McNair of 1518 Beacon st., Waban.

SEWARD—GOWING: on July 9 at Chestnut Hill by Rev. Dudley Ferrell; Halvor Seward of 22 Stone ave., Chestnut Hill, and Muriel Gowing of Brookline.

RAMSAY—COVELL: on June 13 at Newport by Rev. Dwight Mowery; Donald Ramsay of Newton Centre and Elizabeth Covell of Newport, R. I.

O'NEIL—SULLIVAN: on July 14 at Newton Centre by Rev. T. A. Curtin; Leo O'Neil of Ashland, Pa., and Eleanor Sullivan of 23 Kenwood ave., Newton Centre.

Food Preservation

In 1919 commercial canning of food began in the United States.

WRITES OF LIFE
ON "DUDE" RANCH

I can't possibly tell you what a marvelous place this is—big ranch buildings in the center of a long level valley, with the Laramie River running by. Low sage-covered hills around and farther away, higher ones covered with pine and aspens, and above these to the south the snow-covered Medicine Bow mountains and to the north the snow-tipped Laramie Peaks—over a hundred miles away but always very clearly seen. It is right in the centre of "The Virginian" country. Laramie and Tie Siding, mentioned in the novel, are very near. We are over 8000 feet high and the little white clouds go scooting right over our heads. The air is wonderful, clear mountain ozone.

This week end several people have been here, but until then I was the only guest as it is still early in the season. The two cowboys are the most interesting things you have ever seen, Bob and Bill. I don't believe they have last names. Bill is kindly eyed and heavily burned, knows everything about the country, has lived here winter and summer a long time. Bob is red haired—the lower part of his face is burned bright red—the forehead, shaded by the hat, white. I ride with them off to get steers that have broken loose or to drive some horses from one pasture to another, or go off to one of the meadows where they are going to fix one of the irrigation ditches. I am on the horse all day. The English shepherd dog runs along with us chasing rabbits or gophers or ground squirrels.

It is a great life riding all day as I do through the sagebrush and quaking aspen groves (quakes they call them) over trails used perhaps once a year by some cowboy hunting stray cattle. I can ride miles and miles and still be in sight of the house. The hills are actually deep purple, red, all shades of blue and green, and in either direction the snow-capped mountains. I shall be at the Grand Canyon next week and then California.

BENEFIT SHOP

The "Benefit Shop" at 5 Washington terrace, Newtonville, will be closed during August, opening Wednesday, Sept. 9. On Wednesday, Thursday and Friday, July 29, 30, 31st, the Shop will offer wonderful half price values. On those three days it will be open from 10 to 12. Because of the lack of employment the prices at the Shop have been kept far below value so this half price sale will mean tremendous bargains.

YOU don't have to learn
Studebaker Free
Wheeling—it teaches it
self to you.

Just start off driving as you always do. And pretty soon you'll be enjoying a swell, sweet new sensation—that's Free Wheeling!

It just comes natural. Before long you'll be lifting your toe from the accelerator and thrilling to costless gliding on merry old momentum.

Then you'll find yourself shifting at 40 to 50 from high to intermediate and back again as easy as pie, without using the clutch.

Why, it's absurd, say I, to pass up the fun and economy of it, now that you can get a real Free Wheeling Studebaker for \$845. It's the lowest priced Six today with Free Wheeling as standard equipment—engineered from tip to tail to give you its fullest benefits in its finest form.

AGAIN BITTEN BY DOG

Leo Harrington, 20, of 2223 Washington street, Newton Lower Falls complained to the police on Saturday that he had been bitten by a dog owned by Filippo Cappodanno of Lexington street, Auburndale. On May 22 Harrington was bitten by a dog owned on Hosmer circle, West Newton. Apparently dogs don't like Harrington. Dr. Boutele was notified to examine the Cappodanno dog.

BAND CONCERTS

Band concerts under the auspices of the Metropolitan District Commission will be given next Sunday afternoon at the Riverside Recreation Grounds and at the Charles River road, Watertown, next Wednesday evening. The Boston Concert band will play Sunday afternoon and the American Cadet on Wednesday evening.

ONLY ONE Small Profit
from Plantations to
Firestone Service Stores
and Service Dealers

Firestone
Control Every Step
in TIRE MAKING

FIRESTONE control every step in the manufacture of their products. They have their own rubber preparation factory and warehouse in Singapore—their own cord fabric factories—their own great tire factories—the most efficient in the world. The millions of dollars saved annually by Firestone from these great economies are passed on to you in Extra Values.

You get the full benefit of these values because every Firestone Tire bears the Firestone name, and is doubly guaranteed by Firestone and Firestone Service Dealers. Why take chances with special brand tires, built just to sell—without the manufacturer's name, guarantee or responsibility for service.

Come in Today and make your own comparisons with cross sections of Firestone Tires and special brand mail order tires. Get the facts yourself about tire quality and construction. When you see the Extra Values you get you will feel secure only on Firestone Tires.

722 MAIN STREET, WALTHAM

ABOUT TOWN

By Edw. H. Powers

Frequently at meetings of the Board of Aldermen when hearings are held on petitions to improve and accept streets under the Betterment Act citizens will assert that the street they reside on "is in the worst condition of any street in the city." Such positive individuals, as a rule, are little acquainted with the city, or they would refrain from making such a sweeping statement. Time after time we have heard persons assert their particular street to be the worst in the city when we knew of streets in far worse condition. Most unaccepted streets are in tough shape, and some are in even tougher shape than others; impossible though this may seem to people residing on the "worst street in Newton."

The biggest project which this city has witnessed in 35 years is now well underway along Washington street at West Newton and Newtonville: the excavating for the Metropolitan water main and the laying of the big 60-inch pipe. Not since Washington street was widened and the Boston & Albany tracks depressed has any public work been done which approximated the present job. Two contractors are engaged in the work in this city. Both are using similar equipment. The C. & R. Company at West Newton is excavating with a power-shovel, of a type new to this city. Instead of the familiar type which is pushed forward at the end of a long beam, this shovel pulls the dirt into its maw. The first couple of days the shovel was operated at West Newton difficulties were encountered. The pull of the bucket as it grabbed the dirt at the bottom of the deep trench tipped the entire shovel downwards and necessitated the placing of heavy counter-weights at the rear of the shovel. This shovel appears to dig more material than the older type.

Both the C. & R. Company and Thomas J. McCue who has the contract for the section from Newtonville to Newton are using motor-operated power cranes to lower the big sections of pipe into the trench. Mr. McCue is also using the crane to operate a "clam-shell" shovel which is aiding him materially in excavating the trench. At West Newton gravel of excellent quality is being taken from underneath Washington street. It is interesting to contrast the method used in digging the big trench for the water-main with that used a generation ago when the sewer system was placed in this city.

Instead of a couple of big power shovels and a fleet of 7-ton motor trucks, all operated by comparatively few men, when the sewers were laid in this city, hundreds of laborers, scores of horses and dozens of dump-carts were used. Old timers in Newton will remember the mechanical device which aided in digging out and filling in the trenches in the old days. A row of iron buckets, each about half the size of a barrel, were suspended by hooks from a steel cable which was supported by a portable wooden trestle placed above the trench. The motive power for the cable was furnished by a small steam engine located at one end of the trestle. Laborers in the trench, using picks and shovels, would fill the buckets with earth. The cable would be lowered, the buckets attached, and then they would be elevated, to be hauled to the rear where the sewer pipe had been laid, and the trench to be filled. The familiar warning cry—"Look out below!"—was constantly heard as the big iron buckets descended into the trench; but despite this cautioning signal it was not unusual occurrence for some unfortunate laborer to be injured when a descending bucket came in contact with his head or shoulders, or when a shower of gravel would drop on him as some bucket accidentally opened while in transit.

The excavation along Washington street necessitates the shifting and temporary removal of many sections of water, gas, sewer and drain pipes and telephone conduits. Much care will be needed in replacing these pipes or difficulties will arise after the big trench has been refilled. If the pipes which carry the surface drainage are not properly relaid, pools will form should the drainage of surface water be blocked.

The latest men at West Newton are not enthused over the water-main project. After losing trade for a few weeks, because all parking space along Washington street was occupied by the big pipes, now they are further handicapped by having Washington street closed to automobile traffic between Waltham and Elm streets.

If exercise keeps one young, Letter Carriers George King and John Maloney of the Newton postoffice ought to live to become centenarians. Every workday, for many years, after hiking miles over Newton streets with loads of mail, Messrs. King and Maloney have travelled to the Newton Y. M. C. A. to indulge in a half-hour of swimming. They are so fond of swimming that they spend their annual vacation down Cape Cod way where they can indulge in their favorite recreation in the warm water of Buzzards Bay or Nantucket Sound. They have just returned from Chatham. As far as water is concerned, King and Maloney are among the wettest of wets.

The oldest inhabitant perhaps cannot recall such a spell of humid, sultry, muggy or whatever kind of weather you want to call it as has been allotted to this region for the past two months. And the peculiar thing is—that there have been so few electrical storms this year, with such weather prevalent.

Persons engaged in business on Washington street, West Newton, not to mention persons residing nearby, want to know why the law compels automobiles to have motor exhausts muffled, but allows huge motors on big power-shovels to make an infernal racket?

The resurfacing work on Washington street at Newton Corner has resulted in the closing of that street to traffic at Saint James street. To allow residents of Charlesbank road an opportunity to travel from their homes, Charlesbank road from Saint James street to Washington street has been temporarily made a two-way street.

Dr. George Bigelow, State Health Commissioner, rightly condemns the refusal of politicians in Boston, Worcester and Springfield to pass restraining orders on dogs and thus co-operate with the 83 cities and towns which are endeavoring to stamp out the rabies menace in Massachusetts. Every city and town surrounding Boston have passed restraining orders, but the "statesmen" in the big city pooh-pooh the efforts of health experts and cater to ignorant constituents. As a result of Massachusetts, failure to take proper precautions against the spread of rabies, other New England States have placed a quarantine against dogs from this Commonwealth.

The joyful information emanates from the State House that the rates on compulsory liability insurance on automobiles will again be increased this year; the raise to be 5% above the present rates. Figure it out for yourself on your particular car. Just how many more increases will be added before the worms will turn remains to be seen. In the meantime the insurance companies will in all probability, continue to make settlements on fake claims; thousands of individuals who would sue for libel if called thieves will make claims for fictitious injuries; shyster lawyers and physicians with low ethics will aid and abet these fakirs, and automobile owners will stand the gaff.

CITY HALL NEWS

The Board of Aldermen, acting on the recommendation of the Licenses Committee has granted the following permits:

John S. Coxeter, permit to erect 3-car garage at 81-83 West street, Ward 2.

Newton Masonic Associates, permit to install an underground tank at 460 Newtonville avenue, Ward 2, and to keep, store and use Fuel Oil in connection therewith, maximum quantity to be stored at one time, 2,000 gallons, for Private Use only.

Garden City Garage, Inc., for permit to erect, construct and maintain a Public Garage and Service Station, 50-car capacity, at 379 Washington street, Ward 1, in addition to present Public Garage.

Futurity Thread Co., permit to erect, underground, and use a 10,000 gallon fuel oil tank to replace the present large fuel oil tanks now on the same property, at 59 Chapel street, Ward 2.

For the second time the Aldermen sustained the refusal of the Licenses Committee to grant a permit to John Samuda for a filling station at 1 Jackson street, Newton Centre, because the pump would be virtually a sidewalk pump.

The Board of Aldermen, on the recommendation of the Claims and Rules Committee granted leave to withdraw on the claims of David Bernstein, Chamberlain road, Newton; Margaret L. McNaughton, Newton Highlands; Frances A. Kinsella, Cherry street, West Newton; Mrs. Agnes Campbell, 107 Orange street, Waltham and Mrs. Flora A. Loker.

Bernstein asked damages from the city for injuries received by his son, Murray Bernstein received when the boy was thrown off a bicycle on Kendrick street, Newton on March 21. It is claimed that a defect in the street caused the boy to lose control of the bicycle. Mrs. McNaughton asked damages from the city for injuries received when she fell on a sidewalk on Boylston street, Newton Highlands on January 11. Mrs. Kinsella claimed damages for injuries received when she fell on the sidewalk opposite 511 Waltham street, West Newton on March 23. It is alleged there was a defect in the sidewalk. Mrs. Campbell sought damages for personal injuries and ruined clothing resulting from a fall in a small hole made by boys on the sidewalk on River street, near Lexington street, West Newton on April 17. Mrs. Loker asked for damages for injuries received when she fell on the alleged uneven sidewalk on Playstead road, Newton on May 2, 1931.

AUTOMOBILE ACCIDENTS

Mrs. Frank Bova of 12 Simpson terrace, Newtonville lost control of the car she was driving on Walnut street, Newton Highlands last Friday afternoon and it crashed into a pole. Riding with her were her two children, Francis, 6, and Jennie, 2½ years old. Also Alvin, 15, of 15 Henshaw street, West Newton. The Jepson girl was thrown through the windshield and received severe cuts on both arms and her face. Jennie Bova received a cut on the head. The victims were treated by Dr. Thompson of 1141 Walnut street and then taken to the Newton Hospital in the police ambulance. A defective steering gear is supposed to have been responsible for the accident.

Cars driven by Henry Maharan and Charlotte Gilman of Commonwealth avenue, Brighton collided last Friday at Commonwealth avenue and Chestnut street, West Newton.

Cars driven by Salvatore Uttaro of 331 Grove street, Auburndale and Orazio Cedrone of 89 Adams street, Washington street and Beacon street, Newton Lower Falls. Florence Fedele of Wellesley, a passenger in one of the cars, was reported as receiving injuries.

NEWTON FIREMEN AID WATER-TOWN

Engine 1 and Ladder 3 of the Newton Fire Department went to Watertown at 3 a. m. last Friday to assist the firemen of that town in fighting a blaze in a sand elevator at the plant of the Watertown Lumber Company at Arsenal street.

POLICE NEWS

A squad of police which included Sergeants Meehan, Crowley and Sheridan, Patrolmen Hartford and O'Donnell, raided the premises of Michael F. Larkin at 499 Winchester street, Newton Highlands on Monday afternoon and seized 70 gallons of wine, 1 gallon of alcohol and 13 gallons of beer. The raid was the result of a fire which destroyed a small barn on Larkin's property on the preceding night. At 9:07 p. m. on Sunday Box 93 was pulled for a fire which destroyed the barn. In the ruins of the barn Chief Randall and his subordinates found two stills. Newton police stood on guard at the premises until a search warrant could be obtained and the place raided the next day.

Vernon Stewart of 15 Austin street, Newtonville, and C. Spurgeon Blair of 326 Watertown street, West Newton appeared in the Waltham Court on Monday, charged with responsibility of the shooting of Edna Morgan, 16, of 16 Richardson road, Newton Upper Falls, on the night of July 3rd, near the site of the big bonfire at Waltham. The case had been continued from July 6 and was again continued to August 4. Miss Morgan was unable to appear as the bullet is still lodged above her shoulder.

In the Newton court on Monday a number of autoists were fined for various offences against automobile and traffic laws. Some of those fined for speeding apparently believed they were not going too fast for safety and took appeals. Charles Beane of Pine Crest road, Newton Centre, was fined \$5 and appealed; Albert Dow of Stonyleave road, Wellesley, was fined \$10 and appealed. Bertram Fowler of Medfield was fined \$10 for speeding; Lewis Karas of Dorchester, \$25; Edward Melvick of 132 Austin street, Newtonville, \$10; Gilbert Trunkett, 135 Gordon road, Waban, \$10; Kirk DeHaro, Dorchester, \$10.

Charlton Geyer of Needham street, Newton Highlands faced two charges of speeding and was found guilty on both. On the first he was fined \$10 and on the second \$25. Young Geyer was stopped in the Oak Hill section by Motorcycle Officer Hammill for speeding and his license and registration numbers booked. According to Hammill's testimony Geyer started off and soon was speeding again. So, the police officer stopped him a second time and entered a second complaint.

Other autoists fined in the Newton court on Monday were—Ernest Kavanagh, Wellesley, \$5; Charles Lawrence, Jr., Brookline, \$5; Wilfred White, 1734 Beacon street, Waban, \$10; these fines were imposed for failure to slow down at street intersections.

Guy Ranno of Hanover street, Boston was in the Newton court Monday charged with failure to support his wife. He was given a suspended sentence of 3 months in jail.

James Eliot of Neponset was arrested on Monday night by Patrolmen Maloney and Charlton charged with driving so as to endanger the lives and safety of the public.

Finlay Urquhart of 9 Clark terrace, Newtonville was fined \$10 in the Newton court on Monday for drunkenness and sentenced to serve 2 months in jail for driving while under the influence of liquor. He appealed. On the night of July 3rd a car driven by Urquhart collided with another car at Newtonville and caused the second car to bump a third car. Several persons in the other cars reported injuries.

Frank Carroll, 57, no regular address, was arrested Saturday evening about 6 o'clock by Special Officers Feely and Mullen as he was leaving the yard of a vacant house on Wolcott street, Auburndale. According to the police Carroll has a long criminal record and he has served terms in jail for picking pockets and committing burglaries. He is suspected of being responsible for recent burglaries in this city, including breaks in the homes of Pitt Danforth, 435 Crafts street, Newtonville, and Adolph Stutzel, 250 Fuller street, West Newton. Carroll was arraigned in the Newton court on Monday and held for the Grand Jury. Carroll was arrested in 1920 in a house on Chestnut street, Waban, by Henry Tibbets, now clerk at police headquarters and then a patrolman. For that burglary Carroll was sentenced to serve four years in State Prison.

Francis Carroll, 22, of 9 Jones court, Newton, was arrested by Special Officers Feely and Mullen on last Friday for the police of Hampton Beach, New Hampshire. Carroll and several companions were arrested the night before July 4th at the beach resort for disturbing the peace and he took his departure that morning from the Hampton Beach hoosegow without the permission of the police there.

Daniel Hourihan, of 1316 Centre street, Newton Centre was sentenced to serve 10 days in jail by Judge Bacon in the Newton court on Saturday. Hourihan, who appealed, was found guilty of having committed assault and battery on Patrick McHugh, also of Centre street, Newton Centre. Hourihan, whose face showed evidence of the fuss with McHugh, asked that the latter also be found responsible for his part in the fracas, but Judge Bacon did not concur with him.

Special Officer James Lyons of Norumbega Park observed a boy at that resort last Friday who appeared to be suspiciously well supplied with cash. The youngster was spending money quite freely and had plenty of bills and coins. Lyons notified the Newton police and Special Officers Feely and Mullen went to the park and questioned the lad. The boy, Stephen Sangas, 13, of Brighton, admitted that he had stolen \$170 from a pair of trousers he found in an automobile parked at Lake Walden, Concord. The owner of the trousers was bathing in the lake. The Sangas boy presented \$62 of the stolen money to another Brighton boy and then proceeded to have an enjoyable time spending the remainder of the loot. He had \$130 remaining when arrested. The boy who was given the \$62 had only \$7 left when the police apprehended him. The boy who stole the money will be arraigned in the Newton court today.

For the second time within the past year the storage warehouse conducted

GIRLS' BOAT RACE

Miss Lois Rockwood at the tiller and Miss Barbara Downs tending jib took third place in the Children's Race of the Chatham Yacht Club on Pleasant Bay, Cape Cod, on Tuesday. Miss Rockwood of Newton Highlands, and Miss Downs of Arlington were members of the crew in a boat entered by Quanset Sailing Camps, where these young ladies have been sailing for two years. There was a stiff breeze amounting to almost a squall and the race was an exciting one.

OCEAN TRIP CALLED OFF

William H. Bacon, Jr., of Temple street, West Newton was first page copy for newspapers throughout the country this week when he started with a companion on a trip across the Atlantic from York Harbor, Maine in a 31 foot yawl. Young Bacon, who is 20, and a college student, set sail on Tuesday afternoon, but encountered rough seas all Tuesday night and put back to Wells Beach on Wednesday morning tired out from bailing the boat. Bacon stated the compass on the boat went wrong and he decided to call the trip off.

FAIR WOMEN TAKE WARNING

Incredible as it may seem, right here in Boston, which has always been considered especially free from the white slave trade, agents of the underworld are attacking women with a hypodermic needle. Recently a woman, who had been warned, while sitting in the Public Garden felt something like the sting of an insect on the calf of her leg. Immediately beginning to feel dizzy, she struggled to her feet and succeeded in reaching the Hotel Statler, where she fainted and remained unconscious for two hours. A physician pronounced it a case of heroin poisoning.

Another recent case is that of a young woman who fainted at a theatre performance. Two men tried to hustle her into a taxicab, but the young woman was with, after a severe struggle, prevented it and the theatre management sent the girl to the Boston City Hospital. Her friend followed the ambulance and reached the girl's bed in time to see a woman bending over her and saying to the nurse, "I am her mother. I will take her home and take care of her." The friend succeeded in convincing the hospital management that the woman was an impostor. All those concerned with these two cases are either Newton women, or are well known to Newton people.

The action of the post office authorities in closing all the local post offices at 2 o'clock on Saturday afternoons is far from pleasing to the business men of the city, who keep open shop well into the evening of that day. It was not so long ago that the residential district was cut out of Saturday afternoon service, with the result that important letters received after the Saturday morning delivery did not reach their destination until Monday morning. In making this criticism we are not opposed to a Saturday afternoon off for the regular post office clerks and carriers, but with the long list of applicants for such jobs it ought to be easy to draft some of these men for a little extra time on Saturday and incidentally give some of the unemployed something to do. The watch word of the Post Office should be SERVICE and not curtailment.

One of the greatest drawbacks of Protestantism is its division into numerous independent units or denominations. This handicap is gradually being lessened throughout the world by the merging of churches and by better understanding and closer cooperation among them. The church summer schools of the city sponsored by groups of churches working together in units represent a progressive trend in religious work and deserve commendation.

We sympathize with the motorists who are compelled this summer to use Washington street between West Newton and Newton Corner. The laying of five foot water mains will make traffic quite difficult.

A million dollar City Hall and War Memorial will make some of the city fathers, of a generation or more ago, sit up and take notice.

(Continued from Page 1)

No. 22—Request the International Service Committee to study any auxiliary language like Esperanto for future use in Rotary. (Adopted as revised.)

No. 23—Resolved that Rotary International use every effort to further the cause of disarmament in 1932. Adopted.

Wednesday, June 24th. Came the election of 5 directors from the United States. The following were elected: Fred Chaffer, Arizona, 1584 votes; Robert Heun, Indiana, 1581 votes; Joseph Jackson, Wisconsin, 1407 votes; Abit Nix, Georgia, 1280 votes; Walter Wathal, Texas, 1267 votes.

To ease you up a bit on dry facts and figures I now will take a few minutes to tell you of the wonderful reception that Vienna and the Vienna Rotarians gave us. But first let me tell you of a little incident which happened when the train stopped at a small station in Switzerland. The train door opened—in came a well-dressed fellow. He said, "Rotarians, I am so glad to see you. I am a Rotarian," and began shaking every hand within reach. As the signal came for the train to start he stepped to the platform and raising his hat I heard him say, "You belong to an association of MEN."

The members of the Vienna Rotary Club met us at the station, helped us into carriages and directed where to go. The buildings of Vienna were generously decorated with flags. The first evening all Rotarians were invited to the beautiful Burggarten for an evening of music and entertainment. From one of the first daily papers, I read the following—"May the great Rotary International Convention create indivisible bonds between all the peoples of the globe thus contributing to the good of the race and helping to maintain the dignity of human rights! In this spirit, with heartfelt good wishes, we throw open the gates of our country to permit entrance to all those in whose spirit and purpose it is to serve the good of humanity."

In commemoration of this convention the republic of Austria issued special postal stamps—each bearing the Rotary wheel, the dies of which were destroyed immediately after the convention.

Wednesday evening—The President of the Republic of Austria in honor of President and Mrs. Almon Roth and the other officers of Rotary International, tendered a reception at the former Imperial Palace. A very splendid affair—five bands of music, miles of tables loaded with food—attended by 2500 Rotarians. The palace has 400 rooms. Late that evening President Roth was decorated with a gold-rod insignium and the other officers with silver insignia.

As I approached the Palace I heard children's voices and glancing up to the palace roof caught sight of little heads and waving handkerchiefs. Here are housed 1200 of the poor of Vienna because unable to pay rent.

Thursday afternoon, June 25th—In honor of Rotary International the Chancellor of Austria gave a coffee party at the "Schonbrunn Imperial Park" at the beautiful palace once occupied by Empress Marie Teresa. Here in the park were spread hundreds of tables decorated with the Imperial china and laden with food. The Imperial band on the balcony of the palace enlivened the scene.

Our Rotary Anns and daughters were entertained daily by the wives of the Vienna Club. Their headquarters was at the House of Friendship nearby on Schwarzenbergplatz.

Thursday evening—The whole city was illuminated. All fountains were playing under various colored lights. The city was crowded with Viennese citizens.

Now to get back to the Concert Hall. The presentation of gifts to the Vienna Clubs was an interesting event. Pennsylvania presented a Rotary wheel made from coal. It looked like ebony. A gavel made from timber taken from the house in which Abraham Lincoln was born came next. Then the flags of the foreign nations. The beautiful large silk flag of the United States as it came across the platform brought forth tremendous applause. I bit my lip hard—it did no good. The tears had to come, nor was I the only one. Papers on World Prosperity and Standards of Living by E. A. Filene, Boston; Esperanto Discussion by Past Pres. of R. I. B. T. Chas. Marden of England, and World Wide Fellowship by Louis Gratz of Germany followed.

Finally to Al Roth the Vienna Club presented a beautiful white silk Rotary flag. In the summing up address of T. C. Thomson of Denmark, he said, "President Roth's smile comes from the Golden West. Sidney Padodall's smile comes from behind the clouds." I have never met a man in action more attractive than Almon Roth—of athletic build, handsome face, and a smile that was always present and captivated everyone. A delegate sitting beside me remarked, "the more I see of him the better I love him."

Then President Roth came forward to introduce the incoming president. He said, "This has been a real contribution to national understanding. Never have we appreciated Rotary as we do today. We have had a harmonious year. I know of no one in Rotary that is so well posted and qualified to take the position of president of Rotary International as the man you have chosen (great applause). He has held the highest position in R. I. B. T. and for years has been active in Rotary. He has many smiles and is of a lovable character. It gives me the greatest pleasure to introduce to you Sidney Pascall. (All up and great applause.)"

President Pascall coming forward said, "There has been a great deal said about smiles. I, too, can smile," and, turning to the box to the right of the stage, he introduced to the delegates his wife and daughter. Then he read a long telegram just received

CAMP FRANK A. DAY

Last Friday one-third of the 1931 season at Camp Frank A. Day was completed. Twenty-two of the 119 boys at camp returned and a new group took their places. Among those who enrolled for the next six weeks were: Merle C. Bullock, Edward Dunne, Jr., Charles Kellaway, John Nye, Carl A. Karcher, Jr., James O. Munn, Eugene E. Munn, Jr., Ira Hedges, Jr., Frank T. Watrous, Jr., Latimer MacMillan, Murdock Bowman, Richard D. Baker, Allen J. MacQuarrie, Stephen Hamlin, Winslow Collier, William B. Byre, Richard Kelley, Bruce George, Richard Emery, Jack Perry, Marvin Perry, Paul Dussossoi, Roger Cotting, Robert Stevenson, Robert Strong, John E. Drake, John Bentley, Jr., George R. Harding and Richard Clark.

Arvo Arj from Helsinki, Finland, has been entertained at the camp for the last two weeks. He is in this country to attend the World's Youth Conference at Toronto. The Newton and Watertown Hi-Y Clubs and the campers raised the money to help bring this boy over to the conference.

The general secretary of the Helsinki Y. M. C. A. was also a guest of the camp. About 600 older boys and young men are now in this country the guests of the North American Associations, visiting camps and associations in all parts of the country.

Mr. C. D. Kepner, chairman of the Camp Committee was a week-end visitor at Camp Day. A new 10-ft. diving tower is to be installed at once.

The Dads Club had their first meeting at camp during the week of July 12th to 19th. The next meeting will come in August when a lot of the dads are planning to spend several days at camp with their boys.

WABAN RESIDENTS FAVOR AND OPOSE STREET IMPROVEMENTS

At the last meeting of the Board of Aldermen a number of Waban residents appeared either to favor or oppose petitions for the grading and accepting under the Betterment Act of Alban, Mossfield, Varick and Wilde roads, and Waban avenue. Thomas I. Taylor of 20 Mossfield road, stated that that street is in bad condition and growing worse and that residents on it have to fill holes with ashes permeated with crank-case oil to keep the street passable. In the winter it is almost impossible for cars to travel over the street; in the summer the road is so dusty that houses have to be frequently painted. Residents on the street apologize to visitors because of its condition.

A. G. Bourne of 45 Mossfield road said he has tolerated it for 25 years and it has become very dangerous. R. J. Gray of 287 Waban avenue, at the corner of Mossfield road, characterized the place as one of the most dangerous in the city, and advocated the acceptance and improvement of the road.

Urging the improving and acceptance of Varick road, Joseph Congdon, Waban real estate developer, stated he desires to open up a considerable area in that neighborhood for home sites. He said he would build houses in keeping with the standard set in Waban. He commented that Waban is now the second richest precinct in this city and that this was the first time he had ever asked the Board of Aldermen to assist in its development.

C. A. St. Lawrence of 263 Waban avenue suggested that the other end of the avenue be improved, rather than the Mossfield road end, on the contention that to do this would save the city money. Gilbert Hamlin, Jr., of 251 Waban avenue opposed the petition. He argued that there is very little traffic on his end of the street; if the street were improved it will be used by much more traffic and he objected to the expense which would be imposed upon him. Gordon Gifford, who said he represented all property owners on Waban avenue between Varick and Mossfield roads, stated they do not favor the proposed improvement because of the expense involved. Others who opposed the petition for the same reason were Roger Hovey, 329 Waban avenue; Cyrus Bruce, Ward Bartram, Albert Merrill, all of Waban avenue.

Dr. Warren Shields of 55 Wilde road, Waban, favored the acceptance of this street. He told of the periodic pond which forms there after each heavy rain, necessitating the pumping out of cellars by a fire engine. Harry Hanson of 65 Wilde road said the condition of the street is not a credit to friends to visit his home. Howard North sent a written protest against the acceptance of the road if it will mean the removal of a small park at the head of the street.

from King George of England—whose subject, he said, he was. In substance the King wished him every success and hoped Rotary would continue to go forward with increased strength.

President Pascall said he considered this convention as the first real international gathering. He paid Al Roth a great tribute and to him give the honor of internationalizing Rotary. "In the continued evolution of Rotary, we, England and Europe, hope to make contributions. America stands ready to accept and adopt anything that is best. The world is growing smaller. With the following words from Kipling he closed his speech—"border or breed or birth nor West—strong men stand face to face though they come from the ends of the earth." Then after singing Auld Lang Syne and the four trumpeters having given forth their final call, the convention closed.

Recent Deaths

EDWARD B. CHANDLER

Edward B. Chandler of 305 Webster street, West Newton died on July 22. He was born in West Newton 38 years ago, the son of Mr. and Mrs. Daniel M. Chandler. During the World War he served in France as a sergeant in the medical corps. He was a member of Newton Post, American Legion and Ebenezer Fuller Lodge of Masons of Brighton. He is survived by his widow, Mrs. Estelle Chandler. His funeral service will be held tomorrow afternoon at 2 at Lincoln Park Baptist Church, West Newton. Rev. John S. Franklin will officiate, assisted by Rev. Mr. Killam. Burial will be in Evergreen Cemetery, Brighton.

MRS. JESSIE L. FARNUM

Mrs. Jessie L. Farnum of 11 Gibson road, Newtonville, wife of Samuel Farnum, died on Thursday, July 23rd. She was born in this city 61 years ago, the daughter of Franklin and Mary Meek Jones. She had been a member of the Newtonville Women's Club and the Boston Civic Club. Her funeral service will be held Saturday afternoon at 2 in the Forest Hills Crematory Chapel; Rev. Benjamin Washburn will officiate. Besides her husband, Mrs. Farnum is survived by one daughter, Virginia Farnum.

STUDEBAKER WINS ECONOMY CONTEST

Another economy record has been made by Studebaker! The Gilmore Oil Company of Southern California recently held their third annual 200-mile Gilmore-Wrightwood Mountain Economy Run for women drivers. This run was conducted over 200 miles routed to cover every possible driving condition and extended from sea level to 6000 feet elevation.

Strictly stock model cars were used and practically every manufacturer was represented, including an Austin and eight Fords.

The scoring on this contest was based on "ton miles" which is arrived at by multiplying the distance by the weight of the car in tons and dividing by the number of gallons of gasoline consumed.

Free Wheeling Studebaker cars not only won first place in their respective classes, but also captured first and second positions in the sweepstakes—which, of course, included all cars entered.

First place in class 6-A which was for the heavier cars went to Mrs. William Hurter in her Free Wheeling Studebaker President, carrying five passengers.

Mrs. Hurter's record, which won the national championship and also established a new record, was 46.71 ton miles per gallon of gasoline.

Her car actually averaged better than 17 1/2 speedometer miles per gallon over the 200 mile route.

The President model car's total load outweighed all competitors in its class, yet used less gasoline.

In actual speedometer miles, it bettered by 19.3 per cent the record of the nearest competitor in its class.

Second place in the sweepstakes, and first place in class 2-A were won by Mrs. Jeanne Frost in her Free Wheeling Studebaker Six four-door sedan with a record of 44.94 ton miles—or more than 23 1/2 speedometer miles per gallon of gasoline.

As the Los Angeles Times said, the results of this famous economy test made it look like "almost an exclusive Studebaker event."

The Free Wheeling Studebaker 6 used less gasoline than any other sedan in the run, regardless of price, size or weight.

Neither Studebaker car required the addition of oil or water in the whole of the gruelling up-hill run.

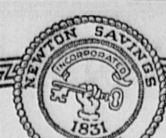

Incidentally, while this run was concerned officially with only the economy of the cars entered, it likewise emphasized the simplicity of the Free Wheeling Studebakers, since it was limited to women drivers.

The cars ran alternately in free wheeling and conventional—that is, the car that ran in free wheeling one day would run in conventional the next, and the one that was run in conventional would run in free wheeling. Also, the drivers were changed daily so that the comparison was strictly on the basis of free wheeling as compared with conventional driving.

An accurate check was kept on both fuel and oil, and the results showed a 21 per cent gain in gasoline mileage and 49 per cent gain in oil mileage for free wheeling.

You can figure out for yourself what this will mean in actual dollars and cents saving to the owner of a Free Wheeling Studebaker.

This fight between motor and momentum, wherever the old-fashioned transmission gears are used, takes

Present and Past Performances

A good past makes a substantial foundation—but it is wise to improve every present opportunity and prepare for future requirements. Start an account now with this Bank.

"Agency for
Massachusetts Savings Bank
Life Insurance"

NEWTON SAVINGS BANK

"The Place for My Savings"

place every time the foot is removed from the accelerator.

The result may not be noticed in a week or a month but as the miles pile up this constant wrenching of the whole operating mechanism of the car gradually brings about signs of age which rob it of the quiet, smooth operation which it had when new.

Still another important matter from an economy standpoint is the fact that carbon does not form so rapidly in the Free Wheeling Studebaker cars and therefore there is no need for grinding the valves so often.

As a matter of fact, many of the larger dealers—dealers who have sold hundreds of cars since free wheeling was introduced by Studebaker in July, 1930,—tell that they have never yet had to have the head off of one of the motors.

Every man or woman who is going to buy a car has the right to know these things about the savings which free wheeling makes possible.

Deaths

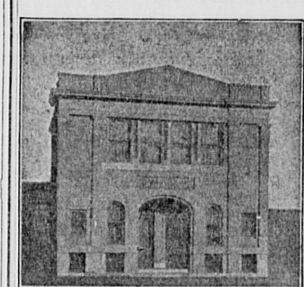

McNAMEE; on July 19 at 98 Central avenue, Newtonville, Mrs. Martha A. McNamee, age 73 years.
CHANDLER; on July 22 at 305 Webster street, Auburndale, Edward B. Chandler, age 38 years.

THOMPSON; on July 22 at 1 Josselyn terrace, Newton Highlands, Grace L. Thompson, age 14.
FARNUM; on July 23 at 11 Gibson road, Newtonville, Mrs. Jessie L. Farnum, age 61 years.

RECENT ENGAGEMENTS

Mr. and Mrs. William M. Noble of Newton Centre announce the engagement of their daughter, Margaret Noble, to Carlton B. Colburn, son of Mr. and Mrs. Frederick C. Colburn of Dover.

Miss Noble is a graduate of the Lucy Wheelock School and Mr. Colburn of Northeastern University.

A Secret

Life is enriched when you have many interests. But there is one that should be outstanding. No better rule for a profitable education was ever set down than this: "Know much about many things, and all there is about one thing."—Grit.

Newton Upper Falls

—Miss Esther Temperley of Thurston road spent the week at Swift's Beach, Wareham, Mass.

This Week

by ARTHUR BRISBANE

Paying for the War.
Attack on Short Selling.
Intelligence in the Universe?
What Whales Don't Know.

This column has occasionally remarked during the recent "sky-the-limit" boom:

"Sooner or later the world will begin to pay for the big war, and will not enjoy the process."

The world, including this part of North America, is paying now, and not enjoying it.

The moratorium simply recognizes the fact that you can't get blood out of a stone, even a German stone, and that it would not pay to drive into bankruptcy one of the world's great industrial and financial nationalities.

Those that expected an instantaneous boom to be born of the moratorium were childish. But one wise step has been taken. It will lead to a new analysis of the Versailles Treaty, the power of different nations to pay, and the advisability of making them pay, if they are able.

When it is raining, snowing or hailing you know that it will stop eventually, although you don't know when. Similarly, you can find comfort in the fact that this depression will stop, and prosperity come back. "But there are no miracles."

The joyous pastime of selling wheat short may be interrupted. President Hoover's recent remarks are taken to indicate that he means to discourage in some way the custom of marking down prices by short selling. The French, long ago, took effective action after a wheat corner that made bread impossibly dear for the poor.

One law did it, saying briefly that anyone conspiring to control the cost of bread in France would spend the rest of his life in jail at hard labor.

There is something about the words *travaux forces a perpetuite* that Frenchmen do not like, and short selling was stopped.

Board of Trade men say short sellers are necessary to prosperity, which is Wall Street's opinion also. President Hoover may convince them that they are mistaken.

An interesting fact that seems to outweigh several tons of theory is that for wheat grown on French soil the French farmer gets a dollar and a half a bushel, while Kansas farmers get about thirty cents, at the farm.

Professor Frost, director of the Yerkes Observatory, finds indications that there exists a "Mind" in the universe. He is not like the French scientist who replied to Napoleon's question concerning God: "I have no need of that hypothesis."

If a cockroach in a skyscraper could talk, and say: "I believe there is somebody running this skyscraper," you would be amused.

Somewhere, somewhere in creation, is amused when one of the little germs on this earth grain of dust discovers indications of a guiding intelligence in the universe.

What are vitamins? We know that we can't live without them, that they cure rickets in children, that food-stuffs contain the various vitamins, and scientists have just discovered that two of them, vitamins A and B, give off some kind of strange radiation. Rats deprived of certain necessary vitamins have no children. Deprived of other vitamins, they starve to death, although supplied with abundance of food.

Three important things we possess, without knowing what they are—electricity, vitamins and the soul of man.

A huge whale plows the northern seas, swallowing millions of tiny marine creatures, on which he lives, knowing nothing of his past. Little does he dream that his ancestor was a little creature, the "tree shrew," that you could carry in your vest pocket.

Still less can he imagine his future, or know that his body will be boiled down, and the oil sprayed on park trees to kill an epidemic of plant lice.

From tree shrew to whale ninety feet long, and from giant whale to plant lice destroyer, is a considerable change.

We human beings know about our past and future as little as the whale knows about his.

In the next thirty months Uncle Sam will build ten "destroyers," small, swift ships of 1,500 tons, planned to destroy submarines. They will cost forty-nine millions, five hundred thousand dollars.

In those thirty months a foreign country could build twenty airplanes, ten high speed planes carrying small bombs, ten heavy bombers, that could promptly destroy our ten new destroyers, also a few cruisers and battleships, and cost less than one million dollars.

However, governments, especially army and navy men, learn slowly. They are like the English king, who, after the musket, with powder and ball, came in, said England must always rely on her bows and arrows for defense. Powder and bullets would never come out to much.

CITY OF NEWTON

MASSACHUSETTS

NOTICE TO CONTRACTORS

Sealed proposals for grading the John W. Weeks Junior High School Athletic Field in Newton, Mass., in accordance with a plan on file in the office of the City Engineer, Newton, Massachusetts, and entitled as follows: "No. 2553, City Engineer," will be received at the office of the City Engineer, Newton, Massachusetts, until 10 A.M. July 31, 1931, at which place and time they will be opened and read.

All proposals must be sealed proposals, made in duplicate upon blank forms furnished by the City Engineer, and to be deposited with the Commission must be accompanied by a certified check upon a national bank or trust company in the Commonwealth of Massachusetts for the sum of twenty-five hundred (\$2500) dollars payable to and to the order of the City of Newton, Massachusetts. One proposal (without check) must be filed by the bidder in the office of the City Engineer, Newton, Massachusetts, prior to the time set for opening bids. (See Ordinances of the City of Newton Chapter 2, Section 21, as amended.)

A sufficient bond for the faithful performance of the contract will be required of the contractor. The sum of the contract price will be required. Specifications and terms of contract can be obtained at the office of said Commission.

Said Commission reserves the right to reject or accept any proposal, and to award the contract as it may deem to be for the best interests of the City of Newton, and any contract made will be made subject to appropriations and grants to meet payment hereunder.

MORTGAGEE'S SALE

OF REAL ESTATE

By virtue and in execution of the power of sale contained in a certain mortgage given by James S. Cannon to the Watertown Co-operative Bank, dated the third day of August, 1929, recorded with Middlesex South District Deeds, Book 5487, Plan 3, for breach of the conditions contained therein, and for the purpose of foreclosing the same, will be sold at public auction on the premises hereinafter described, to-wit: a certain parcel of land, situated in the City of Newton, Massachusetts, and bounded and described as follows: Beginning at a point on West Street, at land of Murray on said plan; thence turning and running NORTHWESTERLY by land of said Murray, ninety-eight and 40/100 (98.40) feet; thence, turning and running SOUTHEASTERLY by land now or late of Mullen, fifty (50) feet; thence, turning and running NORTHEASTERLY by land as shown on said plan, as belonging to Clavitt, ninety-eight and 40/100 (98.40) feet; thence, turning and running NORTHWESTERLY by land now or late of Mullen, fifty (50) feet to the point of beginning.

Containing 1.4919 square feet according to said plan.

Being the same premises conveyed to us by the deed of Salvatore Grassi, duly recorded with Middlesex South District Deeds, Book 5487, Plan 3, and subject to the restrictions of said mortgage, and all unpaid taxes, tax titles, municipal liens and assessments, if any there be.

\$300 deposit will be required to be paid by the purchaser at the time and place of sale, at which other terms will be announced.

By Ulysses S. Young, Treasurer.

Commonwealth of Massachusetts

Probate Court

To the heirs-at-law, next of kin and all other persons interested in the estate of

Nelson Tyrrell

late of Newton in said County, deceased. WHEREAS, a certain instrument purporting to be the last will and testament of said deceased has been presented to said Court for probate, by Katie L. Tyrrell who prays that letters testamentary may be issued to her, the executrix therein named, without giving a surety on her official bond.

You are hereby cited to appear at a Probate Court to be held at Cambridge, in said County of Middlesex, on the twentieth day of August A.D. 1931, at ten o'clock in the forenoon, to show cause, if any you have, why the same should not be granted.

And said petitioner is hereby directed to give public notice thereof, by publishing the same in each week, for three successive weeks, in the Newton Graphic a newspaper published in Newton, at least before said Court, and by mailing, postpaid, a copy of this citation to all known persons interested in the estate, seven days at least before said Court.

Witness, John C. Leggat, Esquire, First Judge of said Court, this twentieth day of July in the year one thousand nine hundred and thirty-one.

LORING P. JORDAN, Register.

MORTGAGEE'S SALE

OF REAL ESTATE

By virtue and in execution of the power of sale contained in a certain mortgage given by Frank M. Wilder and Alice M. Wilder, husband and wife, as tenants by the entirety, to the Newton National Bank, a corporation duly organized by law and having its usual place of business in Newton, Massachusetts, dated October 11, 1930, and recorded with Middlesex South District Deeds, Book 5505, Plan 3, for breach of the conditions contained therein, and for the purpose of foreclosing the same, will be sold at public auction on the premises hereinafter described, to-wit: a certain parcel of land, situated in the City of Newton, Massachusetts, and bounded and described as follows:

"the land in said NEWTON, with the buildings thereon, being Lot A on a Plan of Land in Newton, Mass., belonging to the heirs of Marion R. Lord, E. S. Smith, Surveyor, dated September 14, 1922, recorded with Middlesex South District Deeds, at the end of Book 488, bounded and described as follows:

SOUTHEASTERLY by Waverley Avenue, eighty-nine and 85/100 (89.85) feet;

SOUTHWESTERLY by lot B, on said plan, one hundred thirty and 5/10 (130.5) feet, more or less;

NORTHEASTERLY by land of owners unknown, ninety (90) feet;

NORTHEASTERLY by land now or late of Travlin, one hundred forty and 75/100 (140.75) feet; and

CONTAINING 12,106 square feet, according to said plan.

Being the same premises conveyed to said grantors by George B. Spring dated and recorded with Middlesex South District Deeds, Book 4985, Page 226.

And said premises are subject to a prior mortgage originally given for \$17,000 to the Institution for Savings in Roxbury, dated and recorded with Middlesex South District Deeds, Book 4985, Page 226, and recorded with said Deeds, Book 4985, Page 226.

Said premises will be sold subject to any and all unpaid taxes, tax titles, municipal liens and assessments, if any there be.

\$200 deposit will be required to be paid by the purchaser at the time and place of sale, at which other terms will be announced.

By Ulysses S. Young, Treasurer.

MORTGAGEE'S SALE

OF REAL ESTATE

By virtue and in execution of the power of sale contained in a certain mortgage given by Leonard and Donata Leone, husband and wife, to the Watertown Co-operative Bank, dated the thirty-first day of July 1929, recorded with Middlesex South District Deeds, Book 5487, Plan 3, for breach of the conditions contained therein, and for the purpose of foreclosing the same, will be sold at public auction on the premises hereinafter described, to-wit: a certain parcel of land, situated in the City of Newton, Massachusetts, and bounded and described as follows:

"the land in said NEWTON, with the buildings thereon, being Lot A on a Plan of Land in Newton, belonging to John T. Burns & Sons, Inc., by E. S. Smith, Surveyor, dated and recorded with Middlesex South District Deeds, at the end of Record Book 4672, and bounded and described as follows:

Beginning at a point on West Street, at land of Murray on said plan; thence turning and running NORTHWESTERLY by land of said Murray, ninety-eight and 40/100 (98.40) feet; thence, turning and running SOUTHEASTERLY by land now or late of Mullen, fifty (50) feet; thence, turning and running NORTHEASTERLY by land as shown on said plan, as belonging to Clavitt, ninety-eight and 40/100 (98.40) feet; thence, turning and running NORTHWESTERLY by land now or late of Mullen, fifty (50) feet to the point of beginning.

Containing 1.4919 square feet according to said plan.

Being the same premises conveyed to us by the deed of Salvatore Grassi, duly recorded with Middlesex South District Deeds, Book 5487, Plan 3, and subject to the restrictions of said mortgage, and all unpaid taxes, tax titles, municipal liens and assessments, if any there be.

\$300 deposit will be required to be paid by the purchaser at the time and place of sale, at which other terms will be announced.

By Ulysses S. Young, Treasurer.

GARDEN CITY AUDITORIUM

As its name implies, the Garden City Auditorium, shortly to be erected upon the site of the old Players' Hall on Washington street in West Newton, is an enterprise of consequence to the City of Newton as a whole. It is a community project of such scope as to enlist the interest of all Newton citizens.

The fundamental purpose of its promoters is that the building shall be so designed and equipped as to satisfy a demand, which has long existed in Newton and has recently been growing more insistent, that an adequate place be provided and made available to social groups from any one of our component villages for the purpose of public or private presentation of lectures, concerts, drama, exhibitions, social meetings and other like activities from a properly equipped stage in an auditorium of adequate seating capacity and at a reasonable rental.

No such building at present exists in Newton.

It is the further purpose of the Di-

THE NEWTON GRAPHIC

Vol. LIX—No. 48

THE NEWTON GRAPHIC (Newton, Mass.) FRIDAY, JULY 31, 1931

Eight Pages

Single Copy, 7c; \$3 per Year

ABOUT TOWN

By Edw. H. Powers

One of the most dangerous corners in this city is that at Centre street and Centre avenue, Newton. A blind corner by which and around which a steady stream of automobiles passes. A corner where a constant stream of pedestrians travels. In past years a number of automobile accidents occurred at this corner. They were caused by cars, or trucks, being driven around the corner to the left of the centre of intersection, colliding with cars either making right turns, or being operated along Centre street.

Several years ago, when the GRAPHIC office was right at this corner, we requested former Police Chief Burke to have a traffic signal placed in the middle of Centre avenue at its confluence with Centre street and he readily agreed that such a traffic safeguard was needed. A Columbia signal was placed at the corner at an expense of several hundreds of dollars and proved very effective.

When the new station on Washington street at Centre avenue was occupied on July 6, 1929, it was feared that the aerial ladder would hit the traffic signal, so the signal was removed and a number of large iron discs, about 15 inches in diameter were placed in a row on the middle of Centre avenue near Centre street to keep drivers of automobiles from making sharp left turns. These discs also proved very effective in the two years they were on the street. The GRAPHIC office on Centre avenue is about 50 feet removed from them, so we have had ample opportunity to observe the effect of placing the discs on the street. They were placed there at our suggestion as for the past four years we have been one of the three members of the Traffic Committee of the Newton Board of Aldermen.

Last Friday morning about 11:30 several employees of the Street Department arrived at Centre avenue with a compressed air machine and pried the discs from the street. Upon investigation we learned that the discs were taken up by the street sweeper from the Street Commissioner. He had taken this action because a resident of West Newton had alleged that the discs were unsafe for traffic. Without making an investigation, which would have refuted this contention, without extending the courtesy of conferring with the person who suggested the placing of the discs, and whose official position ought to entitle him to some consideration, the say-so of the West Newton gentleman was accepted and the discs taken up. This is a sample of the manner in which the representatives of the people of Newton (or at least some of them) are treated. The discs were replaced, after a fashion, later on the same day on which they were removed. They are now almost flush with the street, laid irregularly and will serve as a questionable deterrent to the type of motorists who drive recklessly.

Persons residing in Vernon Court on Centre street, Newton, old citizens of this city, have asked us to mention the ugly appearance of a patch on the street in front of their apartment house. The old-timers living in Vernon Court were quite pleased when Centre street was improved by a smooth asphalt surface over a year ago. But, for some months ago, they sit on the veranda of the hotel, they have to look at a scab-like patch directly in front where an excavation was made and the surface of the street not given the smooth top coat. Another such ugly effect is diagonally in front of the hotel, opposite 437 Centre street. Mayor Weeks during the past 18 months has endeavored to improve some of the principal streets of the city. On streets where smooth asphalt pavements are laid, when excavations are made, the resurfacing jobs should be so done as to leave the recently improved streets still attractive and not crudely patched.

Those folks who have been whining about the excessive heat this week should have seen the men working at the task of welding the big 60 inch (Continued on Page 5)

\$700,000 Authorized In Twenty-Year Bonds

Aldermen Vote Appropriation For New City Hall and Memorial

The Newton Board of Aldermen held a regular meeting on Monday night at which much important business was transacted. This included the authorization of a bond issue of \$700,000 to finance the new city hall and war memorial; the appropriation of \$21,792.40 for the purchase of 4 1/2 additional acres of land from the Paul estate at Newton Centre adjoining the Weeks junior high school; the renewal for one year of a permit to the Woodland Sand & Gravel Company to operate the huge pit off Washington street, Lower Falls, opposite Beacon street and the awarding to Pasquale de Christafaro of \$5000 additional for rock excavated in the Cold Spring drain. The bond issue will be on a 20 year basis and of the amount \$500,000 will be for the city hall section and \$200,000 for the war memorial building.

The first matter to come before the meeting was the hearing on the petition of the New England Telephone Company for a permit to lay underground conduits in Hobart road, Newton Centre between Commonwealth avenue and Monadnock road. No one appeared to oppose this petition.

James P. Gallagher, appearing as attorney for George A. Haynes asked that a permit be granted for a gasoline filling station at 359 Washington St., near the corner of Thornton street, Newton. Recently the Aldermen turned down a similar petition from Mr. Haynes for the reason that the frontage of this proposed station on Washington street was not sufficient. Mr. Gallagher explained that his client now proposes to add another of the tenements in the old wooden block now occupying the site of the proposed filling station, thus giving an additional 20 feet of frontage. If the permit is granted, three sections of the unsightly block will be removed, and the district materially improved by the change. Mrs. Della Leonard of Thornton street, whose property immediately adjoins the rear of the proposed station favors the petition and none appeared to oppose it. It is proposed to have 3 driveways to the station, one of these to be on Thornton street, thus allowing the big trucks to enter the rear of the station, the gasoline tanks, which would be placed at the rear of the lot.

Alderman Grebenstein, chairman of the Claims and Rules Committee recommended that the sum of \$5000 be paid to Pasquale de Christafaro, the contractor who built the Cold Spring Swamp drain in 1929. Grebenstein explained that a mistake had been made in the estimate of the amount of rock to be excavated in doing this work. The engineering department of this city had estimated that only about 1000 cubic yards of rock would have to be excavated in digging the drain. Then the plans were changed in deference to the wishes of the Newton Cemetery Corporation and instead of 1000 cubic yards of rock excavation, a large ledge was struck and 6000 cubic yards of rock had to be removed. Christafaro's contract specified that he would receive \$7 per cubic yard for all rock excavated, so the city paid him \$42,000 additional over his original contract figure because of the 5000 extra yards of rock removed.

To facilitate the task of removing the rock, Christafaro supplanted the small steam-shovel he was using with a larger shovel. He claimed that because of the depth of the trench it was impracticable to use the smaller shovel. By using the larger shovel he removed more material and rock than was necessitated under the contract. He then put an additional claim against the city for the extra rock taken out. Stating that he had removed 2680 cubic yards of rock in addition to the 5910 cubic yards for which the city had paid him, he demanded another \$18,760 and threatened suit against the city unless paid this second additional sum. Christafaro's counsel agreed with City Solicitor Bartlett to settle the second claim for \$5000, and the Claims and Rules Committee, with Alderman Powers (Continued on Page 4)

Study of Traffic Conditions in Nonantum Square Report to City Government by Lewis E. Moore

Radical Measures Recommended By Traffic Consultant As a Result of Thorough Survey of Problem In Order To Relieve Traffic Congestion And To Provide Area For The Parking Of Automobiles

At the meeting of the Board of Aldermen on Monday night the report of Lewis E. Moore concerning traffic conditions in Nonantum Square was submitted. Mr. Moore, who resides at 113 Beaumont avenue, Newtonville, was appointed a few months ago by Mayor Weeks to make a study of traffic conditions at Nonantum Square. On the recommendation of Mayor Weeks the Board of Aldermen, at that time, appropriated \$500 to pay Mr. Moore for making this study.

The report submitted is quite extensive and each alderman received a typewritten copy of it, together with a map showing the proposed changes and takings at Newton Centre and Nonantum Square as recommended by Mr. Moore. The cost of the projects is estimated by Mr. Moore at \$416,000, but would in all probability be much more as the assessed values of most of the property which would be seized in conjunction with the projects is well under the market value.

In the introduction to his report Mr. Moore says:

"I have consulted with various parties, have studied previous reports, and have endeavored to present suggestions which will be reasonable in cost and which can be followed out one at a time so that each section of the completed whole will solve some part of the entire problem, and at the same time improve the whole situation."

"The projects outlined herein involve the taking of a certain amount of property, but it is difficult to see how any improvement can be made in this vicinity without taking property. I have endeavored to minimize these takings without sacrificing ultimate usefulness to present economy."

"The subject naturally divides itself into three parts, which are

- (1) The handling of traffic in the square
- (2) The parking problem in the square
- (3) The provision of by-passes which will lead through traffic away from the square."

Handling of Traffic in Square

"As is well known, there is considerable congestion at times in Nonantum Square, due to several causes. This intersection is irregular, but as only four streets meet there it is in principle at least merely a right angle intersection and, to a considerable extent, may be treated as such."

"Some of the methods of handling traffic have remained, possibly unnecessarily, since the elimination of the cars of the Middlesex & Boston St. Railway. The installation of bus operation on this street railway has caused a new set of problems which are not being handled to the best advantage in all respects at the present time. Various suggestions have been offered as a means of correcting the undesirable conditions."

"I question very much whether any great improvement can be made unless the parking of cars in the street can be greatly lessened, and the handling of the buses improved in certain particulars. The parking of cars at an angle on the curve leading from Centre into Washington street westward, causes great obstruction to traffic, is dangerous, and is only to be excused on the ground that there is no other place to put them."

"It has been suggested that a street be cut through beside the railroad tracks from Centre street easterly, as a continuation of Hall street, and the buses be routed through this street. This is undesirable because of the fact that buses would be obliged to cross Washington street and the tracks of the Boston Elevated Railway twice; once upon leaving this new street, and again in the square. This double crossing would add to the confusion already existing and should be avoided. The buses are now handled in a better way as they do not cross the tracks at all."

"All the street railway buses should enter Bacon street, as many of them now do, and go down Pearl street to Bacon Centre. They should, however, be compelled to stop on Pearl street, discharge their passengers, and wait at this location for their leaving time. The standing of buses in the square, as is now done, for ten or eleven minutes at a time should not be allowed. A post stop could be put in the square at the place where the buses now stand, permitting them to stop to take passengers at that point. Passengers who had sufficient time would undoubtedly prefer to walk around to Pearl street and get on the bus before it leaves."

"The buses from Waban and Bemis should go around into Pearl street, the same as the others. The Waban bus should go through Centre avenue to Washington street."

"In this connection the Boston Elevated would probably be willing to stop their cars, bound for Boston, at Pearl street in order to give an easy and quick connection for bus passengers going toward Boston. This change accords with the principle that cars should stop before entering a congested area and not just after leaving it."

"Cars bound for Watertown should stop as at present, which would afford their passengers an opportunity to take the bus either at the proposed bus stop in front of Hudson's Drug store, or to walk around the corner to Pearl street, if they have plenty of time."

"One suggestion which was made in the Committee's report that the buses be routed through Park and Vernon streets, around a large loop, would be very undesirable. It should be remembered that the passengers on the buses are entitled to as prompt and direct routes to their destinations as owners of pleasure cars are. There should be no unnecessary deviations in bus routes. Running all the buses around Park and Vernon streets would be an unnecessary waste of time for their passengers and would add to the congestion in the square."

"The present routing of some of the buses through Bacon and Pearl streets, and then around Centre street is ideal, except for allowing the buses to park in the square while they await leaving time."

"The desirability of allowing traffic bound toward Newton Centre to proceed along Centre street, instead of going up Washington street to Hall and then around Centre street, is suggested. At the same time traffic bound east on Washington street could keep on Washington street instead of turning into Hall. A signal at Hall and Centre, operated from the tower, would be desirable in this connection, together with some rearrangement of the tower signals. While this at first sight may seem a step backward, I think a little consideration will show that the suggested rearrangement of traffic would result in smoother operation and less confusion, particularly on the part of strangers. After all, in principle the crossing is only a right angle intersection. To come down to a matter of detail, the signal tower is very badly located. It should be moved about twenty feet towards the bank building from its present location. The advantages of this move are so obvious to anyone acquainted with the situation that it is unnecessary to enlarge upon them here."

"A traffic count made in Nonantum Square is included herein. The traffic passing the signal tower is shown on page 5. On page 6 the same traffic is expressed in percentage of the total for each half hour period. For instance, during the hour from 8:00 to 8:30 a.m. a total of 1000 cars the traffic absolutely balanced it would show 16-2/3% for each item in this table. A comparison of the figure shown with 16-2/3% will show at once the times and directions in which the traffic is most unbalanced. The table on page 7 shows the traffic in and out of Hall street and clearly indicates what one would expect; that is, the traffic is heaviest in the morning toward Boston and Watertown and in the evening away from them. The traffic count shows that the heaviest traffic occurs between 5:00 and 5:30 P. M. This density is not great enough to cause congestion if the cars through the square were only kept open."

"In this connection it should be noted that more cars make the right turn from Centre street to Washington street in the direction of Newtonville than move in any other direction. This is the time of traffic that is interfered with most by the cars parked at an angle on the right hand side between the square and Bacon street, and by the buses parked in the same location."

"It is interesting to note that on Tuesday, June 14th, 1914 between 12:00 and 1:00 P. M. 367 vehicles passed through the square in all directions. (See report of Planning Board, 1914.) On Friday, June 26, 1931 between 4:00 and 6:00 P. M. 2334 vehicles passed the signal tower in all directions. In seventeen years traffic has increased in volume six times. Further increase may be expected and should be planned for with as much foresight as possible, and without delay."

"In referring to the parking problem at Nonantum Square, Mr. Moore says, 'owing to lack of width of the streets and the great expense that would be involved in a street widening in the square, some solution must be found for public parking space off of the street is indicated. The use of the triangular space at the easterly end of the old fire-station site has been suggested, together with the street put through along the line of the Boston & Albany railroad from Centre to Washington streets, which has been mentioned before. In my opinion this area is too small, and is not properly located to give all the desired relief. It might well be used in connection with the larger parking area suggested below."

"After considerable study and consideration, I am convinced that the largest and most useful available area would be gained by removing all the wooden buildings in the area between Bacon, Pearl, Centre and Washington streets. There are a number of wooden buildings, many which were originally on the site and were moved back when the brick buildings were built. They are undesirable from many standpoints, and I understand are not very valuable. These wooden buildings should all be removed, the area levelled off, graded and drained and used for a public parking space. The entrance from the square known as Pearl court should be used for foot traffic only."

"Parking should then be prohibited on the right side of Centre and Washington streets from Pearl street around to Bacon street. The patrons of the stores would have ample space to park in the public parking space at the rear, and the stores could, if

they so desired, have rear entrances opening direct on the parking area."

"At the same time Pearl street should be widened to 60 feet up as far as Bacon street. This will involve taking the old Opera House property."

"A public convenience station could be located, preferably on part of the old Opera House site."

"Additional business area might be obtained by extending Bacon street through to Carleton street, but as that is a matter which does not directly concern the handling of traffic, perhaps it need not be covered here."

"Referring to the plan of the Metropolitan District Commission to continue the boulevard along the Charles River to the Galen street bridge at Watertown, Mr. Moore recommends that to handle the traffic from this road to Newton Centre, a new street be built alongside the B. & A. railroad from the foot of Charlesbank road to the Saint James street bridge. A new bridge to be erected and the street cut through from the bridge to the junction of Washington and Park streets. From that point the new street would cut across Park street and through properties to Eldredge street, then the traffic would follow Eldredge street and then another new section of this route would cross Franklin street and emerge on Centre street three lots south of Franklin street."

Mr. Moore proposes another new roadway from the Saint James street bridge running parallel with the railroad track to Charlesbank road. He also proposes that Jackson road be widened to a junction with Watertown street in Watertown. He says, 'The completed scheme would cost about half as much as one school house. It is suggested that the work could well be divided over four years. The public parking space, the widening of Pearl street, and putting slighter different regulations in effect, together with some changes in the signals, should be done the first year."

According to Mr. Moore, the first year's program would cost \$140,000; the cost of the second year's program would be \$91,000; the third year's program \$104,000; the fourth year \$81,000. He recommends that all buses stop on the south side of Pearl street, instead of in the square; have the Elevated cars stop at Pearl street instead of in the square; allow traffic in both directions on Washington and Centre streets by the bank building; install a traffic tower at Hall and Centre streets."

The report was referred to the Traffic and Public Works committees of the Board of Aldermen.

NOTIFIED TO VACATE "TRIANGLE" SITE

At the meeting of the Board of Aldermen on Monday night, upon recommendation from Mayor Weeks it was voted to order Piladie Ramondini to vacate the building at the corner of Commonwealth avenue and Walnut street, and the Standard Oil Company to vacate the filling station at 1030 Commonwealth avenue within 60 days. The building occupied by Mr. Ramondini is a wooden structure formerly owned by the Middlesex & Boston Street Railway and used as a waiting station and office. Several years ago it was purchased by Ramondini and used as a lunch room and store.

The filling station is located on the site of the garage formerly operated by Joseph Crowell. Both these properties were taken by the city when the land occupied by the triangle was selected as the site of the new city hall and war memorial. The former owners were allowed to continue to use the buildings by paying the city moderate rentals.

ON ACTIVE DUTY

R. D. Nason, 188 Woodland road, Auburndale, Mass., Second Lieutenant Third Cavalry Reserve, is now on an active tour of duty at Fort Ethan Allen, Vt., where he is drilling the C. M. T. C. students of Troop B. Mason is a graduate of Norwich University, class of 1931, where he was active in Dramatics and Debating. He was also a member of the Glee Club, Year Book Staff and the newspaper staff. A student of considerable ability, Nason was on the Honor Roll for four years and had the distinction of graduating with honor. He is a member of the Maroon Key, a Sophomore honorary society. Lieutenant Nason intends to continue his education at the Harvard Graduate School of Business Administration.

REAL ESTATE SIGNS

A report of progress by the sign committee of the Newton Board of the Boston Real Estate Exchange was made Wednesday at the regular weekly noonday luncheon at the Vernon Court Hotel.

The meeting of the Newton Board was more largely attended than any meeting in the present series, and a spirited discussion of the Newton Real Estate sign situation was the order of the day.

The full report of the sign committee will be rendered at a future meeting following the return of Thomas H. Burns, vice-president of John T. Burns Inc., of Newton.

Mr. Arnold Hartmann, trustee of the Oak Hill Village Trust, was a guest at the luncheon, and contributed to the discussion.

Daylight Robbery In Newton Centre

Diamond Salesman Relieved of Jewels Valued at \$100,000

Five armed robbers in a car crowded an automobile containing Jacob Left of New York City and William Penfield of 512 Washington street, Brookline, off Beacon street, into Glen avenue, Newton Centre, and at gun point snatched a case containing jewelry valued at \$110,000. The theft occurred about 50 feet from Beacon street. The holdup was staged late Wednesday afternoon and was the third alleged big jewelry robbery near Boston within 5 weeks. Left, a wholesale jeweler, and Penfield had gone to the home of George Perkins on Laudholm road, Newton, to show some jewelry and were going back to Boston when robbed. According to the story told by Left and Penfield, the holdups, the bandits fled towards Boston after grabbing the jewelry. The theft was reported to the Brighton police and the Newton police were then notified.

RENEW GRAVEL PIT PERMIT WITH RESTRICTIONS

The Claims and Rules Committee of the Newton Board of Aldermen spent about an hour Monday afternoon at the Woodland Sand and Gravel Company pit off Washington street, opposite Beacon street, Newton Lower Falls. This company's petition for a renewal of its permit to operate at the pit has been held up because of protests from owners of nearby properties. In conference with the committee at the pit were City Solicitor Bartlett, Cataldo Marchioni of Nevada street, Newtonville, present owner of the pit, three of the remonstrators against the petition and the attorney of a Watertown bank which holds a mortgage on the property.

This pit was operated by Antonio Beatrice from 1924 to 1926 and then was purchased by the Woodland Sand & Gravel Company headed by Amato Pescosolido, the former Nonantum banker. This company operated the pit for a few years beginning in 1927 and it was operated by the city at a depth of about 40 feet below street level. For the past couple of years Marchione has operated the pit. The values of nearby properties are claimed by their owners to have dwindled severely because of the great, unsightly hole and the nuisance from sand and gravel dust is alleged to be intolerable. Neighbors claimed that the operators of the pit in recent years have not kept agreements to refill the yawning pit to a reasonable degree.

As a compromise between the objectors and Marchione the following conditions were imposed by City Solicitor Bartlett:

1. This permit shall run for the term of one year from its date.
2. The sand hopper and the necessary buildings and machinery be removed within thirty (30) days of the expiration of this permit.
3. The acceptance of this permit by the parties mentioned above shall constitute a license to the City of Newton to enter and remove the sand hopper and other buildings, machinery, etc., connected therewith, charging the cost to the owner in the event condition No. 2 is not complied with.
4. That no excavating of material be made to a depth lower than a grade fixed by the City Engineer to be filed by the City Engineer with the Public Buildings Commissioner, notice of which will be given by the City Engineer to the said Marchioni.
5. That the present excavation be filled immediately to a distance of twenty (20) feet beyond the line of the proposed widening of Washington street as shown on plan No. 23569, and a fill 10 feet in width be made along the westerly line of Beacon street extension from the northerly line of Washington street to a point approximately 270 feet be made by the owner during the period of one year from July 27th, 1931, so that this license be terminated by the Mayor if the City Engineer certifies at the end of 180 days from July 27, 1931 that in his opinion there is no evidence of the owners beginning in good faith to make the fill herewith required. All fill shall be clean fill; no fill to consist of automobile bodies or parts, or no promiscuous dumping to be permitted.

(Continued on Page 4)

Few Unworthy Cases In Charity Check-up

Good Conditions Found in Welfare Department

Systematic check-up of all public charity cases in the City of Newton, which was ordered by Mayor Sinclair Weeks several months ago, has been completed and the results, announced today, indicate that nearly all of the cases being cared for by the city are worthy ones. However, the recommendations of reductions in the amount of aid given in some instances and discontinuance of aid in others, which were made by the supervisors, have been carried out by Miss Florence S. Fitzgerald, Director of the Newton Public Welfare Department.

Out of nearly 400 families to which city aid is given, the department's investigators found only 12 unworthy cases which were dropped and 17 cases which were receiving more financial help than necessary. Eight cases were recommended for increased aid.

Investigation of Newton's cases was carried on in the late afternoon and evening for the most part, by two trained men, and resulted in disclosing several instances where boarders, unknown to the department, were helping increase the incomes of some families. During previous day-time visits such boarders — not home at the time, were not listed.

Amount of aid was decreased only in those cases where it was found that children were working and able to assume part of the burden of supporting the family, or, in the cases where boarders contributed to the family purse. Persons found to have money in banks were dropped immediately, as were families whose income was found to be certainly sufficient.

Two of the cases on which aid was stopped have been referred to the City Law Department, and if it is found that money or supplies were fraudulently obtained from the city, the authorities will be directed to proceed with court action against such persons to recover the sums advanced.

PARENTS' DAY

The first of a series of Parents' Days will be held at the Newton Centre Playground on Wednesday afternoon, August 5th, from 2 to 4 p. m. A program of the activities carried out on the Playground for a group aged 5 to 10 years.

This will include the following: Doll Carriage Parade, Bicycle Parade, Horrible Races, Baseball for Boys, Dodge Ball, First Ball, Scholastic Ball, Games.

All children between these ages are urged to come as the object of this demonstration will be to exhibit and teach the activities that are being carried on daily, in the hope that more parents and children utilize the playground of Newton.

In the event of unfavorable weather the Demonstration will take place on the next fair afternoon.

COUSENS FUND TRUSTEES TO INVEST \$400,000

At the meeting of the Board of Aldermen on Monday night the trustees of the Cousens Fund were authorized to invest \$400,000 as follows—\$100,000 in City of Newton bonds, \$100,000 in City of Boston bonds, \$100,000 in Commonwealth of Massachusetts bonds, \$100,000 in United States Government bonds. Alderman Chase asked to be excused from voting on this matter as he is associated with the firm of R. L. Day & Company, bankers, which is interested in handling bonds. The trustees of the Cousens were also authorized to spend \$200 for expenses.

D. A. R.

The Lucy Jackson, D. A. R., Chapter House, corner of Washington and Concord streets, Newton Lower Falls, will be open on Thursday, August 6, from 10 a. m. until 4 p. m. Mrs. H. W. Newhall Chairman of hostesses for this day.

THE WEEK IN NEWTON SPORTS

Edited by WARREN K. BRIMBLECOM

SPORT NOTES

Newton Golfer Breaks Record

"Biff" Nelson of Newton, using a new ball, broke the course record at Lookoff, Sugar Hill, N. H., on Monday. He turned in a 68 for the 18 holes.

Miss Rice Loses To Mrs. Moody

Virginia Rice, formerly of Newton Centre, and well known for her tennis playing ability was eliminated from the women's singles in the tournament at Seabright, N. J., on Tuesday. Miss Rice met Mrs. Helen Willis Moody in the second round and the Californian star was content to force errors by Miss Rice in a 6-0, 6-1, victory. With Miss Mianni Palfrey, Miss Rice lost in doubles to Penelope Anderson and Mrs. Jessup in the second round.

DeMille Hits Homer

"Penny" deMille, former Newton High and Wentworth Institute athlete, is playing week-ends with "Jeff" Jones Harwich team of the Cape Cod league. Sunday against Falmouth he hit a home run in the ninth for Harwich, third run in a 3 to 1 victory.

Andres With Chatham

Hal Andres, former Newton High and Dartmouth three-sport athlete star, is catching for the Chatham team of the Cape Cod league.

Wilson Sets New Record

Edgar W. Wilson of Newton, representing the B. A. A. set a new record in winning the three-mile walk at the N. E. A. A. U. track and field championships at Lynn on Monday night. He was timed in 22 minutes 58.25 seconds, lowering the old mark of 23 min. 4 seconds, made by H. L. Clark at Quincy in 1921. Wilson won easily, defending his title.

Ober Gets Second

Julius Ober, former Newton High runner, placed second to McDonough in the six-mile run at the New England championships at Lynn. Both runners wore the colors of the B. A. A.

Webster A. C.	5	12	294
Upper Falls	4	12	250
Newton T. T.	3	13	187

The feature game in the Newton Twilight League the past week was between the League leading Silver Lake A. C. and Auburndale. DeAngelo was hit hard for the first time this season and Auburndale won 11 to 3. Sutherland had 12 strike-outs and held Silver Lake to 5 hits.

Auburndale in turn was defeated by Webster A. C. 2 to 1.

A further upset was the defeat of Nonantum A. A. by Lower Falls 4 to 1. There will be no league meeting Monday, August 3rd, at which the final player's lists for the season will be settled and the final schedules for the season will be given out.

Games Tonight, July 31st

Auburndale vs. Upper Falls at Auburndale.

Silver Lake vs. Lower Falls at Cabot. Newton Cubs vs. Webster A. C. at Newton Centre.

Wednesday, August 5—Webster A. C. vs. Highlands at West Newton. Y. M. C. A. vs. Nonantum A. A. at Cabot. Newton T. T. vs. Upper Falls at Victory.

Thursday, August 6—Auburndale vs. Newton Cubs at Auburndale.

Friday, August 7—Silver Lake vs. Auburndale at Cabot. Newton Cubs vs. Y. M. C. A. at West Newton.

FIRE RECORD

Box 391 at 4:08 Tuesday afternoon was for a fire in the home of Henry B. Day, at 329 Chestnut street, West Newton. The fire, supposed to have been caused by an overheated iron, was confined to a room in the attic and the damage was small.

Just because Wednesday was about the hottest day this summer with the temperature 97 in the shade, Newton firemen had to withstand additional heat by fighting several wood fires. The Newtonville firemen went to extinguish a fire at the beautiful North street dump; the Highlands firemen had to put out a blaze at the Needham street dump and the Newton Centre crew spent six torrid hours trying to quench a fire at the Warren street dump. And the Newton cops wilted all day in those heavy blue serge uniform coats.

One of the queerest fires the Newton firemen have been called to fight in a long time was that in a tree near the Newton High School yesterday morning at 6:43. An unfortunate squirrel became hotter than hot when he short circuited two wires while travelling from a tree and then the tree became a blaze. Box 26 was pulled and brought several pieces of apparatus, including the aerial ladder. The tree was saved, but the squirrel was not.

Y. M. C. A.

Miss Marjorie Aldrich has returned from her vacation in Bangor, Maine. Mr. V. A. Anderson, Assistant Physical Director, and family are spending their vacation at Mattapoisett on the Cape.

Boy's Outings Appreciated

"Our boys look forward all the year to the outings at the Newton Y. M. C. A.," said one of the leaders of the boys sent out by the City Missionary Society of Boston. Each week during July, from forty to fifty boys have been spending Wednesdays at the Newton "Y" playing games, swimming in the white tiled pool, and otherwise enjoying themselves. A substantial luncheon is provided for the boys at 12:30. Afterwards there is singing and movies. Those who have made these outings possible are Mrs. D. A. White, Mrs. H. W. Witten, Mrs. H. C. Fraser, Mrs. H. W. Bascom, Mrs. Howard Moore, Mrs. F. A. Day, Mr. W. F. Garcelon, Mr. W. F. Chase, Mr. Curtis Chipman, Mr. W. R. Ferry, Mr. E. H. Ellison, Mrs. Mary E. Hyslop, Miss Elizabeth Spear, Mr. E. D. Conant, and Mrs. F. S. Webster.

Mr. Richard B. Simmons and Mr. V. A. Anderson, Physical Directors at the "Y," have arranged for baseball, swimming, and games on the athletic field. Mr. John Andrew, Jr., Associate Boy's Secretary, has taken general charge of the group and presides at the luncheon. He leads the singing and looks out for the moving pictures.

The special summer rates have been attracting many men and boys into the membership of the Newton "Y." Up to and including August 15th, these will be available for any who are interested. Many men and boys are learning to swim at the "Y" this summer.

Movies showing the construction and some of the special features of the new Empire State Buildings in New York were shown in the lobby this week.

Everyone at Camp Frank A. Day is getting ready for the closing on Saturday, August 1st. This is one of the big events of the year. Parents and friends are invited.

Arvo Arj, known to the boys of Camp Day as Arnold, is now attending the Youth Conference at Toronto. When Arnold left, he presented Mr. Hess, Director of the Camp, and Messrs. Johnson and Farley, heads of the Senior and Junior Divisions, with mementoes of his visit. The leaders and campers thought so well of Arnold and the fine spirit of leadership which he has shown at Camp, that he was presented with a Camp Pin and the Leadership Award which has only been given three times in the history of the Camp.

Boy's Division

The members of the boy's division are flocking to the "Y" every afternoon to enjoy the daily swim in the pool. This is not the only activity, however. Twice each week the mid-gets (boys under fourteen) baseball team gathers for practice or a game. This team, like the others of the "Y," is equipped with uniforms and are given the benefit of the experience of members of the staff in coaching.

Already this season, one trip has been made to Provincetown. Twenty-four boys under the leadership of Mr. Andrew, Associate Boy's Secretary, left the "Y" at 7:45 A. M. and returned at 9:00 P. M. after a real sail across Cape Cod Bay. Trips are now being planned to Plymouth and Nantasket.

Some of the boys are interested in Archery and may be found on the "Y" range almost any Monday morning. Of course the Tennis players find the courts very handy for their sport.

On Tuesday evenings, the Employed Boys enjoy three reels of movies after their swim and the Juniors are given the same privilege on Wednesday afternoons.

On rainy days a game tournament is held in the boy's division gymnasium. Two have already been held and the boys all must look forward to a rainy day.

During the month of August the movies will be discontinued, but trips to various factories and places of interest will be put on the schedule in their place.

Tennis

The Newton Y. M. C. A. Tennis Team met the Melrose Y. M. C. A. team in a dual match at the Newton "Y" Saturday afternoon and defeated it three to nothing. In the singles matches Howard Fitts of Newton defeated Kimball of Melrose, 6-2, 6-2, while Chase Kepner of Newton defeated Kimball of Melrose, 6-0, 8-6. In the doubles match, Gordon Kitchen and Howard Fitts of Newton defeated White and Wentworth of Melrose, 6-4, 6-1. Next Saturday Newton "Y" meets the Lynn Y. M. C. A. team at Newton.

JUNE HEALTH REPORT

The report of the Newton Board of Health for June shows that 45 deaths occurred in the city during that month; 19 males and 26 females. Cancer caused 8 deaths, cerebral hemorrhages 7, heart ailments 9, arteriosclerosis 7. Communicable diseases reported during the month included: scarlet fever 22 cases, measles 47, mumps 27, whooping cough 32, chicken pox 42, tuberculosis 4. The Health Department investigated 5 complaints, abated 22 nuisances, inspected 18 tenements, 57 markets, 28 restaurants, 7 bakeries and 8 ice cream manufactories.

BOY HIT BY AUTO

While riding a bicycle on Centre street, near Church street, Newton, on Monday afternoon, Perry Glentzel, 11, of 28 Jefferson street, Newton, was hit by a car driven by Clifford Jewett of Westwood. The boy's arms were cut and his back injured.

Only TRUTHFUL TIRE ADVERTISING WINS!

WHEN we advertised the fact that Firestone was furnishing its complete lines of Firestone Gum-Dipped Tires that not only met the price but beat the quality and construction of every grade of special brand tires sold by mail order houses and others, the mail order houses made vigorous protests to Better Business Bureaus and made demands upon newspapers not to accept Firestone or our advertising.

We cannot blame them for they did not want car owners to know that they could get, at no more cost, a better tire made by a leading manufacturer, bearing his name and guarantee plus our guarantee and our service.

When car owners awakened to this fact, they came to us, compared the sections we had cut from Firestone Tires and special brand mail order tires, and were astounded at the Extra Values we were giving.

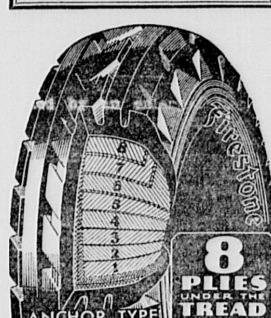

As a result, our business and that of other Firestone Dealers throughout the country, increased so fast that it has been necessary for Firestone to run their factories twenty-four hours a day and Firestone sold more tires in April, May and June than in any like period in the history of the company.

In our advertising we do not make comparisons involving laboratory tests which you cannot verify except in a laboratory—neither do we make comparisons of construction or price based on misleading classifications such as first line tire, second line tire or third line tire—we do not make comparisons to confuse and mislead you as to actual values and service—we only make statements and comparisons that you can verify for yourself in our store before you purchase the tire.

Come in today and get the greater safety, extra quality and extra values found only in Firestone Tires.

Size	Firestone Anchor Type Cash Price Each	Special Brand Mail Order Tire Price Each	Firestone Anchor Type Cash Price Per Pair
4.40-21	\$4.98	\$4.98	\$9.96

6.50-19	\$16.65	16.65	\$33.30

*When the National Better Business Bureau realized that their Bulletin No. 634 was being taken advantage of by some advertisers they issued a Bulletin dated July 10th as follows:

"In our Bulletin No. 634 entitled 'Definitions of Terms Used in the Tire Industry' we published definitions of First Line—Second Line—Third Line—Heavy Duty and Super Heavy Duty Tires.

"Our definitions pointed out, 'Although each manufacturer's or distributor's first line tire may represent his best standard size 4 or 6 ply tire, there is not necessarily any equality of competitive first line tires as to materials, workmanship or price.' This interpretation also applies to all lines of tires.

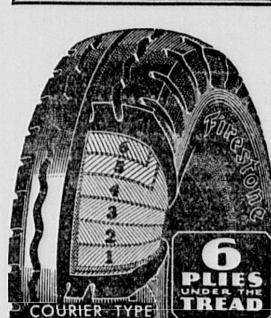

"We therefore recommend that advertising to the consumer shall avoid the use of these terms for the purpose of comparing competitive products."

*A "Special Brand" Tire is made by a manufacturer for distributors such as Mail Order houses, oil companies and others, under a name that does not identify the tire manufacturer to the public, usually because he builds his "best quality" tires under his own name. Firestone puts his name on every tire he makes.

Double Guarantee—Every tire manufactured by Firestone bears the name Firestone and carries Firestone's unlimited guarantee and ours. You are doubly protected.

NEWTON MAN HONORED

Trustees of the Massachusetts Horticultural Hall elected Edwin S. Webster, of Chestnut Hill, president of the society.

Mr. Webster, who has been a member of the society for many years, is one of the principal exhibitors at the various flower shows conducted by the society, the displays from his estate at Chestnut Hill always being features of the exhibitions.

Mr. Webster also has a large summer estate at Falmouth where he specializes in outdoor roses, a source of much pleasure to lovers of flowers. Mr. Webster's interest in horticulture is further indicated in the Webster family farm of several thousand acres at Squam Lake, Holderness, N. H., where the growing of vegetables is the chief specialty.

BAND CONCERTS

Band concerts in this vicinity next week include the 101st Engineers' band at the Riverside Recreation grounds on Sunday afternoon and the Holmes Military band at Charles River road next Wednesday evening.

DOG BITES BOY

Although dogs are supposed to be restrained in this city, complaints of persons being bitten by them continue to come into police headquarters. Wednesday Francis O'Grady of 188 Chapel street, Nonantum, reported that he had been attacked and bitten by a dog owned by John Monaghan of 36 Bennington street, Newton. Monaghan was ordered to restrain the dog and Dr. Boutelle notified to examine it.

POLICE NEWS

Giacinto Geofredo of Cambridge was found not guilty in the Newton court on Monday when charged with molesting two Newton residents of \$300 each by getting the money on the promise that he would obtain jobs in Canada for persons residing in Italy. Judge Bacon believed Geofredo's story that he was the innocent agent of another party who used him as a tool.

Another home in this city looted while the occupants were away is that of D. F. Appleton, 192 Beethoven avenue, Waban. Mr. Appleton discovered the burglary when he returned to the house on Monday. Entrance was effected by forcing a window.

Rocco Gentile who conducts a store at 123 Adams street, Nonantum, reported to the police that someone had entered the store on Sunday and stole \$5.50 in cash. C. V. Macomber of 26 Magnolia avenue, Newton reported to the Newton police on Monday that on July 22nd two suits of clothes valued at \$115 had been stolen from a hammock on the porch of his home.

Eugene Buckley of 246 Bellevue street, Newton, a carpenter, was arrested Monday night as he came out of the Curtis & Pope lumber yard on Crafts street, Newtonville, carrying a roll of roofing paper. He was taken into custody by Patrolmen Dunagan and Stevens charged with drunkenness and larceny. In the Newton court on Tuesday he was fined \$20 for taking the roofing paper. The other charge was continued for six months.

In the Newton court on Tuesday Alexander Sroda of 58 Mechanic street, Upper Falls was sent to jail for 30 days for having been drunk and given a two-months suspended sentence for non-support of his family. Anthony Yanko of 2298 Washington street, Lower Falls was found not guilty of assault and battery on a woman who lives in his neighborhood. The complainant bore no marks to show she had been treated roughly, but Yanko appeared to have stopped some sound wallows. He was fined \$10 for drunkenness.

The Newton police were notified on Monday that a white duck had been taken from the estate of Charles E. Riley at 93 Bellevue street, Newton on Sunday night.

Last Friday in the Newton court another batch of autoists paid fines. Fines of \$10 for speeding were imposed on John Johnson, Islington; David Gallagher, Brookline; Frank Perkins, 73 Glen avenue, Newton Centre was fined \$5. George Boudreau of 8 Russell street, Waltham was fined \$10 for speeding. Policemen John J. Murphy was the complainant. Murphy was driving down Chestnut street when Boudreau breezed by in a motor car. Murphy followed, catching up with the Waltham individual when the traffic light at Newtonville stopped him. The policeman alighted, and displaying his badge ordered Boudreau to produce his license. The latter was quite pert and refused on the contention that Murphy, not being in uniform, was not on duty and had no authority to make him show the license. But, when threatened with arrest, Boudreau produced the license and his summons into court followed.

Charles Gumbert of 220 Brown street, Waltham was fined \$10 in the Newton court last Friday for failing to stop when ordered to do so by Patrolman O'Donnell. Gumbert stated he did not see the officer's signal. Rodney Clark of Newton street, Weston was fined \$5 for not STOPPING before entering a through way. Victor Thomas of Brookline was fined \$10 for speeding.

Albert Moreau of 16a Middle street, Newton was arrested Saturday by Patrolmen Bibbo and Feeley charged with assault and battery on his wife. In the Newton court on Saturday his case was continued until August 6.

James Stewart of 234 Calvary street, Waltham, was in the Newton court on Saturday charged with attempted larceny of gasoline from the C. F. Eddy Co. at West Newton. His case was continued until August 5. Stewart was one of five young men detected on July 8 by Patrolman Feeley in the Eddy coal yard. Waltham police went to arrest Stewart at his home last Friday and he ran to the Charles River nearby and plunged in. He swam up and down the river for some time before surrendering, giving the Waltham police some walking to do, and some waiting.

John O'Mara of 46 Columbus street, Newton Highlands, was arrested by Patrolman Parker of Watertown on Sunday when he was asked to produce his driving license. The license was for the year 1929 and upon investigation it was learned that in 1930 O'Mara had his automobile license revoked when he was convicted of driving while under the influence of liquor. In the Waltham court on Monday he was fined \$50 by Judge Connolly.

Patricia O'Leary, 23, a cabaret dancer residing at 6 Pinckney street, Boston, was arrested by Inspector Kink and Special Officer Feeley of the Newton police and was arraigned in the Newton court Monday morning charged with threatening Mrs. Alice Fredey of 146 Jewett street, Newton. It is alleged that the O'Leary woman came to the Fredey residence on July 20 and not finding Mrs. Fredey home, displayed a revolver and stated she would use it on the Newton woman. The cabaret performer is alleged to have attempted to extort money from Mrs. Fredey and to have made threats. Her case was continued until August 3 and she was held in \$500 bonds.

John Proia, 18, of 16 Morgan place, Nonantum, was arrested Saturday afternoon by Special Officers Feeley and Mullen and Patrolman Bibbo charged with stealing an automobile owned by Michale diMarino of 11 Morgan place, Nonantum. It is alleged that Proia took the car on the night of July 24th, drove it to Woonsocket, R. I., and abandoned the car there. It was recovered by the Woonsocket police. Proia was held in \$2000 for the Grand Jury. Ernest Collins of 162 Lowell ave-

NORUMBEGA UNION AT LINCOLN PARK SUNDAY EVENING

Officers and members of Norumbega Union of Christian Endeavor will take full charge of the West Newton Community Evening Service at the Lincoln Park Baptist Church this Sunday evening, August 2nd, at 8 o'clock. The leader is to be Mr. H. Newton Jones, president of the Union.

The subject, "Christian Vocations," will be discussed by Miss Nellie May Seward of the Lakeview Evangelical Church, Waltham, and Mr. Philip Havener, a student for the Christian ministry.

Miss Marion Atkins will read the Scripture Lesson. Special music will be provided by Miss Mildred Edna Isakson and Mrs. Robert H. Kemp-ton.

Mr. William Pride of Waverley will be assisted in ushering by Mr. Ernest Swan and the Misses Ethel Livermore and Gretchen Havener.

The pastor, the Rev. John Shade Franklin, who is also pastoral counselor of the Union, extends a cordial welcome to the general public to attend this service.

NEWTONVILLE PEOPLE INJURED

John and Mary Boyajian of 715 Watertown street, Newtonville, were injured in an automobile accident on the Newburyport turnpike near Newburyport on Sunday. A tire on the car operated by Mrs. Boyajian burst and as the car zig-zagged it was struck from the rear by a car driven by Isaac Ashkizian of South Boston. Both cars capsized and the Boyajian car burst into flames. Mr. and Mrs. Boyajian were slightly injured. Two other occupants of the cars received serious injuries.

DOGS BITE TWO PERSONS

A complaint was made to the Newton police on Saturday that Anna Paul of Sylvan road, Wellesley, had been bitten by a dog owned by Mrs. John Herrick of 1997 Beacon street, Waban.

Last Friday night Mary Sauro of 37 Cook street, Nonantum, complained that she had been bitten by a dog owned by Albert Shordoni of 15 Cook street. Dr. Boutelle was notified to examine both dogs.

ue, Newtonville, was fined \$10 in the Newton court on Monday for driving without a license in his possession. Frank Barbuto of Mount Auburn street, Watertown, was fined \$10 for failing to slow down at a street intersection.

ROTARY CLUB

Mr. Richard O. Walter was the speaker on Monday before the Rotary Club at the Woodland Golf Club. Mr. Walter described his impressions of England as he saw it two years ago when he was there for a lengthy stay after an absence of 25 years. The crowded condition of the tight little lane was made graphic by comparing it with New England which is as large after considerable of the north of Maine is cut off. Again England is about the size of New York state but has crowded within it not only much that we find in that state but a good part of the rest of the Middle Atlantic states added. London covers about the area of Metropolitan Boston though the population is four times greater. The speaker spoke of a week-end visit where the conversation was full of international problems due to the Englishman's interests in his far-flung empire. Mr. Walter made interesting comparisons between educational methods and institutions in England and the United States. The many varieties of schools makes the English system rather difficult for the American to understand. Due to shorter vacations it would appear that the English child at 14 is as advanced at school as the American at 16. The speaker spoke of the great importance of the so-called public schools like Eton to the nation in training men for public service.

A number of guests from other Rotary clubs and other visitors were welcomed. A considerable number of club members are absent on vacation. President Frank L. Richardson presided.

CHILDREN'S MUSEUM

A cool picture for a warm August day is "With Byrd to the South Pole" showing Commander Byrd superintending preparations for his long stay in the Antarctic and this will be the film of the week, beginning Monday, August 3, at the Children's Museum of Boston. Any groups desiring to see this film with the hero of the air in it may make appointments to be present at an hour suited to their own and the convenience of the Museum.

Sunday next there is a real treat in a motion picture of the prime favorite among fairy tales, "Aladdin's Lamp." With a gleam of that famous lamp the onlooker is off into realms of delight. This is scheduled for 3:30 and is open to the general public.

Gummy Gasolines do this to your valves

but **TYDOL Gasolines**
are **99.98% Gum-Free**

You cannot expect your motor to run properly if you insist on buying gummy gasolines.

For tarry, clinging gum chokes and strangles your motor. It sticks valves. Clogs feed lines. Binds carbon. Invites repair bills.

Yet gum is easy to avoid. For both **Hi-test TYDOL** and **TYDOL-ETHYL** are made 99.98% gum-free by new refining equipment costing millions.

All other gasolines are not necessarily gummy gasolines. But how can you tell? You know TYDOL Gasolines are gum-free . . . Plus anti-knock, high-test, and super-power . . . Why not play safe?

Change today. Sample the trouble-free smoothness and speed of TYDOL.

Tide Water Oil Sales Corporation, 60 Cambridge St., Allston, Mass. Tel. Stadium 2330.

Use **ANTI-CARBON VEEDOL** with Anti-Gum TYDOL

VEEDOL fights carbon like TYDOL fights gum.

VEEDOL is 99.1% carbon-free. New equipment costing \$2,000,000 cleans out the carbon.

A single carbon-removing job may cost you as much as your entire oil bill for a year. Use anti-carbon VEEDOL and save this money.

Drain and refill today. Anti-carbon VEEDOL plus anti-gum TYDOL will keep your motor clean as you drive your car.

CAUTION INDICATED

In a general way the report of Mr. Lewis E. Moore in regard to conditions in Nonantum square remind us of the story of the new curate who had just preached his first sermon. Seeking some sort of praise, he asked the aged rector what he thought about it and was greatly pleased when the old man said: "It was both new and good"; but he felt less pleased when the old man added: "But the things which are good are not new and that which is new is not good."

Mr. Moore has made a valuable report and some of his recommendations should be adopted with little delay. But the city government should take plenty of time for the most careful consideration of his more radical suggestions.

The prohibition law, the automobile regulations and the dog restraining order are making it quite a hardship for so-called "good" citizens to classify themselves. The principal objection to retaining the classification of "good" is the "better than thou" attitude of many reputable citizens. These people consider that all laws and regulations are enacted for the government of the rest of the community and not for them. Hence the bootlegger, the careless motorist and the dog owner. Some day, we trust every citizen will apply these restrictions to themselves and thereby bring good government to its actual realization.

While we do not think our city fathers are squandering the taxpayers' money in the sense that they are wasting it, we are of the opinion that the purchase of over four acres of land to add to the playground at the new John W. Weeks school is entirely unnecessary, to say the least.

The check-up on conditions in the Public Welfare Department should be most gratifying to our tax payers and are highly complimentary to Miss Fitzgerald, the head of that important department.

The rate at which the big water main is going under ground at Newtonville Square, the Metropolitan Water Commission will be relieving unemployment all winter on the mile stretch to Newton Corner.

WANTS WIFE FROM NEWTON

Last week the Boston papers contained a news item that there are 5000 more women than men in this city. As a result of reading this news, one man has offered to take care of 1 out of the 5000 surplus females. The other day John W. Murphy, chairman of the Newton Board of Assessors, received a letter from J. Edward Fenner of Rochdale, Mass., a Civil War veteran, offering to share his home and pension with "some nice lady in need of a home."

ALDERMEN MEET

(Continued from Page 1)

dissenting, recommended such a settlement. Monday night, the Board voted to accept the report of the committee. The only members voting in the negative were Aldermen Powers and Temperley.

Other petitions on which hearings were announced were those of John Samuda for a gasoline filling station at 1 Jackson street, Newton Centre, and the Colonial Oil Company for an additional tank of 2000 gallons capacity at its station, 770 Beacon St., Newton Centre. Samuda had been refused a permit for a station with a pump located outside the building, so he asked for a permit with the pump to be inside the building. Other petitions before the meeting were those for the grading and accepting of Hagen road, Newton Highlands; Phillip Finn for a drain in Winchester road, Newton; Silver Lake Cleaning Company for a drain and sewer in Hawthorn street, Nonantum; Arthur Crane and others for a drain and sewer in Cotton street, Sunset and Lancaster roads, Newton; Rose Donovan and others for improving and accepting Jackson terrace, Newton.

A petition was received from Louis Smith and others asking that a public hearing be held on the matter of stopping heavy trucking on Brookline street, Oak Hill.

On the recommendation of the Licenses Committee the Board voted to grant common-victualer licenses to Bartolomeo Gavini, 132 Adams street, Nonantum, and Fred Thompson, 1365 Washington street, West Newton, and a permit for a gasoline filling station to Alphonse Comeau at California St., near Bridge street, Nonantum.

Appropriations made by the Aldermen included \$21,972.40 to purchase additional land for school purposes from the Paul estate, \$2985 for a drain in Park street between Vernon and Church streets; \$3500 for a drain in Park street between Franklin and Sargent streets; \$477 for a sewer in Bridges avenue, Newtonville; \$850 for water mains in Fellsmere road and Parker avenue; \$22,734 for grading and improving under the Betterment Law Rogers street, Brackett road, Adams, Kewadin and Llewellyn roads. The reappointment of William J. Fogwill and John Janse as Fence Viewers, was confirmed. The Board voted to hold its next regular meeting on Monday, August 3.

At the meeting on Monday night Aldermen Powers stated that measures should be taken to have Newton residents employed on the work as much as possible.

MAYOR ORDERS TAXI STAND PERMIT REVOKED

The famous slogan, "Off Again, On Again, Finnegun," could be reversed as applied to the taxi stand permits granted Patrick Sweeney of the Newton Taxi Company by the city of Newton. The Newton Taxi Company has had a stand for cars on Centre street, Newton, near the railroad station. Some months ago, Attorney Dennis Cronin, representing Sweeney, obtained a 24 hour permit for his client in front of 251 Washington street, Newton, which location is where the Boston Elevated car stop in front of the Nonantum Building.

Washington street at this point is narrow and when taxis are parked there, automobile traffic is forced over towards the people boarding the Elevated cars and alighting from them. Taxis parked at this place also impede the heavy passage of traffic through Nonantum Square. For this reason the License Committee of the Aldermen has always refused to approve of any taxi stand at this location.

Several years ago, the Garden City Taxi Company obtained a permit with the understanding that its taxis were to be kept at the rear of the Nonantum Building, but its drivers could stand in front of 251 Washington St. and solicit. This agreement was not observed, and cabs of this company were parked in the location taboed by the License Committee. Sweeney, observing the business resulting from this stand sought, and obtained a permit for a stand there last year, as has been stated above. Dugan protested to some of the Aldermen and gave a verbal promise to one of them that if the permit given to Sweeney were revoked, the cabs of the Garden City would not be parked in front of 251 Washington street.

Accordingly, a few days after the permit had been granted, last year, Sweeney, Alderman Hawkins and Powers consulted with Street Commissioner Stuart and voiced their objections to any taxi permit being granted in front of the Nonantum Building, or in Nonantum Square. Street Commissioner at once ordered Sweeney's permit at this place revoked. The Garden City Taxi Company continued to park its taxis in the forbidden area, but the Aldermen insisted on their removal and eventually these taxis were granted a new location a short distance down Washington street, opposite the site of the old fire station.

Notwithstanding that Sweeney had been told by the Aldermen that they were opposed to any taxi stand in front of the Nonantum Building, early this week he again obtained another permit for a location at this place from Street Commissioner Stuart, who disregarded the views of the Aldermen on this matter. This morning Alderman Hawkins as Chairman of the Licenses Committee had a conference with Mayor Weeks and vigorously objected to the new permit which had been granted. The Mayor, who did not know the circumstances, when he approved of the permit a few days ago, told Street Commissioner Stuart to again revoke the permit. So, the red and yellow paint which was put on the sidewalk in front of 251 Washington street will be painted out and the locus will again be free from parked taxis.

MAKES ONE WEARY

With thousands of men looking for employment, the strike at the Boston Post Office makes one exceedingly weary.

Recent Deaths

EDWARD BERTRAM CHANDLER

Funeral services for Edward Bertram Chandler, eldest son of Mr. and Mrs. Daniel M. Chandler, 285 Webster street, Auburndale, died July 22nd in the Newton Hospital, were held Saturday, July 25th, in the Lincoln Park Baptist Church, West Newton. The pastor, Rev. John Shade Franklin, officiated assisted by the Rev. P. A. A. Killam, chaplain of Ebenezer Fuller Lodge, F. & A. M., and brethren of that lodge.

The services at the grave were in charge of the American Legion, Newton Post No. 48. A large company of friends and relatives were in attendance to honor the deceased veteran and popular citizen.

Mr. Chandler was born March 15, 1883, in West Newton. After his education in the public schools of this city he entered upon his father's trade and became a member of Local Union 708, United Brotherhood of Carpenters, at the age of 23.

During his early years he attended Sunday School at the Second Congregational Church and later divine worship at the Lincoln Park Baptist Church, both in West Newton. When his parents removed to Auburndale he was active in the Centenary Methodist Episcopal Church, often playing his violin there. Possessed of an excellent voice, he loved music. His favorite song was De Koven's "Oh Promise Me" and his favorite hymn, "In the Garden."

After eight years of service in Co. C, Fifth Infantry, Massachusetts National Guard, Edward Chandler enlisted at Wellesley Hills for service overseas on June 12, 1917. He maintained an exemplary record and was given an honorable discharge with the rank of First Class Sergeant some six months after the close of the war.

He has been an active member of Newton Post, No. 48, the American Legion, and had agreed to form a rifle team in the Post this fall. His fraternal relations included membership in the Ebenezer Fuller Lodge, F. & A. M. of Brighton.

Nov. 21, 1919 he married Miss Estelle P. Frederici of Reading, Penn. He leaves to mourn him his devoted wife and sorrowing parents, two brothers, William, of Nonantum, and Emerson, of Auburndale, and two sisters, Beulah, now Mrs. Sumner of Roxbury, and Lillian, now Mrs. James Blessington of Detroit, besides a host of other kindred and friends.

AUGUSTUS T. BEATEY

Augustus T. Beatey of 28 Hammond street, Chestnut Hill died on July 28. He was born in Hyde Park 54 years ago and was a lawyer by profession. He graduated from Cushing Academy and from Boston University Law School in 1902. He was a member of the Masons, University Club and Charles River Country Club. He organized the Barnstable County National Bank and was chairman of its board of directors. As a young man he has well known as a bass singer and had been a member of well known quartets. He is survived by his widow, Mrs. Anna G. Beatey, a daughter, Virginia Beatey, and two sisters, Miss Lillian Beatey and Miss Mabel Beatey of Winston-Salem, North Carolina.

His funeral service was held yesterday afternoon at the Eastman Chapel, Boston. Rev. Edward T. Sullivan of Newton Centre officiated. Burial was in Fairview Cemetery, Hyde Park.

JAMES F. SHATTUCK

James F. Shattuck of 151 Harvard street, Newtonville died on July 28. He was born in Grotton 57 years ago and had resided in this city for 9 years. For over 20 years he had been engaged in the real estate business. He was a member of Dalhousie Lodge of Masons and of the Central Congregational Church. His funeral service will be held tomorrow afternoon at 2 in Central Congregational Church. Rev. Arthur M. Ellis will officiate and burial will be at West Acton. He is survived by his widow, Mrs. Ida L. Littlefield; two sons, Roger P. of Watertown and Lawrence C. of Newtonville; a daughter Mrs. Gertrude M. Yarlott of Newtonville, and one grandchild.

MRS. ELLEN EUSTIS

Mrs. Ellen Eustis of 13 Lincoln road, Newton, widow of Patrick Eustis, died on July 30 in her 70th year. She had been a resident of this city for nearly 50 years. She is survived by two sons, William P. Eustis and Francis Eustis. Her funeral service will be held Saturday morning at the Church of Our Lady.

MRS. FLORINA F. TUTTLE

Mrs. Florina F. Tuttle died on Sunday, July 26, at the home of her daughter, Mrs. Henry A. Symonds, 75 Crofton road, Waban. She was born in Boston 85 years ago, the daughter of Jerome B. and Sabrina Knight Aldrich. She was the widow of William H. Tuttle, former wholesale shoe merchant of Boston. He died 30 years ago. Besides Mrs. Symonds, Mrs. Tuttle is survived by another daughter, Mrs. William S. Sanborn of South Yarmouth, and five grandchildren.

The funeral service was held Wednesday afternoon at 75 Crofton road, Waban. Rev. Mr. Upham of Waverley officiated. Burial was in Mount Auburn.

GRACE L. THOMPSON

Grace L. Thompson, age 14 years, daughter of John V. and Emma A. Thompson (nee Maher) of 1 Josselyn terrace, Newton Highlands, died Wednesday, July 22, at the Newton Hospital after an illness of two days. Funeral services were held from her parents' home on Saturday, July 25, at 8.15 a. m. followed by a solemn high mass of requiem at the Mary Immaculate of Lourdes Church, Upper Falls, at 9 a. m.

Rev. Daniel P. Dunn was the celebrant assisted by Rev. John D. Lyons, as deacon and Rev. Joseph Merideth of the Sacred Heart Church of Mt. Auburn as sub-deacon. Burial was in Dorchester.

MISS SARAH COSTEY

Funeral services were conducted Wednesday afternoon at the Lincoln Park Baptist Church in West Newton for Miss Sarah Costey who died Monday, July 27th, at the Newton Hospital.

Miss Costey was 87 years of age and had been taken to the hospital suffering from a fractured hip. Hypostatic pneumonia was the cause of death.

The Rev. John Shade Franklin was assisted in conducting the service by the Rev. Dr. Robert Watson, former pastor of the First Presbyterian Church, Boston, and now leader of the New England Lord's Day League. Interment was in the Newton Cemetery.

Miss Costey was born July 6, 1844, in Barney's River, Pictou Co., N. S. She came to Boston early in life and was for over fifty years a member of the First Presbyterian Church in that city. She was at the time of her death the oldest living member of the church.

Miss Costey never married, giving her young womanhood and early maturity to the loving care of her widowed father. Among her kindred here are two nieces Mrs. Sadie Clark Topsis and Sadie Alcorn, Palmer Memorial Hospital, Boston; two nephews, David and Daniel Miller of Quincy, and two grandnieces, Mrs. I. W. House, 6 Wiswall St., West Newton, and Mrs. Mark Noble, Jr., Newton Centre.

Other nephews and nieces include Herbert I. Miller, St. Louis, Mo.; Charles Miller, Boscawen, N. H.; Mrs. Adelia Muirhead, Nova Scotia; Mrs. Elizabeth Craigie, Meromish, Nova Scotia; Alex. Miller, Ferguson Miller of Barney's River, Zell Costey of Lochaber, Nova Scotia; Mrs. Jessie Patterson, Mahone Bay, N. S.; Edgar and Will Costey of Arizona, Frank Costey of California, Richard Morris, White Hill, N. S.; William Morris, Westville, N. S.; George Morris, St. John, N. B.; and George Costey of Sidney, N. S. Scores of grandnieces and nephews are included among the kindred.

For the past year Miss Costey has made her home at her grandniece's, Mrs. I. W. House, in West Newton. She has been a faithful attendant at the Lincoln Park Baptist Church.

RAYMOND O. LITTLEFIELD

Raymond O. Littlefield of Walnut street, Newtonville died on July 29th in his 58th year. He was born in West Acton and had resided in this city for 8 years. He was connected with the Boston Custom House and also engaged in the real estate business. He was a member of Dalhousie Lodge of Masons and of the Central Congregational Church. His funeral service will be held tomorrow afternoon at 2 in Central Congregational Church. Rev. Arthur M. Ellis will officiate and burial will be at West Acton. He is survived by his widow, Mrs. Ida L. Littlefield; two sons, Roger P. of Watertown and Lawrence C. of Newtonville; a daughter Mrs. Gertrude M. Yarlott of Newtonville, and one grandchild.

MARY MARCHANT

Mary Marchant of 260 California street, Nonantum, widow of Peter Marchant, died on July 30th in her 56th year. She was born in Nova Scotia and had lived in this city since a child. Her funeral service will be held tomorrow morning at St. Jean Evangeliste Church, Nonantum. She is survived by one sister, Mrs. Hattie Pitts of Capitol street, Newton, and five brothers, Miller Morrell with whom she made her home, Edward Morrell and Simon Morrell of Newton, Lewis Morrell of Watertown and Peter Morrell of Rumford, Maine.

GEORGE FRECHETTE

George Frechette of 380 Watertown street, Nonantum died on July 29 in his 45th year. He was born in Quebec but came to this city when a boy. He was a member of the Society of St. Jean Baptiste. His funeral service was held this morning at St. Jean Evangeliste Church, Nonantum. Burial was in Calvary Cemetery, Waltham. He is survived by his widow, Mrs. Elizabeth Frechette.

MRS. MARY E. FITZGERALD

Mrs. Mary E. Fitzgerald of 150 Cherry street, West Newton, died on July 30. She was born in Conception Bay, Newfoundland, and was the widow of William Fitzgerald. She had been a resident of this city for 36 years. She is survived by two sons, Daniel and Stanley Fitzgerald of West Newton, and two daughters, Miss Gertrude Fitzgerald of West Newton and Mrs. Anna Reynolds of West Roxbury. The funeral service will be held tomorrow morning at St. Bernard's Church. Burial will be in Calvary Cemetery, Waltham.

NEWTON SAVINGS BANK

"The Place for My Savings"

EDWARD L. LEMON

Edward L. Lemon, a former well known resident of Newton Corner, died on July 24 at his late home, 11 Joy street, Boston. He was born in New York City in 1861, the son of Henry Lemon who established the NEWTON TRANSCRIPT fifty years ago.

Edward Lemon attended the Bigelow School at Newton and later attended the private school of Seth Davis at Newton. He became associated with the Boston Herald in 1884 and joined the staff of the Boston Globe in 1908, continuing with that paper until illness forced him to relinquish his work about a month ago. Many years ago Mr. Lemon was a contributor to the GRAPHIC.

He was prominently identified with Masonry; he was a Past Master of Fourth Estate Lodge and Chaplain of Euclid Lodge. He was also a member of the Royal Arch Chapter, Knights Templar Mystic Shrine, Knights of Pythias, Boston Press Club and Veteran Journalists Association.

He was married in 1882 to Ada R. Bruce, who survives him. He is also survived by a daughter, Mrs. William J. Lawless of Lewiston, Maine, and a son, Edward P. Lemon of Waltham. His funeral services were held Sunday afternoon at Mount Auburn Cemetery Chapel and were attended by scores of prominent Masons.

MRS. MARY BRENNAN

Mrs. Mary Brennan of 21 Park place, Newtonville, widow of John Brennan, died on July 28. She was born in Wexley 69 years ago and had resided in this city for the past 10 years. She is survived by two brothers, Michael Kenney, superintendent of the Newtonville postoffice, and John Kenney. Her funeral service was held yesterday morning at the Church of our Lady, Newton, and burial was in Calvary Cemetery, Waltham.

KIWANIS CLUB

The regular meeting of the Newton Kiwanis Club was held on Tuesday, July 28, 1931, at the Old Venice Restaurant in Norumbega Park, President Paul presiding.

John James, Chairman of the Golf Committee, awarded the golf prizes for the Tournament held the previous week at Sandy Burr to the following members.

Austin Shea, first prize; Edward Hickey, second; Dr. Paul, 3rd.

Speaker of the day Senator Conde Brodine of Revere, Chairman of the Committee on Transportation and Chairman of the Revere Committee for the revision of the Co-operative Bank laws, spoke on the real problem existing in Massachusetts today and urged our members to create a public sentiment in favor of New England Railroads using the port of Boston to a greater extent. He also urged communication with our local congressman and Interstate Commerce Commission urging them to assist New England in this problem.

ABOUT TOWN

(Continued from Page 1)

water pipes along Washington street at West Newton an Newtonville. With the thermometer 97 in the shade, how would you like to be crouched inside a big iron pipe on which the terrific heat of the sun was pouring? And in such an oven you would have to endure still more heat from white-hot rivets. Not to mention the deafening din of the riveting tool as it hammers the rivets or caulk the pipe. Yes, gentle reader, there are lots of folks much worse off than you these very hot days.

Most of us have read Joyce Kilmer's beautiful poem about a tree. Newton's fame as an exceptional residential community in past years was largely because of the thousands of magnificent trees which adorned estates in this city and lined our streets. As the city has rapidly grown, the number of trees has lessened. Trees along our highways are having a hard struggle to survive. Modern street surfaces don't give trees sufficient opportunities for obtaining enough moisture. Other modern conditions also handicap street trees. It is sad, therefore, to witness the wanton destruction of attractive trees. Residents on Washington street and other streets in the Hunnewell Hill section are indignant over the spoliation and damage of many trees on that street which were the victims of a large power-shovel used by the contractors resurfacing Washington street. After the trees had been devastated by the big shovel, further ruin was averted by substituting a smaller shovel. But the damage had been done. It could easily have been avoided if proper measures had been taken by city officials.

Does it pay to hire outside contractors just because they are the lowest bidders? Such methods as were used on Washington street seem to cause one to answer "No."

Talking about trees reminds us that we have found George Rogers, head of the Forestry Division of this city, very courteous and anxious to cooperate whenever possible.

We have been asked to comment about those residents of this city who live in attractive sections but who do not assist in keeping up the appearance of their neighborhoods. Persons who put out their ash and rubbish barrels for collection on Tuesday and leave them out empty until the following Saturday or Sunday. Where such barrels are allowed to remain on sidewalks, their negligent owners can be compelled to remove them, as they constitute obstructions. Where they are left inside the property line they only advertise the laziness and lack of consideration of those who fail to replace them in cellars without undue delay.

Deaths

ALLEN; on July 24 at 23b Lincoln st., Newton Highlands, Mrs. Louise Allen, age 59 yrs.

TUTTLE; on July 26 at 75 Crofton rd., Waban, Mrs. Florina F. Tuttle, age 85 yrs.

COSTEY; on July 27 at 6 Wiswall st., West Newton, Sarah Costey, age 87 yrs.

—Mr. and Mrs. F. R. Williams and family of Beacon street leave Saturday for Camden, Me., where they will remain until September 10th.

—Mr. and Mrs. Harold W. Cheney, Barbara and Billie, leave tomorrow for Beachwood, Me., where they will spend the month of August.

—The Merrill Whites of Chestnut street are joining the Waban Colony at Beachwood, Me., tomorrow, where they will be until Labor Day.

—While enroute to Ogunquit, Me., Miss Grace Andrews of Amherst was an overnight guest this week of Mrs. Dana M. Dutch of Carleton road.

—Miss Helen Andrews of Amherst came down from Amherst today and is spending the night as the guest of Miss Elizabeth Parker at her Metacomet road home.

—Mrs. John S. Clapp and small son, John Jr., of Irvington street accompanied Miss Antoinette Clapp of Walsley Hills on a most delightful trip to Bar Harbor this week.

—Mr. and Mrs. Frank W. Swenson and daughter, Barbara, are leaving tomorrow for Beachwood, Me., where Mrs. Swenson and daughter will be registered at The Homestead for the month of August.

—Mr. and Mrs. Stanley Bloomfield of Metacomet road leave tomorrow for Boothbay Harbor, Me., where they will spend three weeks. En route they will visit their daughter Louise who is at Camp Aloha at Fairlee, Vt.

—Mr. and Mrs. Felix Burton of Waban, Mass., and their daughter, Miss Alice Burton, made a motor tour through the White Mountains last week, starting from Prospect, Maine. On Friday they visited Mt. Washington by the cog railway.

The printed list of citizens whose names will be on the drawing of jurors has been published. Copies were distributed to the Aldermen at the meeting last Monday night.

Humans have to die to get wings, and then they don't get them unless they have been real good. If the same rule applied to insects we would have been spared the annoyance caused by a swarm of winged ants which invaded the GRAPHIC office last night.

Newton Upper Falls

—Miss Edna Roberts has returned from her vacation which was spent visiting friends in Baltic, Conn., and a week-end trip to Harwichport, Mass.

—Messrs. Eugene, Henry and Frank Fanning of High street enjoyed a week-end trip to Norwich, Conn., visiting relatives and friends of their boyhood days.

New York Jewish Center

Almost 30 per cent of the population of the city of New York is composed of Jews.

AUGUST CLEARANCE SALE

Beginning Saturday, August 1st

Our Complete line of LAWN and PORCH FURNITURE, HOUSEHOLD SPECIALTIES, and UNPAINTED FURNITURE

GREATLY REDUCED

Buy now while prices are lowest!

WE believe we may safely say that this August sale opens the greatest value-charm pathway for the home that has been available in the history of our store. Prices we believe have reached rock bottom, they probably will never be lower, and if advancing prices in other commodities are indications of future trends, we cannot place too much emphasis on our slogan—

"Buy Direct from the maker at lower than Boston prices"

POLICE NEWS

Ethel Pickering, 29, of 282 Belmont street, Watertown, was arrested charged with driving while under the influence of liquor. Her arrest followed a collision between a car driven by her and a car operated by Patrolman Joseph Kelly of the Newton police. Kelly's car was about to turn from Commonwealth avenue onto Auburn street at Auburndale when the collision occurred. Motorcycle Officer Goodard saw the accident and arrested the Pickering woman. She was arraigned in the Newton court and her case was continued until August 3. With Kelly in his car at the time of the collision were his four children. According to the police report Kelly and all the children received injuries.

In the Newton court Winthrop Daggett of Brighton and Isaac Goldstein of Dorchester each was fined \$10 for speeding. Milton Washby of Cambridge was fined \$5 for not slowing down while driving by a street intersection. Bernard Schmitz of Allston was fined \$5 in the Newton court for not STOPPING before entering a through way.

William Tower of 64 Greylock road, Newton Centre returned to his home last week to find it looted. None of the Tower family had been in the house since July 17. Rita V. Neal of 14 Leonard avenue, Newtonville was fined \$50 by Judge Bacon in the Newton court on Wednesday for dangerous driving and \$5 for driving without her license in her possession. The car driven by the young woman was in collision on Washington street on the night of June 26 with a motorcycle operated by Officer Barr of the Newton police. Barr was slightly injured.

In the Newton court the same day Emory Tobin of 85 Pinehurst road, Waban was fined \$10 for speeding. Judge Bacon was lenient with two women charged with not STOPPING before entering a through way. He placed on file the cases of Lucy Bradshaw of 133 Park street, Newton and Natalie Gale, 775 Commonwealth avenue, Newton Centre.

Willard Peardon of Newton, 26, was one of three men arrested in Hartford on Wednesday morning charged with assaulting and robbing Philip Tobin, 69, of Chelsea while the four were riding in a Boston to New York bus going through Union, Connecticut. Tobin claimed he had \$15 taken from him.

Patrolman Joe Greeley of the Newton police who recently broke his arm and is relieved from street duty was being driven home about 1:45 Wednesday morning by Clyde D'Angelo when he noticed a man and woman arguing on Waltham street, West Newton. Greeley got out to investigate when the pair jumped into a car and sped away. D'Angelo pursued and the chase lead down California street to Watertown where the pursued stopped at the Watertown fire station. Greeley called Patrolman Murray of Watertown who arrested the pair. The man, Charles Sawyer of West Medford was arraigned in the Newton court on Wednesday charged with driving while under the influence of liquor. His case was continued until August 10. The woman, charged with drunkenness, had her case placed on file.

"Universal" Language

Esperanto is an international language invented by Doctor Zamenhof, an oculist of Warsaw, in 1887. It has no irregular inflections, and the most common stems or roots of the different languages are used as the basis.

TWO POLES FALL ON CHURCH STREET

As linesmen of the Edison Company were working on a pole on Church street, Newton, near the corner of Centre street, on Monday afternoon, the pole which supported two heavy transformers collapsed and fell to the street. Romeo Roy, 25, of 25 Capitol street, Newton, was thrown to the ground and severely injured. It was first thought he had received a fractured shoulder. He was taken to the Newton Hospital. The first pole to fall dragged down another pole which struck the top of an automobile owned by William H. Murray of 6 Audrey street, Quincy.

AUTOS CRASH AT WEST NEWTON

A serious automobile collision occurred last Friday morning on Watertown street, West Newton, opposite Eliot avenue. A car driven by Meyer Orbov of 241 Geneva avenue, Dorchester, emerging from Eliot avenue and a car driven along Watertown street by Max Srebnick of Worcester came together with a terrific crash. Both cars were overturned and badly damaged. Orbov received a fracture of the left arm and Harry Arthur of Hyde Park, who was riding with Srebnick, received injuries to his back. They were taken to the Newton Hospital in the police ambulance.
